## PROHIBITION LAW HYPOCRISY

U. S. District Attorney Gallagher Speaks Plainly to Newton Board of Trade

United States District Attorney Daniel J. Gallagher was the guest and speaker Tuesday night at the November dinner and meeting of the Newton Board of Trade, held at the Newton Club, Newtonville.

President Arthur W. Hollis was toastmaster and about 60 members were present.

Mr. Gallagher, who is a native of Newton and who lived here until a few years ago, spoke on the subject, "The results of Prohibition." He said it was premature at this time to speak of results of the Volstead law, which prohibited the possession, transportation or manufacture of production of intoxicating liquors. He called attention to the fact that we had prohibition against larceny, against murder, things which were inherently wrong, but prohibition against the use of liquor, he believed, was prohibition against something, which, in or by itself was not wrong, but was made wrong by law. Some of the immediate results of the Volstead law he said was the closing of the saloons and a large decrease in the inmates of criminal institutions. Prohibition was bound to be beneficial to the so-called "good fellow," who could not say "No," and he had also noticed that notwithstanding high prices, the people seemed to have plenty of money. He had also noted the disappearance of the "tramp," altho he thought that condition had taken place before

the Volstead act went into force. He did not believe the use of liquor was a moral question, generally speaking. Where the use of it led men to criminal acts, it might be a moral question, but for the average man it was a matter of expediency and was not a moral question at all.

The greatest difficulty in the situation was its evident hypocrisy. If we applied the acid test of "do the people really believe it," he did not believe the Volstead act would stand, and he queried whether or not such a law would bring good results. Possibly, the attitude of the people might change in time, but at present time, most of us would violate the law if we had the opportunity. This he believed was a most unwholesome condition and bound to cause trouble. Under it the rich man can have his liquor while the poor man goes without.

Mr. Gallagher regretted the fact that the United States courts had no probation system. He believed it better to help a man who was down to come up than to send him to jail. He told of some of his interesting experiences while assistant district attorney of Suffolk County which illustrated this point of view. He said that of 800 cases each month in Suffolk county, 80% of the culprits were under 35 years of age and 90% were under 30. He

## HELP NEWTON BABIES

Appeal for Purchase of Xmas Seals to Help Work Against Tuberculosis

Tuberculosis in Newton! Your money of last year is fighting it. The Christmas Seal Fund put milk in families, where it stalked, provided little luxuries for the sick man in the Italian family whose sole support was a young son and daughter, put a house-keeper where the mother, with five little children, is having severe hemorrhages. The baby was only five months' old. Previously the father had met every expense.

But—an ounce of prevention is worth a pound of cure. A carefully thought-out program established a Nourishment class, on July first, in connection with the Newton Public Summer School and a Well-baby Clinic. To this class came children from all over the Newtons.

Dr. George Bowers gave his services. The Seal Fund provided a trained nurse, a dietitian and follow-up workers. So great was the need that voluntary workers, too, joined the ranks.

From the Health teacher provided by the Seal Fund in the summer school, from our Seal Health Workers on the playgrounds this summer steamed the children: five pounds, ten pounds, fifteen pounds, yes twenty pounds underweight.

Do you know what it means for a little child to be that much underweight?

It means a chance for that germ. If your child were susceptible to the Great White Plague wouldn't you build him up?

## NEWTON LOSES

Football Team Leads at Haverhill until Last Four Minutes of Play

While the Newton High School football team was defeated last Saturday at Haverhill by the local high school team, by the score of 14 to 6, it was a game creditable alike to the losers as to the victors. The Globe's football expert characterized it as one of "the greatest school boy football games ever staged in the East," an opinion undoubtedly shared by the crowd of over 12,000 football fans who witnessed the game. Newton got a touchdown in the second period, but failed to kick a goal, and the score was 6 to 0 to within four minutes of the close of the fourth period. At this time a Newton man offside, penalized the team so that Haverhill had the ball on Newton's three yard line, and after four rushes carried the ball over for a touchdown and subsequent goal. This success gave Haverhill new life and it added another touchdown and goal before the end of the period and game.

The score is no indication of the relative ability of the teams or the strength of Newton High, because it played wonderful all-around football with the exception of the opening period when a fumble gave Haverhill High a chance to tally which it failed to make good. Then in the fourth period, with only four minutes to go, a short kick by Leonard, which went outside on his own 30-yard line, opened the way for Haverhill to start its march for its first touchdown.

About 1000 or 1200 Newton fans attended the game.

## NOMINATION PAPERES FILED

Only Two Contests at City Election. Alderman Forknall Will Retire

With the expiration of the time for filing nomination papers for the coming city election on Wednesday afternoon, it develops that Ward 4 will furnish the only contests for election to the board of aldermen. There is no election of Mayor this year, Mayor Childs holding over until next year, and the city election this year includes seven aldermen-at-large for two years, one alderman-at-large for one year, seven ward aldermen, and four members of the school committee, one from ward 1, one from ward 4 and one from ward 7 for three years, and one from ward 5 for an unexpired term of one year. In addition there are four questions on the ballot, one in regard to accepting the Sunday Sports act, one to accept the boxing commission act, one on the usual liquor question and one on the granting of licenses to sell non-intoxicating beverages, the last being required by the acceptance of the so-called 2.75 bill at the state election.

Ward 4 furnishes the only excitement, having a contest for alderman-at-large for 2 years, ex-alderman and Mr. Jesse W. Weinberg of Auburn and Mr. Jesse M. Weinberg of Auburn being the candidates, and with three candidates for ward aldermen, Messrs. Francis McGill, Herbert B. Morse and Harry B. Ross. Alderman Harold F. Young, who is a candidate for alderman-at-large for one year, in place of Alderman Hollis, is unopposed.

The full list of nominations follows:

Aldermen-at-large, two years  
Ward 1. William S. Ball  
Ward 2. Hubert L. Carter  
Ward 3. Stephen H. Whidden  
Ward 4. George M. Heathcote  
Jesse W. Weinberg  
Ward 5. Metcalf W. Melcher  
Ward 6. Leverett Saltonstall  
Ward 7. Philip Nichols

Alderman-at-large, one year

Ward 4. Harold F. Young

Aldermen by ward, one year

Ward 1. John C. Madden

Ward 2. C. Haviland Morse

Ward 3. Timothy C. Hickey

Ward 4. Francis McGill

Herbert B. Morse

Harry B. Ross

Ward 5. George V. Phipps

Ward 6. George W. Pratt

Ward 7. Henry D. Lloyd

School Committee, three years

Ward 1. Joseph N. Palmer

Ward 4. Maxwell C. Hutchins

Ward 7. Everett E. Kent

School Committee, one year

Ward 5. George M. Angier

As will be seen in another part of this paper, Alderman Reuben Forknall who had circulated nomination papers for re-election as alderman-at-large from ward 1, has concluded to retire from public life.

### A SUCCESSFUL CANVASS

Early in October a group of citizens from all parts of the city met at the Newton Association on the invitation of President C. D. Kepner to consider a forward step in the local work for the year 1921.

It was proposed to raise the money needed by the Newton Y. M. C. A. in a short canvass in which a large number of men would be invited to take part. An executive committee was formed, leaders were chosen, workers enlisted, and on October 18th the canvass began. Within ten days most of the money needed was subscribed, because 100 business and professional men were willing to give freely of their time in some cases at great personal sacrifice.

\$30,000 was the goal set. The fund now has passed \$25,000 and is being increased day by day. It is expected that the full amount will be subscribed during the year. This fund will provide for the current expenses of the Association up to November 1, 1921, allow extensive repairs on the building to be made, provide for much needed improvements at the Frank A. Day Camp, and make possible the employment of a full-time secretary to work on the south side of the City, and also for a secretary who would give some time to Americanization work and to the needs of the men in industry.

Leaders in this canvass were given military titles so that it would be perfectly proper to greet them in the future as Generals or Captains as the case may be. The General Chairman and inspiring leader of the canvass was Mr. Charles D. Kepner who had as his aide, H. W. Bascom, General Secretary. Mr. Benjamin S. Hinckley was general of Division A. His aide was S. A. Carling, Physical Director of the Association. The captains and workers in this division were: Team 1, Arthur W. Blakemore, captain; Arthur Kendrick, E. O. Childs, G. Fred Harwood, Team 2, Thomas D. Gotshall, Captain; G. Colburn, Newton S. Coan, Rev. Charles Brashares, Everett W. Crawford, C. H. Peterson, Frank B. Cummings, J. E. St. Coeur, P. J. Fawcett, Team 3, C. V. Moore, Captain; J. W. Blaisdell, F. L. Trowbridge, T. R. Lockwood, F. D. Fuller, W. R. Ferry, H. M. Sylvester, H. D. Lloyd, Team 4, A. D. Auryansen, Captain; Fred C. Alexander, G. W. Harris, R. W. Conant, E. C. Bassett, J. B. Robson, E. L. Tenney, W. H. Zoller, Team 5, Wm. H. Allen, Captain; A. M. Ziegler, B. R. Ziegler, Francis Flagg, Walter Kelley, W. B. Arnold, Leonard G. Roberts.

Mr. John N. Eaton was general of Division B. His aide was W. S. Bruton, Associate Secretary. Team 1—Captain, Edward W. Fride, Robert A. Whidden, Albert E. Mann, Thomas Gorman, Charles Edgarton, Clifford R. Eddy, G. E. Peters, Edwin R. Rogers, Team 2, Rev. Allan W. Cooke, Captain; Wm. B. Baker, Wm. E. Gill, Wm. T. Glidden, Jr., T. W. Travis, P. H. Wellman, Chas. E. Benson, Team 3, Q. W. Vales, Captain, Geo. F. Fuller, W. B. Phelps, Ernest S. Gile, Carl Stahleker, Chas. M. Smith, Arthur W. Davis, Chas. K. His aide was B. Floyd was captain of the Auburnville group, and Lawrence Allen was Captain of the Waban group.

Mr. Charles B. Wilbar was general of Division C. His aide was Anson T. Leary, Community Secretary. Team 1, John C. DeMile, Captain, H. E. Rowley, T. R. Rudd, Ward I. Cornell, B. R. Collins, Team 2, William M. Breed, Captain, James Dean, Arthur H. Dodd, Albert Evers, Stuart Caldwell, Sydney Mellesdy, Team 3, Louis Fitch, Captain, A. D. Dowd, Dr. J. W. Cook, Harry P. Bradford, Frederick M. Burditt, Team 4, Herbert Colby, Captain, Harry I. Cook, Geo. B. King, Harris P. Gray, Albert H. Mellen, Donald McKay, Harry Nelson, Harry R. Lamphere.

Mr. James A. Stafford was general of Division D. His aide was E. E. Doubleday, Boys' Secretary. Team 1, Samuel Thayer, Captain; Dr. Benj. Loring, Fred T. Thayer, Andrew Kasper, Ward Crawford, Chas. E. Barrows, Michael Cavanagh, Dr. J. N. Shirley, Dr. L. R. Daniels, Team 2, D. Webster Anders, Captain; Theo. Morton, Percy Eden, Wm. H. Cady, Team 3, H. C. Fraser, Captain; H. T. Dougherty, H. Vinilliam, Marshall Dolbier, F. H. Drisko, Team 4, W. H. Sears, Captain; Edgar Wilson, Elmer Pickner, Team 5, L. R. Bressler, Captain; H. C. Spencer, A. L. Shepard, Dan. Lampton. Division D. brought in nearly 100 new members.

W. E. Harding was Treasurer. C. F. Coykendall of New York was Director of the Canvass. Thanks are due to all who took part in this successful canvass and to those who responded so generously to this appeal.

### GAW-HOOLEY

On Thanksgiving Day Miss Mary Cecilia Hooley, daughter of Mr. and Mrs. William S. Hooley of Boylston street, Newton Centre, was married to Mr. Arthur Lawrence Gaw of Cherry street, West Newton. The ceremony took place at the Church of the Sacred Heart, and was performed by Rev. Father Curtin.

The bride wore white satin trimmed with lace, white satin slippers, and a veil caught with orange blossoms. She carried bridal roses and lilies-of-the-valley.

The maid of honor, Miss Gladys Hooley, sister of the bride, wore a gown of peach satin covered with bronze lace, bronze lace hat, and bronze slippers. She carried Opheila roses.

The best man was Mr. Frank Gaw, brother of the groom, and the ushers, were Mr. William M. Breen of Brighton, and Mr. Raymond Taffe of West Newton.

A dinner at the home of the bride for the immediate family followed the ceremony.

After a trip to the White Mountains, Mr. and Mrs. Gaw will be at home at Hunnewell avenue, Brighton.

## NEW POETRY

"Oh, happy wind, how sweet  
Thy life must be!  
The great, proud fields of gold  
Rift after thee?  
And here are flowers, with heads  
To nod and shake;  
And dreaming butterflies  
To tease and wake.  
Oh, happy wind, I say  
To be alive this day."

—William Henry Davies.

In these early years of the 20th century there has appeared a new form of literary expression. Certain new schools have arisen similar to those in music, sculpture and painting. The most noteworthy of these takes its name, Imagism, from a term brought from France. Professor William Lyon Phelps in his book "The advance of English poetry in the 20th century" (ZYP.P51) says that English poetry of the 20th century seems inferior to the poetry of the Victorian epoch, for he says that in England there is no one to equal Tennyson or Browning and in America no one to equal Poe, Emerson or Whitman. Yet he thinks that he can discern an advance in English poetry not wholly to be measured by the calendar or the clock.

Two of the New England poets whose recent works stand head and shoulders above the multitude are Edwin Arlington Robinson and Robert Frost. In order to secure knowledge of the style of Robinson one might read "Isaac and Archibald," in his "Captain Craig" (Y.P.156), or "Flamonde," "John Gorham," "Old King Cole," "Old trails," "Lisette and Eileen" and many others in his "The man against the sky" (Y.P.156M); or "Richard Cory" in his "Children of the night" (Y.P.156C). In order to secure some estimate of what writers think of Robinson's poems read Cook's "Our poets of today" (ZYP.C771); Lowell's "Tendencies in modern American poetry" (ZYP.159); Undermeyer's "New era in American poetry" (ZYP.U61).

In the above books listed will also be found an estimate of Robert Frost and many of the other poets listed below. Of Frost's poems read some of the following: "Storm fear," "To the thawing wind," "Rose pagnolas," "The tuft of flowers," "A boy's will" (Y.P.F929b); "The pasture," "Mending wall," "The death of the hired man," "Home burial," "After apple-picking," "North of Boston" (Y.P.F929a); "Christmas trees," "Birches," "House fear," in his "Mountain interval" (Y.P.F929M).

There are two Chicago poets Edgar Lee Masters, of whom Amy Lowell writes "People who have never cared for a poem before are enthusiastic over 'Spoon river,' and Carl Sandburg. In addition to the 'Spoon river' anthology" (Y.P.M398) one should read this "Great Valley" (Y.P.M398), his "Songs and satires" (Y.P.M398), and "Starved Rock" (Y.P.M398). Of Sandburg there are three volumes in the library: "Chicago" (Y.P.S21c), "Cornhuskers" (Y.P.S21c), "Smoke and steel" (Y.P.S21s).

The principal Imagist poet is Amy Lowell. Four of her books are well worth reading: "A dome of many colored glass" (Y.P.L952d), "Sword blades and poppy seed" (Y.P.L952s), "Men, women and ghosts" (Y.P.L952b), "Can Grande's castle" (Y.P.L952c). Other Imagist poets are: Mrs. Richard Aldington, "Sea Garden" (Y.P.A3591); Richard Aldington, "Images-old and new" (Y.P.A3592); John Gould Fletcher, "Irradiations, sand and spray" (Y.P.F631).

## NORTH GATE CLUB

Thanksgiving Eve marked another of those delightful dances for which the club is becoming noted.

As a Harvest Dance it afforded some fifty couples wide scope in a variety of rural costumes. Milkmaids predominated. Some were young and charming and others not so young, but still charming.

No whit less alluring were the bobbed-hair farmerettes.

Among the men were tramps, judges and country lawyers, school-boys with projecting wrists and ankles and patches.

A diversion was caused when the town sheriff discovered a tramp with a bottle on his hip. His prompt arrest and trial on the dance floor caused some side splitting laughter. Fred Yelland as the judge was incomparable.

Cider and doughnuts were enjoyed by all.

The club's annual turkey roll-off occurred on the 21st at the club alleys. Dwight L. Woodberry carried the bird home, but it was anybody's till the last ball had been rolled.

The club's next dance will be on New Year's Eve. It will be a strictly formal dance sprinkled with plenty of innovations. Watching the old year out and the new year in is going to prove a memorable occasion for the members and their friends who attend the dance.

## DEATH OF MRS. HORN BROOKE

Mrs. Orinda Althea Dudley Hornbrooke, widow of the late Rev. Francis B. Hornbrooke, a former pastor of Channing Church, died on Sunday at her residence at 460 Centre street, Newton.

Mrs. Hornbrooke, second daughter and fourth child of Harrison and Elizabeth (Prentiss) Dudley, was born in St. Albans, Maine, Nov. 8, 1846. In her early girlhood the family moved to New Bedford and in 1870 to Cambridge, Mass. There she met Francis Bickford Hornbrooke, then a student at Harvard Divinity School, and on the attainment of his first parish, the young couple were married in September, 1874, and settled in East Hampton, Conn.

From East Hampton they moved to Weston, Mass., remaining there until Dr. Hornbrooke's installation at the Channing Unitarian Church in 1879.

Here, during Dr. Hornbrooke's pastorate of over twenty years, Mrs. Hornbrooke was active in all forms of church and social work.

Dr. Hornbrooke's sudden death in 1903 was a great blow, but rallying, she interested herself in preparing and delivering a series of lectures on historical, literary and other subjects. She had a happy gift of expression and her papers before the Social Science Club of Newton and elsewhere are still remembered by all who heard them.

Perhaps her greatest interest was in the work of bird protection into which she plunged with all the ardor of a crusader. Extremely well versed in all information on the subject, her lectures were delivered widely throughout New England, while her correspondence with others interested extended over the whole country. Mrs. Hornbrooke's interest was that of the nature lover who tries to understand and interpret the wild life around us, not that of the so-called naturalists who collect, dissect and classify.

A direct descendant of Gov. Thomas Dudley, second colonial governor of Massachusetts, she was interested in all pertaining to the early life of the country, and one of her essays, "The Domestic Problems of our Foremothers," is a revelation of the hardships, trials and occupation of women in early colonial times.

She was one of the founders and an ex-president of the Social Science Club of Newton, member of the Audubon Society, the Sarah Hull Chapter of the Daughters of the Revolution, and the Dudley Family Association.

For the past few years though in gradually failing health she kept up her interest in all matters. The church seemed particularly dear to her and though unable in recent months to attend the entire service, she delighted in going for a few minutes towards the close of the ceremonies, met friends, and saw again the place for which she and her husband had spent so many years of happy, concerted work.

About six weeks ago, her illness took a sudden turn for the worse and after a brief rally her strength gradually failed and the end of an active, useful life was passed away in sleep. She leaves two sons, Mr. Dudley Hornbrooke, now resident of Boston, and Mr. F. Bickford Hornbrooke of Newton.

Funeral services were held Tuesday afternoon at Channing Church, Rev. Harry Lutz, pastor of the church, officiated and the Channing Quartet sang. Members of Sarah Hull Chapter, D. R. of the Newton Social Science Club and of the Audubon Society attended the services. Burial was in Cambridge Cemetery.

## DEATH OF MR. WEBBER

Mr. Walter Weld Webber, for many years prominent in the wholesale dry goods business of Boston, as a member of the firm of Bissett, Ordway & Webber, at 100 Kingston street, died Saturday at his home at 145 Langley road, Newton Centre.

Mr. Webber was born in Alfred, Me., in 1855, and was the son of Nathaniel Low and Maria (Herrick) Webber. The family moved to Vermont where he was still a boy, and he received his early education at Brandon Academy. In 1872 he came to Boston, and immediately entered the employ of the company in which he became a member of the firm about 1890. He retired from active business about two years ago.

He married Miss Jennie C. Houghton in 1886, and had made his home in Newton since that time. Mr. Webber was a member of the Boston Art Club for several years and was one of the leading members of the Unitarian Church at Newton Centre. Surviving him are his widow, a daughter, Mrs. Frederick G. White of Newton Centre, and three grandsons.

Funeral services were held at the home at 2 Tuesday afternoon, the Rev. Oscar B. Hawes, pastor of the First Unitarian Church, Newton Centre, officiated. Burial was in Mt. Auburn cemetery.

More than 50 members of the firm attended the services.

**PLYMOUTH THEATRE** — Beginning next Monday night at the Plymouth Oliver Morosco will present for the second week Maude Fulton in her new comedy drama, "The Humming Bird." Miss Fulton who will be remembered as a member of the famous team of Rock and Fulton was last seen in Boston as the star in her own play, "The Brat," in which she scored a conspicuous success and enjoyed a long run. In "The Humming Bird" she again occupies not only the position of star but of author as well and from all reports she has written an even better play than "The Brat" and provided herself with a role in which she has the finest opportunity for characterization that she has enjoyed during her long career on the stage. As ToINETTE, Miss Fulton has scored an even greater success than she achieved in her characterization of "The Brat" and while "The Humming Bird" is highly melodramatic in many of its moments, Miss Fulton has shown the good theatrical sense of providing the play with a wealth of comedy.

## ON THE HEIGHTS AT NORTHFIELD

The Woman's Association of Central Church, Newtonville, held its first open meeting Sunday evening, Nov. 21. Miss Abby Miller, president of the association, led the meeting.

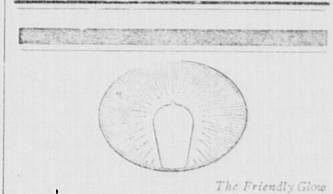

There were two songs, illustrated by stereopticon, and Miss Hale, former soprano of the church, beautifully rendered two solos. Mrs. W. O. Hunt read the scripture and Mrs. D. Brewer Eddy offered prayer.

Mrs. Wallace C. Boyden, who spent some time at Northfield last summer, gave such a charming account of her stay there, that she fairly transported her audience to "The Heights of Northfield." It is no small task to put a week filled with meetings, addressed by the most famous speakers in the religious world, into a forty-minute story, and Mrs. Boyden succeeded in doing this, in such a simple, dignified manner, that she made one feel that he had the heart of the entire week's message.

The Missionary Pageant, "The Dreamer," which followed the address, showed great care in preparation and conscientious cooperation by everyone who had a part in it.

Miss Phyllis Coombs took the title roll and other parts were ably aided by Mrs. E. E. Wakefield, Jr., Mrs. Crane, Mrs. Frail, Miss Speare, Mrs. Sholley, Miss Philippa Patey, Mrs. Jones, and Miss Mary Kimball. Miss Hale gave incidental music.

It was a pity that a stormy evening prevented the attendance of many who intended to be present.

### CIVIL WAR REMINISCENCES

During the Civil War, the writer was a soldier in the Ninth Army Corps under Gen. Burnside. One of the four divisions of this Corps was composed of colored men, former slaves who had run away from their masters. As a consequence it happened that our whole corps came to be known as "Burnside's niggers." This colored division was used in guarding supplies and supply trains of Gen. Grant's Army of the Potomac in 1864 and afterwards was in much of the fighting around Richmond and Petersburg and acquitted themselves like good soldiers. The Confederates were quite bitter towards this division and its white officers and the Ninth Corps as well. Our whole picket line was continually under fire while other corps did not suffer as much.

In consequence of this association I have kept in closer touch with and felt a keen interest in the progress and welfare of the colored race.

It may surprise many to learn that even today in remote and isolated parts of the South there are still colored men serving as slaves. Not long since, one man related at another town after walking nights and hiding in the woods days and was then informed that he was a free man and his own master.

There are several colored men, now living in Newton, who were born in slavery, and a short account of their days in slavery and life may be of interest.

Mr. Cole Williams was born at Port Royal, Va., on the plantation of Thos. Tatlett, who had about 40 slaves at that place and 60 slaves at another plantation. Williams, when about 12 years of age, ran away on the arrival of the first Yankee troops and became a servant of Col. Trimlett of Boston of the 39th Mass. (Colored) regiment. He kept the Colonel's uniform in order and held his horse. When President Lincoln called one day, Williams held the horses while Mr. Lincoln and Col. Trimlett talked together. When the president was about to leave he patted Williams on the head and called him a "jolly little fellow." Col. Trimlett later lost his leg in battle and went home to Boston leaving Williams in Washington to care for his horses, and later he brought them to Boston. He remained in the employ of the Trimlett family until he was 18 years old and later made his home in West Newton.

Mr. Charles Moore, took his surname from his master, Elliott Moore, who owned two plantations in Columbus, Ga., with some 300 slaves. Charles was born August 11, 1844, and learned his trade as a mason from his master, who was a builder in brick and stone. He died before the war, and his slaves were sold to pay his bills. Charles and his mother, brothers, and sisters were all sold to Aleck McDonald of Fayetteville, Tenn., where Charles remained until the sound of drums announced the approach of the Union troops. He joined them and was sent to Cincinnati, Ohio, where he enlisted and was sent to Readville, Mass., and the 55th Mass. Colored regiment, commanded by Col. Halliwell. Here Moore was drilled for two months and then went with the regiment to Newbern, N. C., Charleston, S. C., and Morris Island, where they dug trenches and built forts. Later they went to Jacksonville, Fla., where they served until the end of the war and were discharged from the service at Boston. Moore found work as a mason in Boston and later made his home in West Newton.

Mr. James L. Dunn was born in Newbern, N. C., in 1854 on the plantation of Marcus Washington Carmon, who had about 50 slaves. Dunn just remembers that his master, just before the battle of Newbern, took all his slaves a long distance back in the country so they could not join the Union troops.

Among the Union troops at the battle of Newbern were colored troops with new uniforms, and Dunn remembers when he returned to the plantation, hearing the Confederates singing:

"Oh, whose been here since I've been gone? D—d black niggers with uniforms on."

At the close of the war, Dunn came north and settled in Newton.

I hope before many years the 13th, 14th, and 15th amendments of the United States Constitution will be fully enforced and we may, in truth, be the land of the free. C. S. Ober.

### LINDERMAN-KENNY

Miss Helen Langmaid Kenny, daughter of Mrs. Charles Kenny of Brookline, was married Saturday afternoon in the Second Unitarian Church in Brookline, to Mr. Burton Linderman, a Boston business man residing in Newtonville.

Rev. Thomas Van Ness, minister of the church, performed the ceremony and Miss Kenny was given in marriage by one of her brothers, Mr. Norman Winthrop Kenny, Harvard, 1917.

Miss Kenny, who had no bridal attendants, wore a gown of white chiffon velvet, without train, and trimmed with rich lace. Her veil of tulle, which was fastened in place with orange blossoms, fell back from the head and shoulders in voluminous folds and to such length that it formed a full train, draping the gown. She carried a bridal bouquet of lilies of the valley and bride roses. The bridegroom was attended by Mr. William Stuart Young of Brookline, as best man.

After the service at the church, about three-score friends of the bridal couple, all selected from the younger set, were entertained at the home of the bride's mother in Brookline, where a buffet luncheon was served. Mr. and Mrs. Linderman have not yet determined their plans as to their future residence, and meanwhile they will enjoy a wedding journey.

### HIGGINS-JOYAL

Miss Melvin Catherine Joyal, daughter of Mr. and Mrs. Edmond Joyal of Westwood street, West Newton, was married last week Wednesday to Mr. John Stephens Higgins, of Wellesley, and secretary of the Newton Catholic Club. The ceremony was performed at St. Bernard's Rectory by the Rev. John Cunningham, of Billerica, a cousin of the groom. Music was furnished by Miss Martha Higgins, Miss Frances Welch of Newton Lower Falls, and Mrs. Madge Chosse of Stoneham.

The bride wore white georgette over satin, trimmed with beads, and carried a bouquet of white roses, while her veil was caught up with orange blossoms. The bridesmaid, Miss Zita Joyal, wore light blue satin trimmed with beads and a hat to match. She carried a bouquet of pink tea roses.

A reception at the home of the bride followed the ceremony. The house was beautifully decorated and there were many beautiful gifts.

After a wedding trip to Washington, Mr. and Mrs. Higgins will live at 121 Cornell street, Newton Lower Falls.

14 Taber Avenue, Providence, R. I.

## That Little Black Box in Your Home

Do you ever think of your gas meter as an open book in which your account with this company is kept? That is exactly what it is. It is placed in your home so that you may check the amount of your purchase of gas and keep track of any increase or decrease in the use of this household necessity.

Read your meter yourself and be convinced that you are getting what you pay for. It is easy to do if you follow these instructions:

Get from your last gas bill the date on which your meter was read the last time. On the same day of the current month, or the day the meter reader calls, look at your meter dials and do three things:

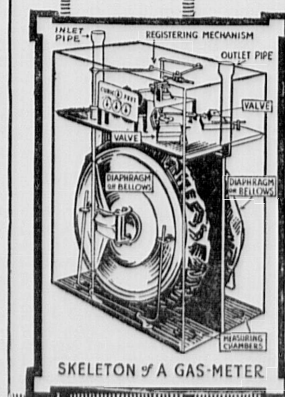

First—Ignore the small dial at the top. It is used only in tests.

Second—Reading from left to right, put down the smaller of the two figures next to the hand on each large dial. On the dials shown above these are 516.

Third—Add two ciphers to the figures taken from the dial (which makes in this case 51600) and from these figures subtract last month's meter reading as shown on your last gas bill. The result will be the cubic feet of gas used during the month.

**WHEELER-JEWETT**

Miss Marion Wold Jewett, daughter  
of Mr. and Mrs. George W. Jewett of  
Reading, was married Wednesday eve-  
ning at her parents' home to Mr. Roger  
Wheeler, of 289 Mill street, New-  
tonville, by Rev. Marion F. Ham, pas-  
tor of the Unitarian Church, Reading.  
Miss Elizabeth A. Talbot of West Som-  
erville was maid of honor. Mr. Clif-  
ford Belcher of Newtonville was best  
man. Celia Kinsley was flower girl  
and Lawrence Kinsley was ring  
bearer.

The bride is a Simmons College  
girl and was prominent in Red Cross  
activities during the war. Mr. Wheel-  
er is a Columbia man and a veteran  
of the world war. He went to France  
in the spring of 1917, with a Columbia  
unit, being attached to the S. S. U. C.  
No. 4. He received the croix de  
guerre for his work during the Somme  
drive.

After their wedding trip, Mr. and  
Mrs. Wheeler will make their home  
at 289 Mill street, Newtonville.

**ALLEN-WALLON**

The wedding of Mr. Elbert Grover  
Allen of Beacon street, Waban, and  
Miss Louise Wallon, the daughter of  
Mr. and Mrs. Lewis A. Wallon, took  
place on Tuesday evening at the home  
of the bride, 15 Park Vale avenue,  
Allston, the ceremony being perform-  
ed by Rev. Charles H. Cutler, pastor  
of the Union Church, at Waban. The  
bride and groom were attended only  
by a flower girl, Miss Sylvia Allen  
and a ring bearer, Master Kent Allen.  
It was a home-family wedding, at-  
tended only by the immediate fami-  
lies of the bride and groom and a  
few close friends. Music was fur-  
nished by a string quartet.

After a wedding trip of several  
weeks in Florida, Mr. and Mrs. Allen  
will be at home at 1615 Beacon street,  
Waban, after February 1st, 1921.

at this meeting and a round table  
discussion of new ventures was car-  
ried on.

The Newton Mothers' Club will hold  
a Christmas bazaar on Monday eve-  
ning, December sixth, at Stearns  
School Centre. Domestic articles,  
aprons, and fancy goods will be for  
sale.

**Burr School**

The cooking headquarters of the  
Burr School have been transferred to  
the Pierce School, West Newton.  
Transportation is provided for the  
girls.

The class pins of Grade 8 have  
arrived and are being worn and en-  
joyed by the members of the class.

The second publication of the Burr  
School paper will be on sale next  
week. This is a Christmas number,  
and will be of special interest.

**Cladlin School**

Grade III had a very pleasant na-  
ture walk on Monday afternoon.

Miss Tucker of Grade V has been  
detained at her home for the week  
because of the illness of her mother.

Crimson and gold have been decided  
upon for the school colors.

An "Honor Roll" is to be placed in  
the corridor containing the names of  
all pupils who receive a mark of "S"  
in the four basal studies—arithmetic,  
English, geography, and history.  
Those who receive "S" in one or more  
of these studies, but not in all four,  
are to be put on the "Honorable Men-  
tion List."

**Lasell**

A very delightful vacation was en-  
joyed by the girls, who remained at  
the school during the Thanksgiving  
recess. On Thanksgiving day the  
Woodland Park School, the junior de-  
partment joined with Lasell for the  
dinner and the girls had a number of  
guests, which added to the occasion.  
The dining room was artistically de-  
corated and a delicious dinner served.  
Following a custom of years the lat-  
ter part of the afternoon was spent in  
the gymnasium where games were  
played and an impromptu entertain-  
ment took place. Gwendolin McDon-  
ald rendered a piano solo, Louise  
Muller, Esther Curtis, Evilda Cheng  
and Bettina Hubbard gave an inter-  
pretative song. Miss Potter and Dr.  
Winslow, a vocal duet. The Lasell  
"Kitchen Band" was another feature  
of the entertainment. School reopened  
on Monday afternoon.

Next Sunday morning a party will  
attend services at the Congregational  
Church, Cambridge, to hear Dr. Cal-  
kins.

The girls are enjoying very greatly  
the sight seeing trips, which are of-  
fered for Monday mornings. Next  
week the places to be visited will in-  
clude the Old State House, Faneuil  
Hall, the Custom House and the Stock  
Exchange.

**Classical High School**

At the recent meeting of the ath-  
letic committee, 23 members of the  
football squad were awarded letters  
and sweaters. This is the largest  
award in recent years and thus speaks  
well of both the team and Mr. Dick-  
inson. (A good article concerning  
"Coach" was published in last week's  
issue of the "Graphic" on page 11.)  
The football picture will be taken next  
Saturday at the Travis Studio in  
Newton. At the same time the team  
will elect the captain for next year.  
Mr. George Macomber, father of "Ju-  
nie" Macomber, has invited the team  
to an entertainment and luncheon to  
be held in his home next Tuesday  
evening. Several of the Harvard foot-  
ball men will also be present. Those  
receiving letters and sweaters are as  
follows: Capt. "Bob" Garrity, E.  
Jenkins, Osborne, Gullian, Coady, E.  
Bowen, Leahy, Smith, H. Garrity,  
Leonard, Estey, Stafford, Macomber,  
Boyce, Benston, Stevenson, Fred, Mc-  
Kay, T. Bowen, Blodgett, Stimets, Ew-  
ing, and manager Tilton. Doane Ar-  
nold was elected manager for next  
year.

On Wednesday morning Mr. Adams  
spoke to the seniors in the assembly  
hall about college preparations. He  
also read a letter from the Newton  
Hospital concerning the establish-  
ment of a course in home nursing for  
the girl pupils of the school. As to  
the question of shortening the session,  
Mr. Adams said that the matter has  
been laid before the school commit-  
tee and is being duly considered. The  
senior class will hold its monthly  
meeting on Friday during the lunch  
A period.

The members of the student coun-  
cil are as follows: Seniors, girls; H.  
Crampton, J. Eaton, C. Parker, M.  
Carter, F. Owen\*, H. Booth\*, H.  
Crary\*, C. Jones\*, Boys; Hodder,  
Coady, Osborne, A. Smith, Cummings\*,  
Sheldon\*, Gullian\*, Leonard\*.

Sub-seniors, girls; Hatch, Tucker,  
Brook\*, White\*, Boys; Jenkins, Schip-  
per, McDavitt\*, Taylor\*.

Junior class, girls; E. Frost, E.  
Young\*, E. Jack\*, B. Zeigler\*, Boys;  
L. Bova, R. Salinger, Oliver Loring,  
L. Rich\*.

Sophomore class, Girls; H. Clark,  
M. Williams, M. Lichter\*, Boys;  
Philip Sullivan, P. Hoyt\*. Those  
starred were appointed by Mr. Ad-  
ams; the others were elected by each  
individual class.

Dr. Martin has issued a call for  
candidates for the hockey team. Prac-  
tise is to begin next week. Clark Hod-  
der is captain of the team and Leon-  
ard Lawrence is manager.

The junior prom is to be held in  
the school gymnasium on Friday. This  
dance has always been one of the  
best during the school year, and  
promises to retain its standard this  
year. Miss Barbara Cooke is in  
charge of the affair.

The cost of the "Review" is so high  
that if the pupils desire that the page  
of cartoons be included in every is-

**PRATT-SHURT**

The wedding of Mr. A. Stuart Pratt,  
Jr., of Highland street, West Newton,  
and Miss Katharine Barrett Stuart,  
the daughter of Mr. and Mrs. William  
H. Stuart of Springfield, Mass., took  
place on Wednesday afternoon at  
Christ Church in that city, the cere-  
mony being performed at four o'clock  
by Rev. John Moore McGann. The  
music was furnished by the organ  
and a full boy choir.

The bride was gowned in ivory sat-  
in, Duchess and point lace, and Court  
train. Her veil of tulle was hung  
from a coronet of point lace and or-  
ange blossoms, and she carried a  
shower bouquet of swansonia, bride's  
roses and white orchids.

Her sister, Mrs. Karl Hammond of  
Springfield, was the first matron of  
honor and was in orchid satin, draped  
with tulle, with orchid satin hat  
draped with lace of same shade and  
silver slippers. Her second matron  
of honor, Mrs. John Denton Stuart  
of Springfield, wore blue satin draped  
with blue tulle, with hat draped with  
blue lace, and a silver girdle and  
silver slippers. Both matrons car-  
ried orchid chrysanthemums tied with  
silver streamers.

There were six bridesmaids gowned  
alike in blue chiffon draped with sil-  
ver girdles, orchid tulle bows, orchid  
satin hats, draped with orchid lace,  
silver slippers, and carried orchid  
chrysanthemums tied with silver.  
They were the Misses Priscilla Alden,  
Katharine Cowles, Edith Hawkins of  
Springfield, Mary Phillips of Philadel-  
phia, Charlotte Skinner of Burnham,  
Penn., and Frances Rudy of Paris,  
Ill.

Mr. Lucius Gale Pratt of Winches-  
ter, brother of the groom, was the  
best man, and the guests were seated  
by these ushers, Messrs. John Den-  
ton Stuart of Springfield, S. R. Shep-  
herd of New York, H. B. Emerson of  
Newton, Robert W. Dana of Dover,  
Mass., C. F. A. Brewer of Middle-  
town, Conn., and Charles A. Wilbur  
of Brookline, all college friends of  
the groom.

A reception followed at the home of  
the bride on Maple street, Springfield.  
Mr. and Mrs. Pratt being assisted in  
receiving their friends by Mr. and  
Mrs. William H. Stuart and Mr. and

Mrs. A. Stuart Pratt. The house was  
beautifully decorated with palms, or-  
chid chrysanthemums, yellow chrys-  
anthemums, pink roses and southern  
smilax.

The bride is a graduate of Baldwin  
School and Bryn Mawr College and  
the groom is a graduate of Williams.  
Mr. and Mrs. Pratt will make their  
home in West Medfield, Mass.

# You Can Afford A Gainaday

Don't say "I can't afford a Gainaday." Get  
the facts.

The cost of electric current and the soap,  
starch and blueing amounts to only a few cents  
a week. Compare this with what the laundry  
charges to do your work—or what you pay a  
laundress if you are fortunate enough to get one.

Figure the saving. You'll find that a Gainaday  
pays for itself in a year. It really doesn't cost  
you a penny!

## EDITORIAL

The movement to take for city purposes, the land bounded by Commonwealth avenue, Homer and Walnut streets, already given the name of "Commonwealth Park," received considerable impetus from the character and high standing of the gentlemen who spoke in favor at the recent public hearing. There is no question as to the desirability of preventing a detrimental development of this centrally located tract of land, although we do not like to see the city assume any additional financial obligations at the present time.

The proposed survey of the Newton schools is intended, it is said, to obtain the necessary information so as to determine whether it is advisable to establish a Junior High School plan or to embark on a building program of additional grade schools. The need of school accommodations is obvious, when it is known that there has been an utter lack of new school buildings during the past ten years, while there has been a steady increase in the number of pupils.

## D. R.

The Sarah Hull Chapter of the Daughters of the Revolution met on Thursday at the home of Mrs. Oliver M. Fisher on Franklin Street. Rev. H. Grant Person was the speaker of the afternoon, and his topic was "A Dream—Why the Pilgrims." Mr. Person explained that he had recently had a dream in which he was called upon to explain why the Pilgrims had come to America. Upon awakening, he made note of the thoughts which had come to him in this way. In a few well-chosen words, he then went on to trace four different streams of influence which resulted in the coming of the Pilgrims to America.

A social hour with refreshments followed the address. As this was the birthday meeting of the society, the officers of the society were the

## STEALS TROLLEY-CAR

A movie picture stunt in real life took place early Monday morning when a man, later identified as Charles A. Crowe of Somerville, ran away with a trolley car which had been left standing in Nonantum square. This car, the first out of Newton for Waltham, was standing in the square just before six o'clock. The conductor had just gone to a nearby lunch counter for some breakfast and the motor-man, having left his controller lying on the controller box had stepped to the telephone in front of Hudson's drug store. As he did so he noticed a man getting onto the car but paid no attention to him, assuming him to be a passenger. The first thing he knew was the starting of the car at high speed out of the square. Too late to get aboard or to pull off the trolley, he immediately telephoned police headquarters at West Newton and as that message was being received, the car was noticed passing the station, still at a high rate of speed. The police patrol was ordered out at once. In the meantime, the trolley came off at the West Newton post office and while Crowe was fixing it, a passenger stepped aboard. Crowe immediately started the car again at top speed and the passenger, who first noticed something was wrong as the car went over the railroad bridge at West Newton, was afraid to jump off. The trolley came off again when the car was about opposite St. Bernard's church and when the passenger started to speak, Crowe ran away. The car was later recovered by the street railway men.

Later the same day, Crowe secured a valuable car from the garage of Charles W. Dean of Weston, was arrested by the Waltham police and nearly broke out of the Waltham jail a few hours later. He was then taken to Waltham where he made two attempts to break jail and was subsequently watched at night. In the Waltham police court Tuesday, he was sent to the Psychopathic Hospital for observation as to his sanity.

## SCHOOL NOTES

### Bigelow School

Wednesday, Nov. 24, in the School Hall, Miss Nixon's Class gave to an appreciative audience, several scenes from Myles Standish. William Daly took the part of Myles Standish, Florence Leonard of Priscilla, George Dunham of John Alden, and Harold Wise of Elder Brewster.

Miss Thomas, Director of Vocational Guidance, visited some of the grades, Wednesday morning, and heard Vocational recitations.

### Ralph Waldo Emerson School

Antonio Valente has been awarded first prize for the best home garden in Newton Upper Falls. The prize is a bird book.

Leo Bracelan, Vera Andrews, James Boston, Melvin Chambers, Valverdin Anzevino, Elizabeth Bingel, and Newton Hanscom are to be awarded buttons and given membership in the Audubon Society for efficient work in the school garden during last summer.

Miss Katharine C. Sullivan and Miss Marie C. Kelly are out of school on account of illness. Mrs. Jenkins and Mrs. Joseph N. Palmer are assisting in their places.

Buttons for membership in the Junior Red Cross were given to all the pupils on Wednesday. The different classes contributed various sums of money, and the entire school stands at 100 per cent in response.

### Pierce School

Two clubs have recently been formed in the Pierce School under the leadership of Miss Helen Seavey, the Domestic Science Teacher. These clubs are under the Middlesex County Bureau of Agriculture and are in bread making and earment making.

Classes in Home Hygiene and the Care of the Sick are being introduced into the schools. These are open to girls of the 7th and 8th grades, and are to be taught in groups of from 12 to 15 students. The instruction will be given by someone from the Red Cross, and there will be tests and certificates covering the work done.

## Waban

—Mrs. Harry L. Tilton of Beacon street entertained her bridge club at luncheon on Wednesday.

—Why go to Boston for your Victor records? We have them all on hand for you. Newton Music Store, Newton Corner.

## WOMEN'S CLUBS

GRACE M. BURT, Editor.

To the now familiar slogan, "Shop Early," has been added the timely message of "Conservative Christmas Buying." Thus is Mrs. Samuel Lumpkin, national director of Thrift for the General Federation, promoting the thrift work among the women's clubs. She further urges that, in place of money gifts, war savings stamps be substituted as an incentive to further saving on the part of the recipients. The New England tendency of thrift has probably made work in this section of the country easier than in some other parts of the country, but however that may be, Mrs. Lumpkin is particularly gratified at the work being done by Massachusetts club women and has been loud in her praises of it in her communications with the State chairman, Mrs. Irving O. Palmer, our own townswoman.

A chance remark overheard on the trolley a few mornings ago bears out that people are more considerate in their Christmas buying than formerly and that possibly the thrift movement is beginning to be felt. One merchant was inquiring of another as to the Christmas trade and the reply was that people are buying the useful things and that in fact the stores are showing nothing else. What a blessing to be rid of the "stuff" with which the stores were filled in the past!

### Local Announcements

Mrs. Stratton is hostess for the meeting of the Newton Highlands Shakespeare Club tomorrow afternoon. Mrs. William E. Moore is in charge of the quiz.

Monday afternoon, Mrs. F. H. Greene, of Marshall street, Newton Centre, entertains the Newton Mothers' Club. Prof. John P. Marshall will give a recital. Members may invite guests.

The Christian Era Study Club meets at the home of Mrs. N. G. Grant on Melrose street, Auburndale, Monday, December 6, when "Hamlet" will be presented.

December 6th will be Children's Night for the Woman's Club of Newton Upper Falls. Mr. John F. O'Connell will give an illustrated lecture on "The History of a Shoe" in the Auditorium, to which the teachers and pupils of the Emerson school from the 4th to the 8th grades have been invited. On Wednesday evening the Tufts College Glee Club gives a concert in Emerson school hall. The club will be assisted by a dramatic reader. This will be the Presidents' Night of the Club. Miss Gertrude Osborne is in charge of the tickets.

Dr. George H. Blakeslee, of Clark University, will address the Newtonville Woman's Club Tuesday afternoon on "South America and its Importance to the United States." This is Dr. Blakeslee's first appearance before the club and those members who have never heard him will find a rare treat awaiting them, for Dr. Blakeslee speaks from first-hand knowledge of his subject and therefore with authority. There will be the annual exhibition of the Needlework Guild and tea served by the Charitable committee, Mrs. J. A. Stafford, Chairman. Christmas Carol singing will begin at 2:30 P. M.

Members are reminded that this meeting will be the last opportunity to secure their personal tickets for the play on December 21st. After this date tickets will be offered to the public. As the play is in the nature of a Tercentenary Celebration, the subject is of community interest and will please children as well as adults. Everything possible is being done to make it an artistic production and to meet the approbation of the most fastidious critic.

"Songs of Old France" from the 12th century to the time of Marie Antoinette, make up Bessie Talbot Salmon's program at the next meeting of the Auburndale Woman's Club. Miss Salmon has given much serious first-hand study to the music of old France and renders the songs with rare sympathy and understanding. She will be accompanied by J. Augustus Winter at the piano. The dramatic appeal will be heightened by Miss Salmon's period costumes, which she has designed from old paintings and stained glass. It has been found necessary to postpone the reception to visiting Club presidents which was scheduled for this date, but tea will be served to members and their guests. This meeting will be held on December 7th, in the Methodist Parish House.

The Woman's Club of Newton Highlands will hold its next meeting on Tuesday afternoon, Dec. 7, in Lincoln Hall. The entertainment will consist of two plays, "The Twig of Thorn" and "Fourteen" given by club members. In "The Twig of Thorn," Mrs. William Bedford takes the part of "Oonah" and Mrs. Frederick Fairchild has the part of "Aeneas." In "Fourteen" the character of Mrs. Pringle, a society matron, is taken by Mrs. Albert H. Norton.

On the following evening, Wednesday, Dec. 8, both plays will be repeated in Lincoln Hall and all are urged to attend. Tickets may be obtained from the members of the Dramatic and Hospitality Committees.

At the meeting of the Social Science Club on Wednesday morning, Mrs. Henry I. Harriman will present a paper on "Modern Prose." Booth Tarkington and Edith Wharton, being the special writers considered.

Thursday morning, December 9, Mrs. Grace M. Poole gives the monthly talk upon Current Events before the Newton Centre Woman's Club.

S. K. Ratcliffe of England will address the Newton Community Club at its meeting on Thursday afternoon, December 9. His subject is: "What is happening in Thought—dominant influences of the day; tendencies during and since the war; the mind of England and America." Mr. Ratcliffe is one of the leading forum orators of

the present day and as this is the first time he has spoken in Newton, he will doubtless be greeted by a large and enthusiastic audience.

The next regular meeting of the West Newton Women's Educational Club, Friday, December 10, is to be "An Afternoon with Chopin," arranged and given by Mrs. Emma F. Snell, of Somerville, a former member.

The Civics Committee of the Auburndale Woman's Club has arranged for a public meeting in the Burr school hall on Wednesday evening at 7:50 to be addressed by Representative Brimblecom, who will explain the preferential method of voting which will be in effect at the coming election of ward alderman in ward 4. There will also be community singing.

### Local Happenings

The Thanksgiving Party of the West Newton Women's Educational Club took the form of a "Dutch Whist," which proved to be full of fun for all. The prizes, baskets of various shapes and sizes but all useful, were won by Mrs. Farnham, Mrs. Glen Smith, Mrs. Homberg, Mrs. Haug, Mrs. Bacon and Mrs. Cunningham. A pleasant hour in the tea room followed where frappe was served by Mrs. Anderson and Mrs. Early and coffee by Mrs. McLean and Mrs. O'Neill. All agreed that Mrs. H. S. Wells and her committee has again given the members a most successful and enjoyable afternoon.

The Travel class is working on a new line this season and incidentally the members are gaining a fund of information about the city in which they live. Mr. Olin Dickerman's paper on "School-houses and Playgrounds of Newton" was full of information and the story of how the various school buildings received their names brought out many vital facts in Newton's history. Mrs. L. A. Bacon's paper on "Greenland" was also interesting. The time was all too short for all the good things provided by the hostesses, Mrs. S. L. Eaton and Mrs. C. E. Quinn. All were pleased that Mrs. George G. Phipps won the prize for the largest number of correct answers to what proved to be a regular college test. To add to the interest of the occasion, a real traveler who has been all over the world, a sister of Mrs. Eaton's, showed a genuine Mandarin coat which she had brought from China, an exquisitely embroidered affair, and also long strings of beads from the Hawaiian Islands made from seeds or seed-pods having the appearance of being hand carved and polished.

The Home Economics class held its first luncheon at the home of Mrs. John B. Shaw, when the problem of serving an attractive luncheon to 30 people without exceeding the allowance of \$8.00 was satisfactorily solved by the committee in charge. An itemized account of the expense with recipes for each member was a valuable contribution to the work of the class. A demonstration and talk on menus for club luncheons followed.

Mrs. George M. Angier made an urgent appeal for helpers on the Red Cross Sewing at the meeting of the Waban Woman's Club on Monday afternoon and was met by enthusiastic volunteers.

The pupils of the West Newton Music School gave a very creditable performance for the musical part of the program. Mrs. O. D. Evans spoke on "Utilizing a Waste Product," appealing to the mothers to share the burdens of the household with their children, not only to relieve themselves, but for the best and proper development of the children. Miss Harriet A. Smith related some of her experiences in the Near East. The hostesses for the tea were Mrs. O. R. Rice, Mrs. S. H. Wiley and Mrs. H. W. Annable.

Under the topic, "The Selection of Clothing," Miss Ada Blanchard spoke to an interested group of members and friends of the Auburndale Review Club at the Missionary Home on Tuesday morning, telling her audience of the work of the Bureau of Standardization and what is being done to standardize materials, the sizes of ready-made garments and of other articles in the interest of women, that they may get their money's worth.

On Wednesday morning the Social Science Club held its regular monthly business meeting with the usual reports. A committee was appointed to be ready to act on the conservative measures relative to the infringement of National Parks, when the proper time comes. Mrs. John M. Woodbridge contributed information relative to the Yellowstone Park. A beautiful tribute to memory of Mrs. Francis B. Hornbrooke and an appreciation of her work for the club was given by Mrs. Wolcott Calkins.

## THE ARCHWAY BOOKSTORE

The Archway Bookstore was estab-

lished in 1856 and has ever since that

time been one of the notable land-

marks of Boston. It was first located

on Washington street, under the old

Marlborough hotel and was entered

through an open alleyway, without

doors, where was displayed a rich

store of books old and new.

A unique feature in advertising in

the early days was a prize package

given to every book purchaser. In

1878 the present owners, DeWolfe &

Fiske Company took possession of the

business at 361-365 Washington street

where the Archway feature was re-

tained and to the business was added

an extensive publishing and jobbing

trade.

The requirements of modern retail

business for lighter and more com-

modious sales rooms and the growing

business led to another remove in 1907

to numbers 14-20 Franklin street just

off Washington street in the heart of

the retail shopping district, where

they occupy an entire four story build-

ing.

In addition to the old and rare book

department this enterprising firm

carry the largest assortment of new

and standard books to be found in New

England.

## LEARN TO RIDE A HORSE

The outside of a horse is a rare health tonic within easy reach; it takes you into the fresh air and sunshine, tones up your entire system and adds years to your life. It builds up the anemic and reduces the fleshy. Horseback riding is a fine accomplishment and greatest of outdoor sports. For the beginner—man, woman or child, we have every modern facility for teaching riding—safe, clever saddle horses, skilled men and lady instructors and splendid riding ring. Your lessons include delightful rides through bridle paths, parks and woods. Horses and equipment to rent for riding or driving to experienced, responsible persons. Horses boarded, cared for and exercised.

Y. M. C. A.

On Saturday, November 29th, at the "Y" Building on Church street, there was held a "Treasure Hunt," for the younger boys. For the benefit of you older people, who don't know what a real modern "Treasure Hunt" is, we'll explain.

The first requisite is a live bunch of boys of all ages from ten to fifteen, which same we had no trouble at all in getting. Secondly, is needed a little ingenuity in placing the various directions for getting to the treasure. That we also got.

To start, the boys were told that the first direction was some where in the "Boys' Room" in the building. That took some few minutes of very careful looking. It was tucked away in behind a window seat, but not hidden so that it was impossible to read. At last one fellow spotted it and read the directions on it, which simply said—"Cornstalk in garden." That meant that on one of the many cornstalks in our garden would be found more directions. Now instead of raising the alarm and shouting, "Here it is," he very quietly put it back and tried to make his getaway unnoticed. But unfortunately for him, some other lad saw him leaving, and rushed over to where the note was hidden and also read the directions, so he went out. Now with that wide awake bunch of thirty-seven youngsters that were all looking desperately for something worthwhile, the exit of two of the hunters wasn't going to be overlooked, and it wasn't very long before the whole pack was underway for the cornstalks.

After that, followed directions reading "On a pine tree"—"Along the fence," "On the baseball diamond," and a dozen others, so that it took a mighty bright and alert young lad to find the final treasure. When the last direction was found, the first one to find it took it to Mr. Bascom, our General Secretary, and received the Treasure, which was a brand new up-to-date Boy Scout knife. The lucky youngster was thirteen-year-old Warren Achorn.

As a sort of consolation for the boys who had done all that work—(for you'll agree that it was work after all) and reached the end only to find that some one had been there before him, all hands were turned loose in the swimming tank for a short swim.

## WHAT THE LEGION IS DOING

An incident has just come to light to illustrate that many former service men even now, despite the publicity given to the matter, are unaware of the powerful assistance that may be given to them by the American Legion, when they are in real need of assistance.

A man in a certain section of Newton, who was a veteran of the 2nd Division, and who saw service on every front in the War with that organization with the exception of the periods spent in hospitals in France, found himself seriously ill with an incurable disease, with his rent overdue, and his family in straightened circumstances. Not knowing which way to turn, the man was fast losing his grip, and the climax was reached when his landlord informed him that he must either pay his rent to date or vacate.

At this juncture, the matter reached the ears of Rehabilitation Officer Heywood S. French, of Newton Post of the Legion, who made an immediate investigation, and in an interview with the landlord succeeded in securing a respite for the veteran. Mr. French then had the man admitted to the Parker Hill Hospital, where he is now drawing about \$125 a month in compensation, and the family is being kept from want.

The soldier informed Mr. French that, although he knew of the existence of the Legion, he had no idea it did work of this kind, and was therefore backward about allowing his case to reach its notice.

According to Mr. French this is but one of several similar cases that have come to his attention since he assumed office, and he is very anxious to have all service men or women in the city regardless of whether or not they are members of the Legion, to bring their troubles to him, or to William Noone, recently appointed Rehabilitation Officer of the Newton Chapter of the Red Cross, who can be reached at the Red Cross headquarters any Tuesday, Thursday or Friday night or Saturday afternoon.

There is not a possible case regarding allotments, insurance, compensation or relief that cannot be handled effectively by either of these two men and both are most willing to be of assistance to any who require their services.

BOSTON OPERA HOUSE—Boston is extraordinarily favored just now in the matter of musical entertainment, and thereby all New England is affected, for lovers of light opera are de-laring that it has been some time since the Gilbert and Sullivan and other light operas have been so delightfully presented as by the Royal English Opera Company which is playing a brief season at the Boston Opera House. For the coming week two of Gilbert and Sullivan's operas will be produced by this same company, "Gondoliers," Monday, Tuesday and Wednesday evenings and Wednesday afternoon; "The Pirates of Penzance," Thursday, Friday and Saturday evenings, and Saturday afternoon. In the leading roles of these operas will be heard those singers who have met with such great favor in the operas already presented: Edith Benning, Detmar Popkin, Sam Burton, Mildred Rogers, Charlotte Elliott, Ralph Brainard, Edward Quinn and last but not least that inimitable comic opera comedian, Jefferson De Angelis.

## FALL RALLY

The Fall Rally of the Norumbega C. E. Union was held at the Immanuel Baptist Church last Tuesday evening. The praise service was conducted by Dr. McCluskey of Worcester, Ex-President of the Mass. C. E. Union. Mr. E. P. Gates, the General Secretary of the United Society of Christian Endeavor, was the speaker. Special music was furnished by the Immanuel Orchestra.

## HOOD'S GRADE "A" MILK

Is Guaranteed

The Day of the Week

The day of the week is stamped on every bottle of Hood's Grade "A" Milk. This is done so that you will be assured of fresh milk.

Does your milkman stamp the day of the week his milk is bottled on the jar you receive? Why not?

Hood's Grade "A" Milk is guaranteed to be true to label and far better than the law requires. "Sterling" on silver—"14 K" on gold—mean something—it is the guarantee behind the product. "Grade A" on a bottle of Hood's Milk is the guarantee of an established firm that the milk in that bottle is the cleanest, purest, safest milk possible to use in your home.

### WOMEN'S CLUBS

(Continued from Page 8)

Mrs. Henry I. Harriman opened her beautiful home the same afternoon for the annual reception of the club, when the members had an opportunity to greet one another in a more friendly and informal way than at any other time during the year. The committee in charge thoughtfully arranged that all attending should be conveyed by motor which proved most helpful considering the stormy afternoon. But the storm without was soon forgotten in the warmth and cordiality within and the afternoon was altogether delightful. The following members acted as ushers, Miss Ellen Merrill, Mrs. George Lincoln Parker, Miss Georgia H. Emery, Mrs. Alfred H. Fuller, Mrs. George Angier, Miss Miriam Drury, Mrs. John T. Alden. Those who served in the dining room were: Mrs. W. H. Mitchell, Mrs. Sterling Elliott, Mrs. W. H. Capen, Mrs. W. L. Lowell, Mrs. W. R. Dewey, Mrs. F. A. Day, Mrs. C. H. Patton and Mrs. P. N. Kenway, assisted by Mrs. Warren Lewis, Mrs. Grosvenor Calkins, Mrs. William Green, Mrs. E. M. Hallett, Mrs. W. F. Garcelon, Mrs. Carlo Montanari, Mrs. E. E. Kent, Mrs. W. P. Hollings, and Mrs. S. B. Brennan. Mrs. H. O. Marcy, Jr., Miss Helen M. Cobb, Mrs. A. R. Weed, and Mrs. J. A. Tucker served ice cream.

Mr. C. F. Towne, associate principal of Lasell Seminary, and formerly State Director of Americanization, addressed the Auburndale Woman's Club at its last meeting. Mr. Towne described the changes in the concept of the term Americanization. Our first notion of it, so far as the State was concerned, was simply the teaching of English to foreigners in evening schools. These lessons coming at the end of hard working days, the inadequate school equipment and the crowded classes did not greatly inspire the foreigner; he became discouraged, soon left the class and never learned to speak English. Then the war came, teaching us that success comes only through co-operation, regardless of race or creed, and Americanization took on a broader meaning. With the teaching of English there must be a feeling of good fellowship and an interest in the foreigner himself as a human being. Mr. Towne deplored the tendency in some industrial centres to revert, since the Armistice, to our prewar attitude of contempt for the immigrant. "The best kind of Americanization is the kind that goes on every day. It must come from a genuine feeling of friendship, and a sincere desire to help the foreigner."

### Another Fortieth Birthday

The C. L. S. C. of Newton Highlands enjoyed a very happy birthday party on Monday, November 29th, the occasion being the fortieth anniversary of the club's organization. At a very dainty and elaborate luncheon served at 1 o'clock at the home of Mrs. C. Peter Clark of Pleasant street, Newton Centre, an attractive birthday cake with forty lighted candles was brought to the table. Thirty-six ladies, including past and present members, enjoyed the luncheon after which the president, Mrs. S. B. Whittemore, gave appropriate words of welcome, and expressed appreciation of what the C. L. S. C. has meant to her during the years of her membership. This was followed by a resume of the club's work covering in a general way the forty years, but more especially that of the last ten years, given by Miss Mary E. Hyde, Mrs. Elliot J. Hyde, a charter member and president, the first ten years, very fittingly responded to the toast, "Our Club and its Motto, 'Press forward; he conquers who will.'" The members then adjourned to the music room where all joined in singing a Chautauqua Hymn written by Rev. William Hall Williams, rector of St. Paul's, for the tenth anniversary celebration.

The afternoon's program consisted of the portrayal of "Pippa Passes" in tableaux, a moving picture in the life of David Copperfield and the presentation of several Shakespearean characters.

### PROHIBITION LAW HYPOCRISY

(Continued from Page 1)

told of the lack of care of the average parent over the boys and girls and called attention to the fact that conditions nowadays with moving pictures, featuring sex-sex-sex and books reeking with sex problems, called for a stricter watch over the young people than ever before. He believed the relaxation of paternal supervision to be largely responsible for the large numbers of young people who get into the criminal courts. Mr. Gallagher spoke in an easy, pleasing way, and his sincerity and frankness made a most favorable impression on his audience.

President Hollis asked for an expression of opinion on the daylight saving law, and a large proportion of the audience favored the present law, none advocated its amendment and only a few wanted its repeal.

A committee consisting of Roderick MacLean, John H. Murray, J. Cheever Carley, M. E. Beardsley, Wendell H. Brayton, Herbert S. Rogers and J. C. Brimblecom was appointed to nominate officers for the ensuing year.

### NEWTON LOSES

(Continued from Page 1)

The team were guests of the Agawam Club of Haverhill on their arrival in Haverhill and after the game, the two teams, their coaches, Mayor Croy of Haverhill and Mayor Childs of Newton, together with the high school officials of both cities, were guests of the club at dinner.

Newton closes the season, as champions of the Suburban League and with a record of 8 victories, 1 tie game and 1 defeat. It has scored 182 points to 39 for all its opponents, 5 teams failing to even score against them.

Mr. Ernest G. Hapgood of Newton Highlands, head master of the Girls' Latin School in Boston, was the referee.

### Y. M. C. A. CROSS COUNTRY RUN

The annual cross country run conducted by the Newton Y. M. C. A. Thanksgiving Day morning over a 3 1/2 mile course was won by Roger Lutz of Newton in 21 minutes 32 2-5 seconds. Colligan finished second in 21:42, Arthur S. Roberts third in 23:50, Olsen of Brighton fourth in 25:14 3-5, Hazen fifth in 25:26 2-5, Ray Van Buskirk sixth in 25:48, and Cunniff seventh in 26:5 2-5 seconds.

Lutz and Colligan ran practically shoulder to shoulder throughout the entire course. Colligan was leading by two strides as they ran through the gate onto the Y. M. C. A. track where they were to finish with two laps.

Both men seemed to be running in good form. Their positions remained unchanged until they hit the last half of the final lap when Lutz stepped up from behind with a burst of speed which carried him by Colligan, who was unable to respond, winning by 9 3-5 seconds.

Roberts soon came along for third place without any opposition, two minutes ahead of the next man. The next three men—Olsen, Hazen and Van Buskirk—entered the Y. M. C. A. field well grouped and finished in the above order with Cunniff, who was trailing these three, crowding Van Buskirk for the last prize, the latter forging ahead with a good sprint, and finishing strong.

All the runners finished in good condition and after a good shower and rub-down went home to do justice to a big dinner.

A senior basketball league of four teams has been formed and will play every Tuesday and Thursday nights. Judging from the first game which was played last Tuesday night there is going to be plenty of excitement in this league. Medals will be given the players of the winning team at the close of the schedule.

### SUCCESSFUL DRIVE

The committee in charge of the Red Cross Membership drive in this city report a total of 11,500 memberships in this city. A number which is considered remarkably high and shows what splendid work the local committees have done in this matter.

### DEATH OF MR. CROCKER

Mr. Carlton H. Crocker, a resident of Newton for about 40 years, died on Tuesday at his home on Newtonville avenue, Newton, after an illness of several months. Mr. Crocker was born in Barnstable in 1867, and received his education in its schools. As a very young man he entered the employ of Bliss, Pabian & Co. of Boston and his whole business life was passed in their service. Mr. Crocker married Miss Mabel Thayer of this city and is survived by her and one daughter, Miss Mildred Crocker now residing in Detroit, Mich. Mr. Crocker was a member of Mt. Ida Council, R. A. Funeral services are being held this afternoon at his late home, Rev. Frederick W. Perkins of the Universalist Church at Lynn, officiating. The body will be cremated at Mt. Auburn.

## DEATH OF MRS. ISBURGH

Mrs. Ida J. Isburgh, a resident of this city for the past five years, died on Tuesday morning, after a few weeks' illness, at the home of her daughter, Mrs. Walter B. Peabody, on Waban avenue, Waban. Mrs. Isburgh was the widow of the late Charles H. Isburgh, and is survived by one daughter, Mrs. Peabody, and two sons, Mr. Fred T. Isburgh of Boston, and Mr. Karl Isburgh of Amsterdam, N. Y.

Funeral services were held at the home of her daughter on Thursday afternoon, in charge of Rev. William R. Campbell of Roxbury, and Rev. Dr. Chas. H. Cutler of Waban and there was singing by Mr. Mathew Dickinson of Melrose. The pall bearers were Messrs. Fred J. Tuttle of Melrose, Frank G. Coburn of Brookline, William P. Nightingale of Arlington, Clarence D. Houston of Malden, George K. Morey of Melrose and G. Irving Crocker of Providence, R. I.

The interment, which was private, was at Woodlawn Cemetery.

## ALDERMAN FORKNALL TO RETIRE

To the Citizens of Newton:  
After serving in the Councils and Boards of Aldermen of my city for many years, and giving the best that is in me for the advancement of the city and the welfare of my fellow citizens, I am called to decide whether or not to stand for a further term of service. I have decided adversely, for the reason that many of my fellow citizens have, for the time being the impression that I was a party to the recent effort to besmirch the record of a rival candidate for the house of representatives. In withdrawing from the contest after my nomination (a sad mistake) and in now deciding not to be a candidate for re-election to the Board of Aldermen, I am leaving to the future that vindication by my fellow citizens which time and reflection will accord to me.  
REUBEN FORKNALL

## BETTER LIGHTING OF SCHOOLS

### Aldermen Urged to Take Action at Adams, Hyde, Williams and Claflin Schools

There was but little actual business at the meeting of the aldermen on Monday night but the inevitable recess for long committee meetings made adjournment quite late.

Vice-President Forkall presided in the absence of President Harriman and Aldermen Madden and McAnis.

Hearings were held on proposed Edison poles on Crafts street and on the proposed widening at Centre and Beacon streets and at Fuller and Chestnut streets, at which no one appeared.

Mr. Maloney appeared in favor of petition of Mrs. Mary A. Maloney for a private garage on Charlesbank road and it was subsequently granted.

Mayor Childs sent in the nomination of Charles Raymond Cabot to be a member of the Board of Appeals for three years, and recommended several additional appropriations including \$500 for lighting of the Adams school house.

The Dept. of Public Utilities gave notice of a hearing on proposed increase in fares on the B. & W. street railway and also gave its approval to the proposed relocation of street railway tracks in Walnut street, Newtonville.

The Street Commissioner reported the cost of resurfacing of Charlesbank road to be \$10,531.99.

The Newton Highlands Woman's Club asked for lighting in the Hyde school, and a long petition was filed

for lighting in the Adams school.

Frederick A. Lundberg was granted an auctioneer license, J. H. Woods, Dickerman road, Norman Marshall, Windermere road, and Nicholas Richardson, Prescott street, were granted permits for private garages.

E. A. Coppinger was granted an express license, highway assessments on Edison avenue were apportioned, and Edison poles granted on Crafts street.

Other petitions included one for sewer assessments on Dunstan street, Newton City Employees' Union for half holiday on Saturday throughout the year, and Louis J. Dejurio for Military Aid.

The City of Brockton asked for co-operation in favoring governmental control of coal thru the Interstate Commerce Commission.

Jeffrey D. LeBlanc was granted increase in Soldiers' Relief, betterment assessments were levied on Oak avenue, a sewer assessment levied in Dunstan street, and a hearing assigned on laying a sewer in Virginia road.

The recommendation of the Public Buildings Committee that \$2000 be appropriated for better lighting in the Williams, Claflin and Adams schools was referred to the Finance Committee. A resolution reported by the Buildings Committee asking the Mayor to submit a recommendation of cost of lighting dark corridors, toilet and dressing rooms in

## ELKS' MEMORIAL DAY

### Newton Lodge Hears Address By Judge M. J. Murray of Boston

The annual Memorial Day of the Order of Elks was observed last Sunday by Newton Lodge with impressive exercises at the Newton Opera House.

The members marched to the Opera House in a body from the lodge rooms in Elliot Block and took reserved seats at the front of the theatre. The stage was decorated with a large American flag and flowers.

The program included the usual ritual of the Order, in charge of Exalted Ruler Chas. S. Ensign, with the calling of the names of departed members by the secretary, and the placing of forget-me-nots, amaranth and ivy on the lodge altar.

The musical numbers were rendered by the Harvard Male Quartet and by King's Orchestra.

Judge M. J. Murray of the Boston Municipal Court was the orator of the day and gave an interesting and instructive address, on the subject of "Americanism." He paid a high tribute to Theodore Roosevelt as the best type of American manhood, and denounced hyphenated Americanism.

He said: "We have a right to expect that every man who comes across the water to make his home in the United States should, when he becomes a citizen of this country, forget the allegiance he once owed to another country and which he forswears when he comes to our shores. We have a right to expect that they leave their racial and religious prejudices behind them."

"I do not expect that a man, when he crosses the ocean, should forever forget his motherland. I would not

## INTERESTING MEETING

### Mrs. F. E. Stanley Hostess of Daughters of American Revolution

A meeting of unusual interest was held by the Daughters of the American Revolution on Wednesday at the home of Mrs. F. E. Stanley, Centre street, Newton.

After a few words of greeting from Mrs. Frederick Fessenden, Regent of the Society, relative to the aims and ideals of the Society, Mrs. George P. Bullard read a paper, formerly given before the Journey Club on "Symbolism in Personal Decoration."

Beginning with primitive man, Mrs. Bullard traced the forms of decoration used at different periods and in different lands, and showed their significance.

A very interesting early necklace was one of camel's teeth. The origin of the shepherd's plaid, so often attributed to Scotland, Mrs. Bullard explained as the plaid worn by the shepherds of Bible times, and showed Arab pins which were used to fasten these.

Another interesting talisman was the "Hand of Fatima," a Mohammedan symbol of great significance, sometimes found on temples and public buildings, and sometimes attached to chains, etc.

The significance of the Egyptian scarab, and the incantations connected with them, the meaning of a strange, disk-like ornament worn in the middle of the forehead by mothers of sons, the origin and significance of the buckle, and the golden collar of

## SUNDAY SPORTS

### Playground Commission Reports that 54,088 Persons used Playgrounds this Summer

The following extracts are from a report made by Mr. William C. Brewer, Chairman of the Playground Commission, to Mayor Childs:

In order to judge the value of Sunday Play, a few statistics of attendance and comparative cost for supervision, etc., may be of interest.

The law governing Sunday Sports requires that where playgrounds are placed under the exclusive charge and authority of specially designated officials, such officials shall be the licensing authority, and that they shall designate the playgrounds where Sunday Sports may be carried on.

In accordance with the foregoing, the Playground Commission voted to supervise on Sunday afternoons, the following playgrounds, Boyd, Burr, Stearns, Cabot, West Newton, Auburndale, Lower Falls, Upper Falls, Newton Highlands, Waban, and Newton Centre and to place a supervisor on these playgrounds during the hours from two to six.

The law requires special licenses or permits must be issued, for all sports which have the element of competition, by the authorities who have charge of the playgrounds.

Any individual or club or society or group of individuals wishing to use baseball or football fields or Tennis Courts were required to make application in writing and about 175 permits for games, principally baseball, were issued to special organizations, covering a period of 23 Sundays, and about 100 permits were issued for tennis during the same period.

In order that others not belonging to any organization might also engage in games, a special permit was issued every Sunday to every playground supervisor which enabled him, in many instances, to arrange games on the spot.

No other efforts were made by the Commission to stimulate other playground activities, but as it was, on some playgrounds the capacity for certain games was taxed to the limit.

## VOTERS OF WARD FOUR

We, the undersigned citizens of Ward Four, urge you to vote on Tuesday next, December 9th, for Alderman George M. Heathcote of Newton Lower Falls as Ward Alderman.

He has served one year at City Hall, and has fully measured up to the needs of the position.

He is a member of the Newton Constabulary that served in Boston this Fall.

He has been chairman at the Falls of nearly every Liberty Loan, Red Cross and Y. M. C. A. drive.

Auburndale now nominates two Aldermen-at-large who are sure of election.

The election of his opponent, would mean that Auburndale would have three Aldermen and Newton Lower Falls would have none.

To be represented at City Hall, Newton Lower Falls counts on the justice and fair play of the voters of Auburndale.

Be sure to vote on Tuesday for

### BOY SCOUTS ENTERTAINED

About fifty Scouts and their officers were entertained last Monday evening by the Norumbega Lodge of Free and Accepted Masons in the Masonic Temple, Newtonville. For a number of weeks the boys had been anticipating the pleasure of this invitation, and it is unnecessary to say that they were not disappointed.

By request of the Lodge the Boys gave a demonstration of their art. Troop 1, of Newtonville, made fire without matches and created much interest in the accomplishment. Troop

4, of Newton Highlands, put on an exhibit of "Overnight Camp." Troop 5, of Newton Centre, had on exhibition a wireless receiving station. Troop 7 used the signals, and demonstrated the uses of knot tying by making a miniature raft. Troop 11, used its knowledge of First Aid as its contribution to the evening's demonstration. Following the demonstration the Scouts were served with ice cream and cake which they ate to the delight of the Masons as only boys can eat, and the final hour was given to "Professor Magician," who delighted his audience with his skill with the wand.

The Scouts of Norumbega Council are working hard to gain higher rank in their local Troops. Several Candidates have become Tenderfoot Scouts, and thus become a part of the great National Organization of Boys which is sweeping the country with its appeal for Character and Citizenship.

Sometimes Good in Failure. Failure after long perseverance is much grander than never to have a striving good enough to be called a failure.—George Eliot.

### DAUGHTERS OF THE AMERICAN REVOLUTION

(Continued from Page 1)

Egypt were among the subjects touched upon.

Coming to China, the speaker showed a very interesting collection of Mandarin chains, and explained that they were always found with two ornaments on one side and one on the other, that they might not excite the envy of the gods by their perfection.

Rosaries and their significance formed another chapter of this interesting subject.

Mrs. Bullard concluded by showing how each country had an art of its own for which it was justly famous. During her talk, the chains, amulets, etc., which were used as illustrations, were displayed against a black velvet background which brought out their beauty.

At the conclusion of Mrs. Bullard's talk, two grandsons of Mrs. Stanley, Stanley and Merrihew Hallett, rendered selections on the violin and on the piano. The former played upon a violin which had been his grandfather's.

Following Mrs. Bullard, Mrs. Harry L. Ayer gave a most illuminating talk on "The Origin and Significance of Rings." After speaking of their origin and great antiquity, Mrs. Ayer went on to tell of the different purposes for which rings had been used during the different ages.

Among others, she mentioned rings which were used for superstitious reasons such as to avert disaster or cast spells, those denoting love, those which indicated power or office, like the rings used by the Roman senators, rings denoting religious beliefs, and poisonous rings. She also mentioned famous rings in history, such as the ring given by Queen Elizabeth to the Earl of Essex, and others.

At the conclusion of her paper, the rings attached to post-cards which explained their use, were passed around among the audience.

Both Mrs. Bullard and Mrs. Ayer were greeted by a large and very enthusiastic audience. Although some of the audience may have heard the papers before, their interest was in no way diminished by this fact.

—The "Twelve of the Book" were described by many, the origin of the various great Bible societies being described, strange adventures of colporteurs the world over in their business of selling "The Word," the Bible as the "Best Seller," and the bulwark it proved among millions of soldiers, being among the phases of the subject. Mrs. Crave sang the exquisite Christmas carol, "The Little Lord Jesus" and Mrs. Sly led in Christmas songs. Mr. Brewer Eddy, Associate Secretary of the American Board brought from their treasures a number of priceless first editions of translations of the Bible into the languages of Africa, India and the Islands of the Sea and gave an illuminating talk on their value and the heroic work of their missionary authors.

—Mrs. E. Strong gave a talk dressed as a woman of India, illustrating amusing mistakes made in foreign languages through imperfect knowledge of the difficult dialects. Tea closed a delightful and well-executed plan.

N. H. S.

Citizens here have taken the matter in hand of raising a fund to buy gold footballs for the members of the Newton High team, winner of the suburban championship, no money having been provided for the purpose by the Newton High A. A.

There is also a movement on foot at Newton to have the grandstand repaired. At the recent Newton-Waltham High game, Nov. 12, the Waltham High rooters were cautioned not to sway back and forth when singing because of the extra strain on the stand.

It is possible that another stand may be built on the opposite side of the playing field at Cliffin Field before a new season comes around.

It is understood that football yielded Newton High a profit of several thousand dollars this season.

### SUNDAY SPORTS

(Continued from Page 1)

The largest number of playgrounds supervised on any one Sunday was eleven. The following table will give some idea of the extent of their use and the interest manifested. The actual numbers on the playgrounds throughout the afternoon was more than the table shows, because some of the children came out and after the supervisor took the count.

Playground	Attendance	Number of Sundays	Average Attendance for Season, May 30 to Oct. 31, 1920
Burr Plgd.	4586	16	224.12
Boyd Plgd.	2006	8	250.75
Cabot Plgd.	2330	13	179.23
West Newton	19513	22	886.95
Auburndale	5009	23	217.78
Lower Falls	1645	16	102.81
Upper Falls	9050	20	452.50
Newton Highlands	2804	18	155.77
Newton Centre	4635	21	220.71
Stearns	2089	14	149.21
Horace Mann	421	4	105.25

Total Number 54088

Average Attendance per Sunday on 11 playgrounds, 2945.08.

Generally speaking the reports from the directors indicated that the department of those using the playgrounds had been reasonably good and mindful of the requirements of the Sunday Sport laws. There was one notable exception: during a football game the spectators crowded onto the field and interfered with the players. This brought on trouble which was stopped as soon as possible and did not recur.

There is no doubt in the mind of the Superintendent of Playgrounds that Sunday Play will assume considerable dimensions and that contests which may be staged by private organizations will frequently bring out many thousands of people on one Sunday afternoon to one playground, and when this occurs, the playground directors cannot alone cope with the situation. The Police Department will have to assist perhaps even more in the future than it has so readily done in the past. New problems specifically arising from the Superintendent of Playgrounds will have to be worked out. Players and spectators will demand more of the Playground Department.

Section 7 of the act defines "amateur" sport to be one in which the contestants do not receive and have not been promised any pecuniary reward, remuneration or consideration whatsoever, directly or indirectly in connection therewith.

In the opinion of the Superintendent of Playgrounds the games this season have been absolutely free from commercialism; he believes that they have been the means of a finer conception of amateur sports.

### BETTER LIGHTING FOR SCHOOLS

(Continued from Page 1)

school buildings was opposed by Alderman Allen, who wanted specific recommendations from the school committee before acting on appropriations, and the resolve was then tabled.

The Finance Committee reported inexpedient on the order for \$1125 for a skating shelter and benches at Crystal Lake, Alderman Allen saying that the Playground Commission wanted only first class facilities if placed at this spot, that the cost of maintenance would be fully as large as that now incurred at Bulloughs Pond, that the Commission would rather have more money at Bulloughs Pond than a new skating place, that there was danger on Crystal Lake on account of ice cutting. Mr. Allen also said that the Ice Company representative had called attention to the danger due to ice cutting and would not be responsible for accidents. The report was then accepted.

The board adjourned at 10.07.

### WOUNDED VETERANS

Mr. Heywood S. French, the rehabilitation officer of the Newton Post, A. L., will soon make a trip to Washington in the interests of the veterans of the post who are now receiving training and treatment from the Government for the illness and wounds they received in service. William

Noone, the recently appointed Red Cross officer, who is cooperating with Mr. French in the rehabilitation work, has learned through the men who are reporting to him at the Red Cross offices on Walnut street, that there are many veterans in the city who are under the impression that in order to be considered as applicants for treatment or remuneration they must be overseas veterans and must be also wounded in the service.

This wrong impression Mr. Noone wishes to correct. He wants every veteran, army, navy or Marine Corps, who, because of any kind of illness or wound suffered in the war or while in service, is now hindered in any degree from earning the living he earned before the war to come to the headquarters on Walnut street, Newtonville. When the men come to the headquarters the necessary papers are made out and witnessed in a few minutes and the Newton Chapter of the Red Cross does the rest.

LOGGES

This evening there will be a whist party and entertainment at the K. of C. Home, Newtonville. The committee in charge of the party has arranged an interesting program.

The program will be started by John Lane, a favorite comedian in Newton. Miss Julia Gonzales is to sing and Arthur Ericson is to give violin solos. Miss Bella Roberge, a to-dancer, is to appear, followed by Joseph Antonelli in songs. Edward King, one of the council's entertainers, is to sing, as will John Barwise, secretary of the council.

Whittinghill, and the officers are President, Miss Barbara Kendall, treasurer, Miss Francis Clark; secretary, Miss Ruth Millard; visitor, Miss Katherine Mcaskill; sergeant-at-arms, Miss Beatrice Plumer.

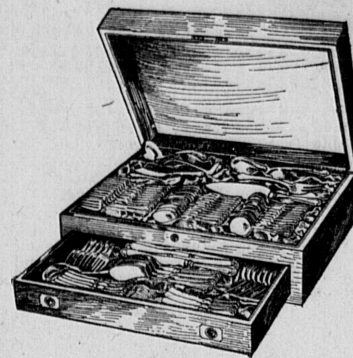

—The pop concert given at the First Church last Saturday night was very successful, about 175 being present. The room was decorated in red and green, and on each table were red begonias, while the waitresses wore white with red bows. Music was furnished by the church orchestra. Mrs. S. W. Wilder also sang several selections. The chairman of the committee

—The fourth in the series of Nature Study Classes offered by the Educational Committee of the Woman's Club was held Thursday, Dec. 2nd at 2 P. M. in the Mason School Hall. Prof. Geo. H. Barton—who, in the fall took the class on a walk to study the local geological formations—gave a most interesting and comprehensive talk on "The Origin of our Natural Scenery."

With the use of lantern slides both beautiful and instructive it was made clear how, by the action of ice, water, and erosion, the natural scenery of our country has slowly reached its present formation. The slides included views of the drumlins of Massachusetts—views in the Grand Canyon of Arizona—the Yellowstone, Canadian Rockies and Greenland. Through the courtesy of Prof. Barton a geological collection of some two hundred specimens, procured by Mr. Paul for the Mason School—has been catalogued and now is ready for use in school work. The next Nature Study Class will be held Jan. 20th at 2 P. M. at 47 Hancock street. Mr. George Winthrop Lee will give a talk on "Our Native Trees in Winter."

## STOWELL'S

SILVER FOR THE HOME

THE DINNER SERVICE

Those who know the pleasures and advantages of possessing good table appointments appreciate the value of silverware.

It gives an especial charm to the serving of a dinner or luncheon and has a substantial worth unequalled by other home furnishings. The STOWELL stock of silverware in its completeness is attractive to those who wish to acquire at once the entire Dinner Service or to those who wish to purchase from time to time some addition to the "Family Plate."

**SCHOOL NOTES**

Edited by Dorothy Drake

**Peirce School**

The following from "The Encore" show the Peirce School spirit:

"Keep clean and in good health  
Be kind and helpful to your neighbor  
Be courteous to all.  
Protect shrubs around the building  
Keep floors and grounds free from waste paper  
Attend school regularly  
Be on time  
Be happy and try to make others happy."

The schools of the Peirce district have purchased a Pathe Premier moving picture machine. The cost of the equipment was approximately \$250. In addition to the desire of the school to have money to give free moving pictures, money to purchase a talking machine to develop appreciation of music in general assembly periods and to use in music classes is greatly desired.

A pupils' council is to be organized in the seventh and eighth grades. It will consist of one pupil from each room elected by the popular vote of the class. These, with Mr. Scarborough and one teacher, will decide important questions for the good of the school.

The children of the Franklin School have been greatly enjoying the walks they have taken for geography and nature study this fall.

**Burr School**

Mr. Pearson from Tagore, India, is spending some time in observing the Newton Schools. On Wednesday he was the guest of the Burr School, where he gave an illustrated talk on life in India, and the work of the Tagore School. He expressed himself as being much pleased with the spirit of the Newton Schools.

Two teachers from Swampscott visited the Vocational classes at the Burr School on Wednesday.

Colonel Furlong, father of Roger Furlong, a pupil in the Burr School, gave an unusual talk on South America on Thursday before the pupils of the 5th, 6th, 7th and 8th grades. The Burr School appreciated the knowledge thus gained of our South American neighbors, and wishes that more of the parents of its pupils would visit the school.

Forty-one girls of grades 7 and 8 have decided to join the nursing course to be given at the Newton Hospital.

**Ralph Waldo Emerson School**

An illustrated lecture with lantern and moving picture slides was given by Mr. J. F. O'Connell to the pupils of grades four to eight in the Auditorium on Monday evening. The subject of the lecture was "The Shoe and Its History." The lecture was given under the auspices of the Newton Upper Falls Woman's Club.

Mrs. Willard A. Marcy, a former Emerson school teacher, is substituting in grade five for Miss Kelly this week.

Miss Marion Coleman, who was one of the corps in 1918-19, called on her former associate teachers here last week. She is now engaged in socialized medical work.

The "Red Star" classes in attendance last week were these: Primary—Miss Dill's; Grammar—Miss Sullivan's.

**Stearns School**

Word has been received from the agricultural department of the city that Burr Lincoln, a pupil in the sixth grade of the Stearns School, has been awarded first prize for the best home garden in Nonantum. The prize is a beautifully bound bird book.

The eighth grade class of Mr. Dacey had the highest percentage of attendance the past month, the remarkable per cent of 99.4 being attained. This is the highest in the memory of any of the teachers. A drive is on for perfect attendance this month.

The December business meeting of the Newton Girls' Club was held at Stearns School Center, Wednesday, Dec. 8th. The entertainment committee was authorized to make plans for the Christmas party to be held Tuesday, Dec. 21.

Miss Imogene Hogle, dramatic advisor of the Boston Social Union, addressed the club on the topic of "The Origin of Pantomime."

**Classical High School**

The Boys' Debating Club held its first debate in the lecture hall on Monday morning. The subject of the debate was: Resolved that the members of the football team should receive gold footballs in the form of watch charms. The speakers for the affirmative were Clarence McDavies and Edward Crane; for the negative, Taylor and Wyman. The judges, Christie and Simonds decided in favor of the affirmative side. The strong point set forth by the winners was that the football team this year has brought in a great deal more money for the school than any other team of the past.

Newton's share of the receipts for the Haverhill game alone were \$2,850. The negative side considered that the erection of a grandstand and the purchasing of lockers were far more important than the presentment of gold footballs to the 23 members of the team. At the close of the debate, Mr. Lane inquired as to how many of the members were going to try for the school debating team. Twenty-five of the students announced their intentions. This is an excellent showing, and from such a large number, ten good speakers will easily be found.

The entertainment and dance, under the auspices of the club, will be given on the 21st of January. The combined musical clubs of "Tech" will furnish the entertainment, and Frank Gages four-piece orchestra will supply the music for the dance. The party is to be held in the gym immediately after the entertainment in the assembly hall.

The Review staff presented motion pictures on Tuesday and Wednesday afternoons. The feature picture was Charles Chaplin in "The Champion." The large attendance is an indication that the pupils want the page of cartoons in every issue. Editor Capon

announces that the money received will supply this page for the next three issues. Two excellent posters announcing the "movies" and posted in the corridors were made by Madelon Bartlett and Frederick McGill.

The student council held its first meeting on Wednesday morning. The girl members elected the following officers: President, Martha Carter; Vice-President, Ann Bruner; Secretary, Katherine Bingham; and the boys the following: President, Clark Hodder; Vice-President, Shattuck Osborne and Secretary, Alfred Stafford. Mr. Adams then told them of the duties of the members of this council and of the necessity of setting a good example to the pupils of the school.

**Lasell**

The students had the pleasure of hearing Dr. Leon Vincent on Saturday morning. The subject of his lecture was Oliver Wendell Holmes, this being the second of a series he is delivering at Lasell on American Authors.

Under the direction of the music department a very fine musical was given by the Lasell students on Wednesday evening. Those who took part were Miss Marion Crawford, Miss Ruth Rawlings, Miss Moore, Miss Bodwell, Miss Seltzer, Miss Schweitzer, Miss Sellers, Miss Beede, Miss Ruth Smith, Miss Wagner, Miss Draper, Miss Pape, Miss Corey, Miss Shove and the Misses Beede, Porter, Graham and Johnson.

Carols by the Woodland Park Chorus opened the program of the recital held by the junior school last Friday evening which was enjoyed by a large and appreciative audience. There were also piano solos by Jean Sanger, Jane Brown, Ruth Bosworth, Catherine Browne, Charlotte Garner, Marjorie May, Elizabeth Borst, Marjorie Winslow, Gwendolyn McDonald, Katherine Braithwait, Esther Curtis, Louise Mueller gave a sketch of the life of Beethoven; Dorothy Messenger of the life of MacDowell and there was a folk dance by Christine Borst, Inez Cabrera, Christine Burton and Marjorie May.

Christmas vacation begins next Thursday and on Sunday the school will hold its Christmas vespers. Woodland Park in the afternoon at 4 o'clock when Dr. Butters will lead. Dr. J. Edgar Park of Newton is to be the speaker at the Lasell vespers which will be held at 6:15 and the Glee Club will sing Christmas Carols.

**HYDE SCHOOL**

For three months the children of Miss Greene's fourth grade kept their record free from tardy marks. The record was broken this week, and now a race is on again between the fourth and fifth grades.

The two eighth grades are preparing the annual Xmas entertainment. They will present eight scenes from Dickens' "Christmas Carol."

The children seem to have learned the value of Thrift. Every week our sales average in the vicinity of \$50. When Dr. Butters fourth grade children, Miss Greene's class, had two candy sales. With the money realized from the sale they were able to purchase two very beautiful pictures for their room. "The Return of the Mayflower," by Boughton, and "Shoelace of the Bay Mare," by Landseer were the subjects selected by the children.

**Chaffin School**

The seventh grade sewing class is busy with doll's outfits for some rag dolls to be used by the first grade children.

A home nursing class for girls over twelve years of age is to be formed after Christmas. The course is under the instruction of a graduate Red Cross nurse, and promises to be not only instructive, but practical. The fee for the course is fifty cents for the twelve lessons.

The November record of weights shows a marked gain in weight of many pupils in every grade.

The seventh grade have chosen two committees. A Reading Committee sees that the pupils have suitable articles to read, and are also ready to help the pupils in pronunciation, etc. A Penmanship Committee looks after the home work in Penmanship and tests the writing of the pupils for improvement.

All the grades are working on the Pilgrim Pageant which is to be given on Tuesday, Dec. 21, in the school hall.

**FOUND DEAD**

The bodies of Dominic Russo and Lorenzo Rizi were found last night in a room in the house at 12 Davis court, West Newton, by members of the Newton police, and Medical Examiner West, after viewing the bodies, announced that, in his opinion, the deaths were the result of a suicide agreement.

Russo was the occupant of the room where the bodies were found, with gas flowing from an open jet, and Rizi was a resident of Charlestown and a close friend of Russo. The latter's body was found on the bed with the bodies of his two pet dogs, while Rizi was lying on the floor. The door and windows of the room were tightly sealed.

Patrolmen Hayden and Garquin were passing the house, when they smelled gas. They went in and found the dead bodies.

Russo had been in the fruit business for several years in West Newton, and Rizi was a frequent visitor to the house in Davis court. The bodies were taken to the Newton Hospital morgue.

**D. A. R.**

The new chapter of the D. A. R. in Newton Highlands had a very interesting meeting last week at the home of the Misses Webster, Chester street. Mrs. Edward C. Turner of the Boston Tea Party Chapter, gave a paper on "A Hero of the Merchant Marine of the Past." Mrs. Sanford Thompson, vice-regent, gave the report of the Worcester Conference, and Miss Head, regent, read a very remarkable tribute to the flag that was written before the war. The next meeting will be held the last Tuesday in January, the December meeting being omitted owing to the holiday season.

**MUST HAVE SURPRISED CZAR**

John Randolph Had His Own Ideas of What to Do When Presented at Russian Court.

When John Randolph, erratic American statesman from Virginia, was in Russia he was about to be presented to the czar. Someone undertook to teach him the presentation etiquette of the Russian court. As minister he was to enter the room and bow; at the center of the room he was to pause and bow a second time, after which the czar would meet him and engage him in conversation. But Randolph was indignant at the thought that anyone could presume to teach him anything, and declared that he knew all about it without being shown.

The day of presentation arrived and Randolph entered the door of the audience chamber and bowed very low; he advanced to the center of the room and bowed again very deeply. Then he approached nearer to the czar, took off one gauntlet and threw it to the right of the czar, removed his other gauntlet and cast it to the left of the czar. Next he pitched off his hat in front, threw off his mantle, unbuckled his sword and discarded it upon the floor and then fell upon his knees at the feet of the czar. The court was speechless and the czar astonished. However, the czar was equal to the occasion, so he approached the prostrate Randolph, required him to rise and engaged him in conversation. But the reception did not meet Randolph's expectations, and within a month he left Russia in considerable of a huff at what he deemed mistreatment at the hands of the czar.

**HAS FOUND CRADLE OF EEL**

Scientist Tells the World All About the Habits of That Migratory Aquatic Creature.

The eel has been tracked to his cradle.

It has taken us 2,000 years to learn that eels, living in ponds and rivers climb off when full grown, crawl over the land, find a river running to the ocean, go out to sea, and lay eggs which produce offspring that come back in billions up the rivers from which their parents descended, says London Tit-Bits.

A scientist has now tracked down these elusive marvels to the spawning grounds. It is the Sargasso sea, that enormous sea garden through which Columbus first sailed to the terror of his crews, from September to October, 1492. Of course, that is not the only nursery.

Upon hatching, the eel larvae drift with the current, undergo a marvelous transformation, reach Europe, swarm up the river, climb the banks, cross dusty fields and parched meadows to inland ponds and ditches, and then settle there for the next seven or eight years, when they swim back to the Sargasso to lay their eggs and die.

Is not that a crowning marvel of the migratory instinct? Across the Atlantic in infancy, to fatten in a waxy English pond, and back again, grown up, across the wide ocean.

**Names.**

Most men of high destinies have high sounding names. Pym and Habakkuk may be pretty well, but they must not think to cope with the Cromwells and Isalahs. And you could not find a better case in point than that of the English admirals. Drake and Rooke and Hawke are picked names for men of execution. Frobisher, Rodney, Boscawen, Foul-Wather, Jack Byron are all good to catch the eye in a page of a naval history. Cloudesley Shovel is a mouthful of quaint and sounding syllables. Benbow has a bulldog quality that suits the man's character, and it takes us back to those English archers who were his true comrades for plainness, tenacity and pluck. Raleigh is spirited and martial, and signifies an act of bold conduct in the field. . . . "Virgilus Puerisque," by Louis Stevenson.

**How Spiders Travel.**

Spinning webs is second nature with spiders. After they are hatched from the eggs in a cocoon, they cling together for about a week. Then they separate, but their legs do not carry them very far. Facing the wind, and standing on the tips of their legs, the baby spiders raise their abdomens and emit a silken thread. The faintest current wafts the gossamer in the air, and when enough is let out to permit of aerial flight the insect drifts away. When it wishes to land it hauls in the thread. Wherever it lands it can spin webs without the slightest instructions from older spiders. Older male spiders seem to lose this gift. There are about 550 species of spiders in America, but only two, the house and garden spiders, are well known.

**A Craven Suitor.**

"I am convinced that I could never make you happy," wrote an abject lover to the lady who had won his heart. "You are of a different world from mine. You are to me as white marble to dull red clay. The devotion of my life would not recompense you for the sacrifice you would make in marrying me. I know I can never hope to make you happy, but if you think otherwise let me know by return." The woman who could accept so craven a lover as this can scarcely hope to be complimented on her judgment or on her capture.

## EDITORIAL

The city election, with two exceptions, is without particular interest. Ward 4 furnishes both exceptions, as ex-alderman George M. Heathcote, candidate for alderman at large from that ward, is opposed by Mr. Jesse W. Weinberg, and there are three candidates, Messrs. Francis McGill, Herbert B. Morse and Harry B. Ross for ward aldermen. The latter is strictly a family affair for Ward 4 and the voters of that ward are perfectly able to make a right selection, and will have the unusual privilege of doing so through the preferential ballot, which gives to each voter the opportunity to make a first choice for the office and can follow it up with a second choice if he or she sees fit. The way they use the preferential ballot will be watched with interest by the rest of the city.

The voters of the entire city, however, have an opportunity to vote for alderman at large from ward 4, and while we have the highest regard for Mr. Weinberg as a citizen and as a man, we believe that right and justice demand that Mr. Heathcote be elected. Mr. Heathcote has served one year as an alderman and was defeated last year, by the heavy vote for Auburndale.

Mr. Heathcote represented the small village of Lower Falls for one year as alderman and was defeated for reelection a year ago, by the voters of Auburndale, who preferred one of their own neighbors, and Lower Falls lost its representative at City Hall in consequence. This was felt to be an injustice to Lower Falls, and influential citizens agreed during the summer that Mr. Heathcote should be asked to run as an alderman at large this fall, thereby restoring the representation of Lower Falls at City Hall.

It is only within the past few weeks that Mr. Weinberg has been placed in the field by his friends, and if he is successful, continued injustice is done to the voters of the Lower Falls. Vote for Mr. Heathcote as a matter of fair play.

At the city election next Tuesday, the women will for the first time have an opportunity to express their opinion of the license question. Newton disgraced itself last year when it voted Yes on this question for the first time in its history and we earnestly hope that the women will show more sense than the men and enough of them vote NO to carry the city. While this question is nothing but a farce, so long as the Volstead act is in force throughout the nation, and even if we should vote YES, would be of no avail, common sense and self respect ought to make every voter see to it that Newton is rightly placed in the negative column once more.

Allied to the license question is a new referendum indicating whether Newton desires any licenses issued for "certain non-intoxicating beverages." Don't be misled by this title, for it does NOT apply to soda water, ginger ale and other so-called soft drinks. The certain non-intoxicating beverages to which it refers are the so-called "near" beers and light wines, and cover all beverages containing more than one-half of one per cent of alcohol, and less than two and three-quarters per cent. Here again Newton ought to vote NO, for even if by any chance a YES vote prevails, nothing can be done, as the Federal authorities will see to it that nothing stronger than one-half of one per cent will be allowed on sale. Vote NO therefore on both these questions.

There will undoubtedly be considerable feeling about accepting the so-called Sunday Sports bill, which, under permission of the aldermen, has been in force during the past summer in this city. A perusal of the report of the Playground Commission will show that Sunday sports have been quite an attraction and in the opinion of the Superintendent of Playgrounds, have been of great benefit to many persons who would have been unable to play ball or tennis, under the old law. On the other hand, there is always the great danger in granting special privileges, in that the inevitable tendency is to make them larger and larger. No one wants the European Sunday transplanted to Newton, and each voter must decide for himself or herself, just how far the present question will open the door to other and more objectionable features on the Lord's Day.

The voters will also have the opportunity to accept or reject the bill to allow boxing contests to take place in this city. Boxing for prizes or money or boxing exhibitions for which an admission fee is charged are now illegal. If you vote NO they stay so, as far as Newton is concerned. If you vote YES they may be held under stringent restrictions which ought to make them unobjectionable. We advise a NO vote on this question.

Will Mrs. Ostranda J. Nichols call at once at 14 Davenport street, Boston? Her husband is dying.

## BIRDS HAVE VARIOUS NAMES

Get Cognomens From Habits or Plumage Though Not Infrequently From Song or Call.

Birds are given various names in various parts of the country; some get these names from their habits, others from their plumage, while the song, or call, in other cases is responsible for the nickname of the bird, according to London Answers.

The cuckoo has two mates. The meadow pipit is known as the cuckoo's mate in some parts of the country, because of its habit of always accompanying the cuckoo from place to place throughout its stay in this country. The wren gets the same name for a different reason. It arrives in the country about the same time, or a few days earlier than the cuckoo, and therefore the name has been given it.

Little "Bread-and-no-cheese" is perhaps rather a mouthful, but the name is given to the yellow bunting on account of the fact that its simple song resembles these words more than anything else in the world.

"Yaffle" is the name given to that laughing bird of the woods, the green woodpecker, also known by the less cheerful cognomen of rain bird, because whenever it laughs the glass goes back and the rain comes down. In other words, the laugh of the green woodpecker, like the "hee-haw" of the donkey, is considered by many to be a sure sign of wet weather.

The whitethroat has a habit of creeping along the lower parts of the hedges, where the nettles grow, and therefore it has acquired for itself the name of "nettle creeper."

## TIRE KNOWN BY MANY NAMES

Not Including What It Is Called by Impatient Autoist When It Punctures.

A thing which ties is a tire—say makers of the dictionary. The first purpose of the tire was to tie or band the wheel together. As time passed, the original meaning of the word has been lost sight of and now the tire is the part of the wheel which touches the road and stands the wear and tear of travel.

England and her possessions, except Canada, spells the word "tyre." No less an authority than England's own Encyclopedia Britannica is on record with the opinion that "this spelling is not now accepted by the best English authorities," yet "tyre" persists.

In some of the Spanish-speaking countries, such as Chile and the Argentine, tires are known as "neumaticos." In Mexico they are "llantas." In other places where Spanish is the language, notably Cuba, the correct word is "gomas." In Brazil, where Portuguese is spoken, the name is "pneumaticos."

The French have the short name "pneus" for tires. This is a contraction of pneumatiques. In practically all the Scandinavian countries the Danish word "gummiringer"—rubber ring—is used.

## Making a Citizen.

You make the citizen by giving him intelligence. He must learn to see things as they are. He must also learn to see the possibilities and rise in power to put them to the test. There is no place for the coward in the march of progress. We need men, "brave men, who dare while others fly." And this means they must have brains and brawn with which to fight life's battles and hold their own in the world. And to intelligence we must add constancy. It avails little to be brilliant if you haven't the power to stick to your job until you make a success of it. Persistence will help you win, when you put your head to work. These are the first things in the making of citizens. The home and the school must work together to produce it.—Grit.

## July.

July was originally the fifth month of the Roman year. In the Alban calendar it had a complement of 36 days, which was reduced to 31 and then to 30, and it stood thus for many centuries.

At length Julius Caesar restored it to 31. He felt a personal interest in July, as it was his natal month. After the death of this great law-giver and reformer Marc Antony changed the name from Quintilis to July, in honor of Caesar's family name. In order to note that as the sun was most potent at this time so was Caesar the most powerful potentate who had ever lived. Our Saxon ancestors called July "Hey Month" because they usually moved their hay at that period of the year.—Chicago Journal.

## Black Hole of Calcutta.

This name was given to an apartment in Calcutta in which a party of English were confined on the night of June 20, 1756. The garrison of the fort connected with the English factory at Calcutta was captured by the Nawab Siraj-ud-Daula, who caused all the prisoners taken to be confined in a room 18 by 14 feet 10 inches. This cell had only two windows, obstructed by a veranda. Of the 150 people who spent the night in a horror of thirst, heat and agony from pressure, only 23 survived the experience.

## Natural Explanation.

"Why is it that dark horses in a political convention always keep so quiet?"  
"Because under the circumstances, the word with none of them can be said."

## TERCENTENARY PLAY

The Newtonville Woman's Club will present its annual dramatics the afternoon and evening of December 21, at 2.45 and at 8 o'clock at the Technical High School Hall.

Mrs. Francis Flag, the chairman of the committee, has written the play which is in the form of an historical Masque, with a Christmas setting, its theme being the vision of a great freedom, as exemplified by the birth of a great leader, the birth of a great nation and the birth of a great brotherhood. The title of the piece is "The Magic Heart" and there are three episodes: The Birth of the Magic Heart, The Great Adventure of the Magic Heart, and The Shrine of the Magic Heart.

There will be scenes from the story of the Pilgrims of 1620, with the attendant perils of storm, Indians, famine, etc., opening out into scenes of love, home and prosperity.

There will be three symbolic dances: The Sea, The Years, The Harvest, and several solo dances. The Technical High School Orchestra, of twenty pieces, under the leadership of Mr. C. B. Harrington, will play before and after the performance and there will be incidental music by Mrs. Richard T. Loring and Mrs. Kenneth B. Hastings, violinists, who will be accompanied on the piano by Mrs. Fredrick Tennant.

As this is the club's recognition of the Tercentenary celebration of the Landing of the Pilgrims, it will be an affair of community importance and of interest to the young people as well as to those of older years.

Those who have read the play are enthusiastic in its praise and conscientious devotion to its success on the part of a very able committee and a well-chosen cast promise a splendid production.

Mrs. Derby Brown is directing the play and the dances. Mrs. W. M. Burr and Mrs. Warner Marshall will be stage managers.

Mrs. L. B. Hunter will have charge of the ushers who will be in Pilgrim costume.

Mrs. C. B. Willey has charge of the ticket.

The cast is as follows: Prologue, Mrs. Scholley; The Boy, Miss Westcott; The Girl, Miss Lockett; The Spirit of Christmas, Miss Cady; Peace, Mrs. Hendrick; Goodwill, Miss Coombs; The Spirit of History, Mrs. Kyle; Mary, Miss Hartshorne; Joseph, Miss Bartlett; Pastor Robinson, Mrs. Stafford; Wm. Bradford, Miss Coombs; Mistress Mullins, Miss Hartshorne; Priscilla Mullins, Miss Eaves; John Alden, Miss Bartlett; Jack Frost, Miss Pierce; The Magi, Mrs. Church, Mrs. Crowe, Mrs. Stafford; Shepherds, Pilgrims, Indians, etc.; Symbolic Dancers, Miss Pierce, Miss Eaves, Miss Keon, Mrs. Scholley, Miss Hunter, Miss Cady.

## THE KITCHEN CABINET

It is a good thing to be rich, and a good thing to be strong, but it is a better thing to be beloved of many friends.—Euripides.

### A SCORE OR MORE OF SANDWICH FILLINGS.

Sandwiches are just as popular with war breads as they were when wheat was plentiful.

A few crumbs of Roquefort added to French dressing with a piece of lettuce or a sprig of water cress laid between buttered slices of bread is a delicious morsel.

Cottage cheese with chopped chives, or slices of rich New York cheese on buttered bread will make a hearty sandwich for the boy who goes fishing.

Minced hard cooked eggs and sardines (skin and bones removed), seasoned with lemon juice.

Tongue cut in thin slices with a thin sliced dill pickle on top, between buttered bread. Chopped tongue with a mixture of mustard, salt and pepper.

Chopped dates and nuts with a little cream cheese.

Equal parts of cold cooked ham and chicken, minced fine and seasoned with curry.

Chopped mutton (cold roast or boiled), seasoned with chopped capers and French dressing.

Chopped figs and peanuts with lemon juice; prunes and cottage or cream cheese.

Salmon, pickles and olives. Baked beans mashed and seasoned with onion and celery with a dash of lemon juice.

Minced hard cooked eggs, butter, mustard and a dash of salt and cayenne.

Thin slices of cucumber, covered with scraped onion, dipped in French dressing.

Sardines with olives and French dressing. Water cress dipped in French dressing.

Cooked liver chopped and seasoned with onion and celery.

Thin slices of banana sprinkled with nuts and dipped in French dressing.

Chicken chopped with a few almonds and bits of celery. Almonds (salted) chopped and mixed with maple sugar and cream.

Equal parts of minced ham, celery and mayonnaise dressing.

Chopped onions with French dressing—fine sandwiches for Sunday night lunch, after church.

### NEWTON POST, A. L.

Monday night at Legion Hall the Newton Post and the Woman's Auxiliary for the first time joined hands in a social affair and several hundred members and guests of both organizations crowded the hall and rooms of the building when the housewarming was held. There was dancing during the evening and an entertainment was put on, in which Sergt. Robert Bryden of the Canadian forces and Miss Rose DeMarco were featured in their singing. Donations of apples, cider, cheese and doughnuts were sent in by several people. Commander Weeks of the Post and Mrs. Corners, head of the auxiliary, were in charge of the arrangements.

Europe's Potato Crop.

In Europe potatoes are grown of different kinds for different purposes. Certain varieties are raised for cooking and others for starch making and distilling. Over there they have a so-called "stock potato," which is not used for human food at all. It is very large and coarse of texture and is utilized for feeding cattle. The yield to the acre is twice the ordinary, and the tubers being exceedingly rich in starch are great alcohol producers.

Muscle Turns Itself.

Stopping to turn a stubborn page, the musician not infrequently finds the effect of his performance spoiled by an awkward pause. From France now comes an invention which will obviate this annoyance, says Popular Mechanics Magazine. "The music is printed, not on pages, but on a long strip, as is the practice with music for the player piano. Placed on motor-driven rolls, the music passes before the eyes of the player at any desired speed. The controlling lever is conveniently placed at one side.

Social Worm Turns.

An English paper inveighs against hosts and hostesses who look upon their guests as temporary chattels—creatures to be disposed of at will, amused, fed, expensed and finally herded to bed, entirely without reference to their own desires. Few of those victims have the courage of Lady Georgina Grey, who on being told by her host, as he bade her goodnight: "We breakfast at nine," replied: "Oh, do you? I breakfast at eleven."—Boston Transcript.

—The first Men's Night and Smoker of the season was held at the West Newton Neighborhood House on Wednesday. The host was Ex-Alderman Justin McCarthy and the speaker, Mayor Edwin O. Childs. Pool and whist tournaments were held, and refreshments served. Another such night is to be held next month, the date and speaker to be announced later. All men over 18 are invited.

Hats That Afford Protection.

The natives of the Philippines and South Sea Islands wear large sun hats as a protection from the heat. Palm leaves of various kinds furnish the material generally used, but the shapes differ. Some are woven flat and some with a peak. The commonest form in the Philippines is made of palm leaves covered with cane, a cane bandau giving an air space above the head. The ornamentation of these hats is very simple; no colors are used with the exception of brown, which is occasionally introduced in the use of hemp.—Asia Magazine.

Value of Youthful Thinking.

We are learning that the fabled foundation of youth lies in ourselves; in our own mentality. Perpetual rejuvenation and renewal are possible through right thinking. We look as old as we think and feel, because thought and feeling maintain or change our appearance in exact accordance with their persistence or their variations. It is impossible to appear youthful and remain young unless we feel young. Youthful thinking should be a life habit.—Orison Swett Marden in Chicago Daily News.

"Schopenhauer's Bible."

The "Oupnekhat" is a Latin translation of the "Upanishads," made by Anquetil-Duperron, from a Persian version of the Sanscrit original, which was published at Strassburg, in two volumes quarto, 1801-1802, under the title "Oupnekhat, id est, Secretum Legendum." It consists of a group of treatises, expounding a general system of mystical pantheism, which arose as a development of the more theosophic element in the Vedas. It is believed that this influenced Schopenhauer not a little in his writings.

## WOMEN'S CLUBS

GRACE M. BURT, Editor.

The entrance of women into politics is opening up numerous questions and points of view, which should be approached thoughtfully. Especially is this true in the position, which the women's clubs are to take respecting political questions and political candidates. How far they are going in the future towards taking sides in political contests, it is impossible to forecast. Certain it is, that most of their constitutions say the organizations shall be non-partisan, that is, in the sense of not being the organ of any one political party. But does "non-partisan" restrict a club from taking sides on any question which is for the welfare of the community in which it exists or for that of the country at large? Surely, if that is the case, how have the clubs been willing to endorse legislative matters, as they have been doing for years? Taking sides in the selections of the persons to represent and carry out the will of their constituents is but the next step. It is safe to say that the clubs, many of them, will be slow to take that next step. But is there any reason why they should not?

Another question involving women who are doing things in public is likely to come up. Can a woman holding a public position do things in her private capacity, for example, endorse the candidacy of some particular person, or will she in so doing be considered as doing it in her official capacity and thereby involve the organization of which she is the chief executive? Women who have already accustomed themselves to take the broad view and to look upon matters from the same general standpoint of men will doubtless see no reason why they cannot act in their individual capacity. Whether or no a woman is to do this sort of thing is a matter for her to settle for herself. Women have much to learn in this new relationship and foremost of all they must look at things in the large and be kindly in their criticism and slow in their judgment.

Don't forget the city election next Tuesday and vote right on the license and Sunday sports referenda.

### State Federation

Two district conferences are scheduled for December 14, Tuesday of next week, at 2 o'clock—Conservation and Home Economics for the Second district in Odd Fellows Hall, Norwood, and a Civics at East August for the fourth and fifth districts. Trains leave South Station, Boston, for Norwood at 11.25, and at 11.44 for Norwood Central. The hall is five minutes' walk from Norwood station and ten minutes' walk from Norwood Central. Luncheon will be served in the Universalist church from 12.30 to 1. Tickets at 40 cents each may be secured from Mrs. Herbert Barrett, 108 Nichols street, Norwood.

The program includes music, a talk upon Federation Work by Mrs. William H. White, district director, an address by Mrs. Elbert H. Harvey, Brookline Town Dietitian, by Mrs. Arthur H. Bisley, "Real Home Dreams," and Mrs. Julian C. Woodman, "Conservation Work."

At East August the subjects are: "Phases of Community Service," Mrs. Ervin W. Engler; "Fire Prevention," Mrs. Walter Metcalf; "Thrift," Mrs. Irving O. Palmer. Take train to Lynn; at Central Square, Lynn, take car marked "Cliftondale" or "Saugus Centre."

Thursday, December 16, Home Economics conference at Salem by invitation of the Thought and Work Club, Universalist chapel, Rust street. Subjects: "Nutrition Values," and "Table Setting and Serving." Train leaves North Station at 1.40 P. M.

### Local Announcements

Ethel Priscilla Potter will read Barrie's "What Every Woman Knows," at the regular meeting of the Waban Woman's Club next Monday afternoon, December 13th. There will be songs by Mrs. Herbert R. Stearns.

The Newton Highlands C. L. S. C. meets with Miss Mary E. Moore of Alherton road next Monday afternoon. Miss Mary E. Hyde will present Paul of Tarsus, taking him up as a great historic figure and propagandist.

The Monday Club of Newton Highlands will meet on December 13 with Mrs. Florence Foster of Walnut St. Mrs. W. M. Mick will conduct the club on a tour of sight-seeing at Tremont; letters from Home will be read by Mrs. L. H. Marshall and Mrs. C. S. Luitwieler. Tea will be served.

Tuesday morning the Auburndale Review will hold its regular meeting with Mrs. Richard O. Walter, 10 Fern street. The general subject will be Children and Books.

Mrs. Grace M. Poole in her lecture before the Newtonville Woman's Club on Tuesday will speak upon "The Irish Question."

"Modern School Experiments" will be discussed by Mrs. J. William Blaisdell and Mrs. Robert G. Howard at the meeting of the Newton Social Science Club next Wednesday morning.

The Ladies' Home Circle meets in G. A. R. Hall, Newtonville, Thursday afternoon, December 16, at 2 P. M.

Mrs. Herbert J. Gurney will address a social service meeting of the Newton Centre Woman's Club on Thursday morning on "The Work of the Division of Immigration and Americanization."

Miss Alberta J. Crombie will be the hostess for the meeting of the Newton Highlands Shakespeare Club on Saturday, December 18, when the study of Cymbeline will be continued under the guidance of Mrs. F. H. Stratton.

Tickets for the Auburndale Woman's Club Guest afternoon and evening on January 1 may be procured at 3 o'clock on Tuesdays and Fridays at Keyes' drug store. Members are entitled to one ticket on presentation

of their membership card. Guest tickets are on sale for either afternoon or evening. Two plays will be presented, "Wrong numbers" and "In a Florist's Shop." The afternoon performance will be quite complete, music being rendered by the Salandri Trio, and refreshments being served. The Colonial Orchestra will play for the dancing in the evening, but those who do not intend to dance will probably find the afternoon occasion more desirable, as tickets are available, but as the number is limited, should be secured at once.

The Newton Bureau of Household Occupations finds conditions of the spring time completely reversed. At that time sufficient workers could not be secured to fill even the small proportion of the calls for help. Now the supply of workers, men and women, many unskilled, far exceeds the demand. Many men and boys have applied for work of any sort, and the call for male workers has so far been very small. If you need help, try some one of these people, thus helping yourself and also enabling someone else to retain their self-respect.

The Merry Christmas Party planned by the Newton Upper Falls Woman's Club for December 20 will be for members only.

### Local Happenings

The Christian Era Study Club's presentation of "Hamlet" at the meeting Monday afternoon was a complete success. Mrs. Ernest F. Drew in the title role bore away the honors.

About 300 children enjoyed the hospitality of the Woman's Club of Newton Upper Falls on Monday night and found the lecture on "The History of a Shoe" both interesting and instructive. There were stereoscopic pictures of historic shoes followed by a moving picture of the whole process of manufacture. Each child was given a bar of chocolate as it went out.

The Presidents' Night, Wednesday evening, brought out a good audience to enjoy the concert by the Tucks College Glee Club. A number of guests from neighboring clubs were also present.

Tuesday afternoon the Newton Highlands Woman's Club gave a successful dramatic performance, two plays being presented, "Twigs o' Thorn" and "Fourteen." The leading parts of the former were ably taken by Mrs. William Bedford and Mrs. Frederick S. Fairchild and they were supported by Mrs. Ernest G. Hapgood, Mrs. B. Walter Godsoe, Mrs. E. C. Lewis, Mrs. E. V. Wetmore, Mrs. Earl W. Bowen, Miss Marguerite Jones, Mrs. A. C. Ludlan, Mrs. E. S. Drowne, Miss Elizabeth Walker, Mrs. James E. Rayner and Miss Theodora Jones, who danced fancy dances. Mrs. Bedford directed the dancing and Mr. L. W. Oakes was in charge of the play. Mrs. S. G. Johnson, Mrs. Albert H. Norton and Mrs. Raymond R. Collins took the parts in the second play, which was directed by Mrs. Chipman. Violin and piano music was interspersed during the performances. The plays were repeated on Wednesday evening with even greater success.

Dr. George H. Blakeslee's lecture on "South America," before the Newtonville Woman's Club was received with enthusiasm by the large audience on Tuesday afternoon. Dr. Blakeslee speaks from first hand knowledge and his hearers were charmed and amazed by the country as it was pictured to them until it came to the high cost of living there.

The annual exhibition of the Needlework Guild was held and some 850 garments were shown, which will later be distributed among the needy of the city. Tea was served by the Charitable committee, Mrs. J. A. Stafford, chairman. Mrs. J. W. Byers, Mrs. F. R. Holster, Mrs. E. W. Kellogg and Mrs. R. H. Kimball presided over the tea table.

Bessie Talbot's "Songs of Old France," given before the Auburndale Woman's Club on Tuesday last were so dramatically rendered, and so supplemented by her beautiful costume and artistic stage effects, that her audience were transported as on a magic carpet to "far away and long ago." Four groups of songs, representing a wide range of art and feeling. The ancient Golden Legend group concerning the life of Christ, was followed by 16th century songs of Alsace, then by Breton folk songs, while the final number pictured to eye and ear the time of Marie Antoinette. Miss Talbot's subtle acting, together with her careful translations, interpreted the French words clearly to everyone. Mr. J. Angus Winter's accompaniments made their own artistic contribution to a charming program.

The business meeting which preceded this program was far from "dry." Many announcements were made of interesting events to come, particularly the alluring invitation extended by Miss Potter to a Christmas pageant at Lassell on the evening of December 17. The first returns from royalties on the Auburndale Woman's Club house dress pattern, published and sold by the Woman's Home Companion, were announced. A check for \$600 to be devoted to the Club House fund, has been generously turned over to the club by Mrs. O'Brien, signer of the pattern. Over 33,000 patterns were sold in two months, and the magazine finds itself unable adequately to meet the demand. Mrs. O'Brien was called before the club and given a rising expression of appreciation. The business of the afternoon was resumed for a few minutes at the close of the entertainment, when Dr. J. A. Furber, president of the Auburndale Club, gave a brief resume of the men's campaign for a Club House. He extended to the Auburndale Woman's Club a cordial invitation to make use of the House which has been acquired, and to cooperate with the Auburndale Club in realizing our dream of a vital community center. The president, Mrs. Dawson, assured Dr. Furber of the sympathy and support of the Auburndale Woman's Club. The meeting broke up in a spirit of rejoicing, which found friendly expression in the tea room.

At the meeting of the Newton Social Science Club on Wednesday morning resolutions were passed relative to the Water Power bills now before Congress, protesting against the infringement upon the National Parks as a source of water power. The whole matter has already been fully presented in these columns, so that it is unnecessary to go into further details. Copies of these resolutions will be sent to both Senators and to Robert Luce, Congressman from this district.

Following the business the members thoroughly enjoyed the able paper by Mrs. Henry I. Harriman on American Prose, in which she reviewed the work of Edith Wharton and Booth Tarkington. "The House of Mirth," one of Mrs. Wharton's earlier works, Mrs. Harriman considers her masterpiece, while she resents the title, "The Custom of the Country," as being misleading and conveying an entirely wrong impression to readers in other countries. Both Tarkington, on the other hand, is a born story teller and distinctly and evidently always an American. After touching upon his "Penrod" stories and other books, she closed with "Monsieur Beaucaire," which she characterized as a thing of beauty in miniature.

### HARVARD CLASSICS

In order to offset a number of demands that have come to the library for the volumes included in the set of Harvard Classics which was published over ten years ago in fifty volumes, the library has recently purchased a set of the original edition. In describing this set (Y.9542) it would seem that no better could be done than to quote some passages from Dr. Eliot's introduction as it appears in volume 50. He says, "My purpose in selecting The Harvard Classics was to provide the literary materials from which a careful and persistent reader might gain a fair view of the progress of man observing, recording, inventing, and struggling from the earliest historical times to the close of the nineteenth century. Within the limits of fifty volumes, containing about 22,000 pages, I was to provide the means of obtaining such knowledge of ancient and modern literature as seems essential to the twentieth century idea of a cultivated man. The best acquisition of a cultivated man is a liberal frame of mind or way of thinking; but there must be added to that possession acquaintance with the prodigious store of recorded discoveries, experiences, and reflections which humanity in its intermittent and irregular progress from barbarism to civilization has acquired and laid up. From that store I proposed to make such a selection as any intellectually ambitious American family might use to advantage, even if their early opportunities of education have been scanty. The purpose of The Harvard Classics is, therefore, one very different from that of the many collections in which the editor's aim has been to select the hundred or the fifty best books in the world; it is nothing less than the purpose, to present so ample and characteristic a record of the stream of the world's thought that the observant reader's mind shall be enriched, refined, and fertilized by it.

With such objects in view it was essential that the whole series should be in the English language; and this limitation to English necessitated the free use of translations, in spite of the fact that it is impossible to reproduce perfectly in a translation the style and flavor of the original. The reader of this collection must not imagine that he can find in an English translation of Homer, Dante, Cervantes, of Goethe, all the beauty and charm of the original. Nevertheless, translations can yield much genuine cultivation to the student who attends to the substance of the author's thought, although he knows all the time that he is missing some of the elegance and beauty of the original form. Since it is impossible to give in translation the rhythm and sweetness of poetry—and particularly of lyric poetry—far the larger part of the poetry in The Harvard Classics will be found to be poetry which was written in English.

The principal subjects embraced in the series are history, biography, philosophy, religion, voyages and travels, natural science, government and politics, education, criticism, the drama, epic and lyric poetry, and prose, fiction—in short, all the main subdivisions of literature. The principal literatures represented in the collection are those of Greece, Rome, France, Italy, Spain, England, Scotland, Germany, and the United States; but important contributions have been drawn also from Chinese, Hindu, Hebrew, Arabian, Scandinavian, and Irish sources. Since the series is intended primarily for American readers, it contains a somewhat disproportionate amount of English and American literature, and of documents and discussions relating to American history and to the development of American social and political ideas."

### WANTED—OLD CLOTHES

An appeal to the men of Newton for second hand clothes in aid of our New England boys who are shell shocked; 175 of them are isolated in the West Roxbury Hospital, many of them have not as yet received their compensation and need this help. Mrs. Jewett, 437 Centre street, will be very grateful to receive all such garments and will see that they are placed in the hands of these poor fellows. Just a short time since, these same boys left their homes with active brains and healthy bodies to fight for their country's honor and save to us our homes. We waved our beautiful flag and bled them Godspeed; shall we not wave it today in all helpfulness to them in their hour of need. Let us all try to put a little Christmas sunshine into their lives.

## "GRANNY OF THE HILLS"

The young people of Central Church presented "Granny of the Hills," a charming play in four acts dealing with the Southern Highlands, at Central Church on Monday and Tuesday evenings.

Preceding the play itself, Mr. M. H. Lichter gave a brief talk on "Our Contemporary Ancestors." The principal characters of the play were as follows: Mrs. Percy F. Williams ("Granny"), Mr. Alfred Stafford (Danny, her grandson), Miss Eleanor Leete (Lizzie, Danny's sweetheart), Mr. Wallace C. Boyden (President Mathews), Mrs. Sidney L. Sholley (Miss Black), Mrs. Lewis E. Moore (Miss Nelson).

In the senior class of Cumberlin College: Alfred Stafford, Eleanor Leete, Roger Salinger, Eleanor Leighton, Constance Lynde, Lois Bjornson, Harriette Patey, Raymond Leonard, Robert Salinger, Barbara Ziegler, Albert Richards, Saxton Wilson.

Between the acts piano selections were given by Mrs. Aaron M. Jones, and vocal selections by Mr. Paul Scarborough.

The principal characters were well acted, the theme, an old grandmother in the far-away parts of our country sacrificing herself that her grandson may have an education, was one involving both pathos and humor. The play was coached by Mrs. M. H. Lichter.

Members of the committees were Miss Marion Gordon, in charge of the programs, Miss Helen Strong and Miss Dorothy Martin, in charge of the scenery, Miss Mary Kimball, in charge of the ushers, Mr. W. H. Sears, in charge of tickets, Mr. S. L. Sholley, publicity director, and Mr. Brewer, electrician.

The ushers were Miss Hazel Atwood, Miss Mary Elizabeth Edmonds, Miss Veda Leonard, Miss Mary Florence Lichter, Miss Eleanor Martin, Miss Jeanette Martin, Miss Harriette Patey, Miss Eleanor Richmond, Miss Barbara Ziegler, Miss Ruth Ziegler, Miss Fay Merrill and Miss Eleanor Merrill.

Russell O. Carter has resigned as the Club's Secretary. In his place the governing board unanimously elected Mr. Austin I. Kilburn. Mr. Kilburn was the club's secretary for many years and upon his retirement several years ago was presented with a handsome gold watch as a mark of the esteem in which the club held him. His resignation, therefore, of secretarial duties indicates an interest in the club's affairs as keen as of old and is as well an endorsement of his sterling qualities.

Edgar Hay has been elected a member of the governing board. Plans for the New Year's Eve dance are progressing. All indications point to a wonderfully good time for those fortunate enough to be able to attend. If you have a friend who is a member of North Gate better reserve your ticket as attendance will be limited.

Monday, Dec. 13th, will inaugurate Neighborhood Night for club members and their families. The good times attending these neighborhood functions before the war are expected to prevail.

## DEATH OF MRS. LYONS

Mrs. Emeline S. Lyons, wife of Thomas F. Lyons, President of the Cambridge Novelty Company, manufacturer of jewelry, died at her home, 33 Washington park, Newtonville, on Monday in her 48th year.

Mrs. Lyons was a native of Brooklyn, but in 1910 came to Newton where she has been attending the Central Church. She is survived by her husband, and one daughter, Miss Marion G. Lyons.

Services were held at her late residence on Wednesday, the Rev. Richard T. Loring officiating, and the burial was in Evergreen Cemetery, Brooklyn, N. Y.

## NEWTON GIRL WINS LETTER

Miss Beulah Havens of Newton Centre, Simmons '22, holds the distinction of being the only student, not including seniors, who has as yet obtained sufficient points in athletics to qualify for the Simmons "S." The new award system, which went into effect this fall, is planned to make the Simmons letter, numerals and patches on a level with like awards in other leading women's colleges. The requirement for the block "S" is five athletic points, for class numerals three and for the small patch with class numerals one, won by making three class teams.

## N. H. S.

Alfred Stafford, Newton High School's quarterback, is unanimous choice for the football captaincy of the Orange and Black eleven in 1921. He was elected at a meeting of the 23 letter players just before the photograph of the Suburban League champions was taken at Newton last Saturday. The selection of Stafford honors the outstanding quarterback of the season, a boy possessed of exceptional stamina, despite his lack of weight. He succeeds the most effective back-field player of the season, Robert Garrity, who will enter Princeton next fall.

## SUNDAY SPORTS

To Men and Women Voters in the City of Newton:

The question of legalized Sunday Sports will be presented for your direct vote for the first time at the City Election on Tuesday, December 14th.

Several thousand men and women are earnestly trying to decide the right way to vote. The vital importance of the spiritual life of all, and of the religious training of the young people and children is recognized by all of us. This question vitally affects that spiritual life and that training. The chief question at issue is whether we are likely to gain anything of value in comparison with that which we would lose.

To form a fair opinion on this point requires a knowledge of what is now being done on the Sabbath Day. It is with no feeling of unusual consistency in Sabbath observance, to which I lay no claim, but because I happen to hold the office at this time which compels me to know the work of the 34 Protestant Sunday Schools that venture this statement for such help as it may be to any one in deciding; and which is incomplete because it refers only to those of the one Faith concerning whose work I have personal knowledge.

The great extent of constructive character building done is little realized, perhaps because real constructive work is often inconspicuous, and usually shuns shouting about itself. But here are the facts. There are enrolled in these 34 Sunday Schools of our city approximately 5500 scholars, of whom approximately 4000 are under 21 years of age. Attendance is voluntary, but even so, the average ratio of those present to those enrolled is not far below that during the same months of the year among the same ages in our compulsory public schools.

The work of instruction and direction is done by about 600 additional people. These 600 work as volunteers, without remuneration, and in many cases without frequent expression of appreciation from the homes for this faithful work, and are actuated by the love of the members of their classes, whose ideals and character they are helping to develop.

There is nothing else in our city that compares either in extent or in unselfish sacrifice of time and energy, to this volunteer work, week after week, of these 600 devoted to the religious training of the thousands of young people and children of Newton. Such work is not always easy, or the results apparent at once. The quality of this instruction in our own city is very high—probably on an average equal in quality to the average instruction in our own high grade Public Schools, for there are among our Sunday School teachers a very large per cent of men and women trained in college and Normal Schools, as well as many others who have spent their time to learn the special needs of Christian Teaching.

A statement of the above conditions is sufficient to show that there are very great affairs at stake in considering the question of changing entirely the character of the activities of the one day in the week upon which this fundamental and all important training of these thousands is done. It needs no argument for the citizens of Newton to know that legalized Sunday Sports would have a great influence in changing the character of these thousands: That there would be a loss of reverence for holy things; that their ideals would be lowered; that the development of a sound moral and religious character would be imperiled. It is not necessary to quote instances or pile up illustrations of the difference in the character of people who have used the Sabbath for Sports.

No one would minimize the necessity to seek out and try to save those whom the Sunday Sports idea is supposed to benefit chiefly that is the boy on the street corner, or all in the alley. But the great danger lies in that he is conspicuous; while the thousands who are now using the Sabbath, as shown above, are inconspicuous, and right here we are in danger of being swept away from the greatest good to the greatest number, and from the fact that the Great Master sought the ONE, but in seeking this one, He did not endanger the safety of ninety-nine.

There are few, if any, men or women in Newton, regardless of their personal habits of attending worship, of active church work, or of financial support, who do not feel a heart allegiance to some church which stands for spiritual aspirations, noble character and sacred associations nourished by the Sabbath. There are none, who would vote to allow themselves a liberty, if they knew thereby they were doing anything that would lower the ideals of our children.

I have tried to give a little idea of the great extent of the real helpful character building use of the Sabbath at present; of the thousands now present, and of the other hundreds and thousands coming on in successive waves year after year, whose ideals and characters will be shaped in our city that you may have these facts in your possession in making your decisions as to how you will vote upon the question of legalized Sunday Sports.

It was due you to have these facts laid before you.

Respectfully submitted,  
RICHARD O. WALTER.

## BEST IN STATE

The committee in charge of the drive for Red Cross Memberships in this city reports a total of 11,644, which is 85% of the number secured last year, a record year. We understand that Newton stands first in all the cities of the state in this respect. The committee and its efficient chairman, Alderman Leon B. Rogers, has done a splendid bit of work.

## RED CROSS

The Red Cross Home Service Office at 306 Walnut street, Newtonville, is open every day from 9-5. Mr. William Noone, a member of the Legion, is working with the Home Service, and is in the office Tuesdays, Thursdays, and Friday evenings from 7-9, and Saturday afternoons.

## SCHOOL FOOTBALL

Newton High has won the Suburban League championship this fall with one of the best teams ever under the charge of Coach Dickinson. This is directly proved by the selections just made for the All Scholastic team by the football men of the Boston papers.

The Boston Transcript gives Newton 6 places on its first eleven: Osborne, Coady, T. Leahy, E. G. Gulian, T. Stafford, qb. and R. Garrity, hb. and 2 places on its second eleven, Bowen, g. and H. Garrity, lb.

The Boston Herald and Boston Globe both alike select Osborne, Coady, Gulian, Stafford and R. Garrity for the first eleven and the Globe gives a place on its second eleven to Bowen at left guard.

The Globe comments as follows on these selections:—  
Capt. Robert Garrity of the Globe's first eleven is given the right halfback position without any opposition and he without a doubt was the only back that outranked the others. He is a hard line smasher, adept in throwing forward passes and a wonderful defensive player.

It was not at all difficult to pick out the best quarterback, because Alfred (Jake) Stafford of Newton, was the peer. He is fast and a shifty open field runner. He runs his team with snap and drive and is a fearless tackler.

With the exception of the Haverhill-Newton High game, Stafford demonstrated that he was a great open field runner and it was seldom that he did not run back his kicks for long gains.

Although there were plenty of tackles that would ordinarily land regular positions, there were two who outshone anything that has been uncovered in years. These were Grasse Gulian and Clement Coady of Newton High School; and many a college eleven would have been pleased to have both lads in their forward line. Much of Newton's success belongs to Coady and Gulian.

No better tackle play than these two boys demonstrated in the recent post-season game with Haverhill has ever been approached in the last 15 years, and barring mishaps they should land regular positions whether they enter a higher prep school or college.

## Vocational School Notes

The girls of Miss McCarthy's classes in the Home Making Department recently presented an Americanization pageant entitled "The Map Makers."

An exhibit of the underclothing made by the girls of the Technical School who are enrolled in the sewing classes of Mrs. Curtis and of Miss Owen was given Friday, Dec. 3rd.

At the Monday Morning Assembly, Dec. 6th, Miss Louise Sherman told the school of her work with the children in the orphanage of Syria during the war.

A great Christmas Drive for the relief of the children in foreign lands is on in each room. The money will be placed in a Christmas Box next Monday when an announcement from Mr. Hoover in regard to conditions in lands requiring relief will be read during the exercises.

## NEWTON Y. M. C. A. NOTES

The speaker at the Fellowship Club on next Monday evening will be Mr. A. L. Shepard who will speak on "Pa-per." His talk will be illustrated by stereoscopic pictures. Rev. Charles W. Brashares will be the speaker on December 20th.

Mr. S. M. Sayford, Mayor E. O. Childs, George M. Heathcote, and Mr. D. P. Gosline, were the speakers during November.

Attendance in the gymnasium classes has broken all records during November. All of the 700 lockers are taken.

A group of young men from Boston were out on December 8th to receive some instruction in the Y. M. C. A. gymnasium from Mr. C. V. Moore on heel and toe walking.

There is still a small amount of money to be given to ex-service men who desire scholarships. Those interested inquire of H. W. Bascom, Sec'y.

A fine Christmas present for any boy would be a membership in the Newton Y. M. C. A.

## Boys' Department Activities

The first of a series of Sunday afternoon meetings for boys was held Sunday, Dec. 5th, at the Y. M. C. A. Auditorium. George Owen, star half-back of Harvard College, gave a splendid talk to about 100 boys of Newton. He chose for his subject, "Foot Ball Training." Much of his advice came straight from the shoulder, emphasis being given the necessity of clean living, clean atmosphere, learning to play hard and clean, to be a good loser as well as a good winner, giving one's best at all times.

Mr. Theodore Lockwood, Chairman of the Boys' Work Committee, also spoke to the boys, bringing out a number of good points on a boy's honesty. Both speakers were well received by the boys.

Mr. W. R. Ferry closed the meeting with a prayer. Music was furnished by the "Y" orchestra composed of Phil Horne, piano; Don Cunningham, saxophone; S. A. Carling, violin and F. E. Doubleday, banjo.

The first of Educational Tours was held last Saturday morning when Mr. Whedon and 15 youngsters went over to the Navy Yard in Charlestown to see what our fighting battleships look like.

The ship that claimed the boys' attention most was the U. S. S. Delaware. She was in dry dock being repaired, and of course, looked far larger than when at sea. After having thoroughly inspected her from the outside the boys demanded to know if they could go inside.

After consultation with the Executive Officer of the ship, it was decided to let them go through, so an officer was detailed to guide them, and for the next hour the youngsters were busy hurrying volleys of questions at the officer. When finally they had seen everything, they went over to see the U. S. S. Constitution, better known as "Old Ironsides." Loud were the laughs when her armament was compared to the Delaware.

Just as the boys were about to go exploring further in the yard—they were surprised to hear the noon whistle blow, and as the paces expired at 12 o'clock, they regretfully had to leave.

## Senior Basket Ball League

The senior basket ball league is composed of four teams at present. Each team plays once a week, strictly according to the new rules, making the games very fast and interesting. The teams will play several rounds and at the close of the schedule the players on the winning team will each be decorated with a medal. To date three games have been played and the standing of the teams is as follows:

	Won	Lost
The Bear Cats captained by Arthur Morse	1	0
The Never Sweats, captained by Lewis Bills	1	0
The Cyclones, captained by Percy Eden	1	1
The Bolshheviks, captained by Henri Villumier	0	2

Games played every Tuesday and Thursday night after gym. Classes.

## UNDER THE GILDED DOME

The special session of the Legislature to take action on the recent consolidation of the laws of the Commonwealth began on Tuesday and will probably sit two or three weeks.

The members of the General Court have been given printed and bound copies of the report of the Commission, which has been at work on the matter for the past few years, together with the report of the Recess committee, which sat the past summer. The report is in two large volumes, each being about 9 by 12 inches in size and three inches thick, the two books weighing about 15 pounds. It is a wonderful piece of printing, covers over 300 chapters of varying length, and fills nearly 2500 pages. Merely to glance at these books will convert the most skeptical to the belief that the Recess committee of 61 members was none too large to give the book the careful attention which it should have from members of the Legislature. Surely the other members of the General Court, cannot be expected to scan every word and to know just how each statute will work out in the two or three weeks' session now being held.

There was but one serious criticism this week in the House over the report and that came in the chapter relative to intoxicating liquors. The committee report included in the consolidation the 2.75 law just accepted at the state election. An unsuccessful effort was made to recommit the chapter with instructions to make it conform to the Federal law the vote being 81 in favor and 105 against. All three Newton Representatives voted in favor of recommitment.

J. C. Brimblecom.

## NEWTON LADIES' HOME CIRCLE

The next meeting will be held in G. A. R. hall, Newtonville, on Thursday, 2 P. M. As departing from the usual rather precise business-like meetings the afternoon of Dec. 15th will be made enjoyable by a Christmas party with a social tea to which all members are cordially invited.

## DARTMOUTH CHRISTMAS DANCE

Two Newton lads, Norman Everett of Upper Falls, and Ralph Stuart of Newton, are in charge of the Dartmouth College Christmas Dance, to be held on December 27th, at Gardner Hall, Brookline.

Your Washing Free

Without placing you under any obligation whatever, we will put into your home immediately, for free trial on two washdays, a Gainaday Electric Washer and Wringer. At your convenience, an expert demonstrator will call and show you how easy it is to wash the Gainaday way.

If you are convinced that the Gainaday meets your needs in every respect, and that the actual saving in laundry expense more than equals its small cost, you can make it yours,—cash if you wish,—or by paying \$10 down and the balance stretched over many months, in amounts so small you can actually meet through the cash savings the Gainaday will make for you.

FIRST PAYMENT ONLY \$10

Call up our Newton store right away. The telephone is handy. Our number is Newton North 184 or 43. Just say, "Send me a Gainaday."

### EQUIPPED TO RULE OCEAN

Monster That Lived 100,000 Years Ago Must Have Been a Terror to Other Fishes.

In the National museum at Washington is exhibited the skeleton of a zeuglodon—a monster which in life was seventy feet long and which must have been ruler of the seas during a bygone epoch. There is good reason to believe that this alarming creature dates back fewer than 100,000 years, says a bulletin.

With an enormously long tail and powerful swimming paddles, the zeuglodon must have been able to swim at the speed of an express train, and its great alligatorlike head was armed with huge carnivorous teeth.

It was manifestly a ferocious and predatory brute and presumably fed on fishes and porpoise. The head was four feet long and in the front part of each jaw were eight teeth for seizing and tearing, which were supplemented by a series of saw edged cutting teeth at the back.

The zeuglodon was mammals, related to modern whales. They must in their time have been very numerous, judging from the quantities of their bones dug up in Mississippi and Alabama, where in places there are so many as to interfere with plowing. Farm walls are built of them.

Apparently the creatures, which are denizens of warm seas, died and were washed up into shallow waters that afterward became dry land. Drifting sands covered their bones, preserving the latter to some extent. Their teeth (those in the jaws like those of alligators) are found scattered about in the neighborhood of the bones.

### ERROR COST LAWYER CLIENT

Addressed as "Three-Fourths" Smith, Man Proved to Be All There in His Anger.

One gathers from Judge Shute's book, "The Real Diary of the Worst Farmer," that a lawyer turned farmer has some difficulties in giving the necessary attention to his legal work. For instance:

"I was much grieved to lose a client in a most curious way. I have recently installed a new typewriting machine in my office. The presiding goddess of the machine had written a letter from dictation to a Mr. J. Smith, a gentleman who in early life had suffered the loss of one leg at the hip, and who is, not unnaturally, very sensitive about his misfortune. The young lady was unused to the new machine and struck the figure 3/4 instead of the initial 'J,' both in the address in the letter and on the envelope.

"I had been absorbed in working out a decision in the peas question, and when the letter was brought to me for signature did not notice the error and the letter was sent, bearing my sign manual, directed

Mr. 3/4 Smith, N. H.

"Today I received a letter from the maddest man in the United States, and containing material calculated to curl my hair and bring out goose pimples all over me. I explained as well as I could, but I feel sure he will never believe I did not do it intentionally.—New York Evening Post.

### Ventilation.

Through persistent education the why and wherefore of this great health necessity has been explained; still to the many, air is air, and that is all there is to it.

Ventilation does not simply mean "open wide the windows," but it should be done scientifically, especially in a sick room. To properly ventilate, the air must be kept in motion. The entrance opening for fresh air should be larger than the one for exit. If these openings are directly opposite, the motion will take place without doing the room any good. If there are two windows in the room, one should be opened from the top and the other from the bottom. For the general daytime room the temperature should be 68 degrees and at night 65. A bathroom should be kept at 70. For the sick room of pneumonia patients and several other diseases, of course, the temperature should be kept as low as possible without having the patient in a draught.

### Worse Than Modern Drill.

In ancient China a man suffering from toothache proceeded in this wise: He repaired to the Chinese doctor, who was armed with a lot of sharp needles of various sizes and lengths, and his method of treatment was and still is known as acupuncture. This operation consisted of the insertion of these needles into various parts of the body, the choice points of selection being 26 for toothache and six others for inflammation of the gums. The depth to which the needles were inserted is said to have been an important point in the operation. This puncturing was associated with cauterization.

### Bees Swifter Than Pigeons.

There is a story to the effect that a farmer in Westphalia laid a wager that 12 bees of his, released at a distance of three miles from their hives, would travel as rapidly as a like number of pigeons over the same course. The first bee, properly powdered for purposes of identification, did, as a matter of fact, arrive at its hive a quarter of a minute before the coming of the first pigeon to its cot; and there were three other bees that came in before the second pigeon arrived.

### ALLIANCE MEETING

At the open meeting of the Woman's Alliance of the First Unitarian Church on Wednesday, Mrs. A. J. Wakefield gave a very interesting account of music in the 16th century, illustrating her meaning on the piano. Among others, she played one of the songs played by Queen Elizabeth on the virginal.

The speaker of the afternoon was the Rev. J. Edgar Park and his subject, "The Pilgrims." After a fascinating introduction, Mr. Park went on to tell of some things of which the Pilgrims were afraid, he said, of the wrong environment of ideas (not their own), and of sin. Nothing that the body could suffer could be compared with the sufferings of the soul. The latter was to be saved at any cost.

The speaker then mentioned some things of which the Pilgrims were not afraid. Among these were the sea with all its unknown terrors. They were also unafraid of work. The amount of work done by the Pilgrims in the first years of their life here is almost incredible. Thirdly, they were not afraid of themselves, as too many people today are. Lastly, they were not afraid of God. In the Pilgrims we have feeling and fact united. There's was the freedom which comes with courage.

## UNIQUE CONCERT

**Newton Choral Society Delights Large Audience at Central Church, Newtonville**

The power of music has long been recognized by the church, but its power as a force in the community has only recently begun to be realized in this country. Such a power for good is the Newton Choral Society organized last Spring under the leadership of Mr. William Lester Bates, and comprising at the present time about 160 members.

This society gave a concert on Wednesday evening in Central Church which was unique both as to the variety of the program and as to the quality of the singing. The first number, a well-known classic of Bach was rendered with power and dignity. This was followed by a Madrigal of the 16th century. In Queen Elizabeth's time such Madrigals were sung without accompaniment by every cultured man or woman.

For the third number, Mr. F. Paul Welsh sang "The Shamrock," a melodious Irish melody with the chorus humming the accompaniment. This received an encore.

Miss Nichols, an exceptionally accomplished violinist, then followed with four selections which were enthusiastically received. The selections were of great variety and brought out her remarkable execution and power of expression.

As an example of negro melody the chorus sang "Deep River," and "Listen to the Lambs." The former touched a religious note. The latter contained two distinct themes—the first, "Listen to the Lambs," a wondrous minor refrain (Continued on page 5)

## LIGHT VOTE AT CITY ELECTION

**Heathcote and Ross Elected Aldermen in Ward 4. Sunday Sports Accepted. Other Referenda Rejected**

The city election on Tuesday attracted but little attention except in Auburndale and Newton Lower Falls, where there was an active contest for the office of ward alderman between four candidates, one of whom ran on stickers.

Candidates for aldermen at large from six wards, for school committee in six wards, and for ward aldermen in six wards were elected without opposition. There was but one contest for alderman at large, two candidates running from ward 4.

In addition to these candidates there were four questions on the ballot, one on the liquor question, one on licensing non-intoxicating beverages, one on Sunday sports and one on boxing. The preferential form of ballot was used in the election of ward alderman from ward 4, allowing the voters to express a first and second choice for this office. The sticker candidacy of William Noone complicated the situation a little bit, as there ought to have been an opportunity to have a third choice if more than three candidates were running. A few voters made a third choice but did not affect the final result. This form of voting requires a majority vote of first choices, and failing this, awards the election to the candidate receiving the plurality on first and second choices combined. Mr. Herbert B. Morse received the most first choice votes but not a majority, and Mr. Harry B. Ross whose total

first and second choice votes exceeded that of any other candidate was elected.

Ex-alderman George M. Heathcote of Newton Lower Falls was easily elected alderman at large from ward 4, receiving 2258 votes to 1430 for Mr. Jesse W. Weinberg. Mr. Heathcote carried all but two precincts in the city.

Newton voters returned once more to the safe and sane side of the license question, and repudiated its rashness of last year, by casting a large majority against license. The vote in opposition to granting licenses for the sale of non-intoxicating beverages (required by the 2.75 law) was almost as emphatic, the license question being Yes, 980, No, 3140, and the beverage question Yes 1415, No 2484.

The Sunday sports act was accepted by a substantial margin the vote being Yes 2518 and No 1587.

The voters rejected the boxing law by a large majority the vote being Yes 1275 and No 2687.

There were 4477 votes cast of which 1168 were cast in the two precincts of ward 4, the total vote being about 25 per cent of the registration.

On account of the failure of three precincts to report the number of women who voted it is impossible to give the exact figures, but it is estimated that from 35 to 40 per cent of the total vote was cast by women.

The detailed vote for alderman at

large from ward 4, and on the four referenda are given elsewhere.

The vote for ward alderman in ward 4 was as follows:

McGill Morse Ross Noone

Precinct 1  
1st choice 145 313 208 243  
2nd choice 129 123 192 30  
3rd choice 2 3 5 2

Precinct 2  
1st choice 5 13 50 26  
2nd choice 23 4 12 2  
3rd choice 1 1 1 1

The total vote for other candidates follows.

### UNIQUE CONCERT

(Continued from Page 1)

sung antiphonally by the chorus, and the second theme, "He shall feed his flock like a shepherd," an anthem, sung with singular sweetness by Mrs. Marion Kingsbury, accompanied by beautiful sustained notes by the chorus. At the close, there was a return to the first theme. This number was enthusiastically encored by the audience.

Part second began with a Spanish Serenade suggestive of moonlight and castanets. This was followed by "The Devil's Awa" which represented the doughty Scotchman torn between his desire to get the better of the Devil and his fear of him. These conflicting emotions were well illustrated by the music. This, too, was encored.

Again Miss Nichols delighted her audience with her violin playing of the "Poem" and the "Gipsy Dance."

In "St. Mary Magdalene," for women's voices only, a beautiful and very effective interpretation of the words of the Master, "Your sins shall be forgiven for you have loved me well," was given by Mrs. Kingsbury, accompanied on the organ by Miss Lillian West, and on the piano by Mrs. George Owen.

The concluding number, "The Song of the Marching Men" was of stirring martial character typifying the march of mankind "keeping in step with the future, purging the earth of shame." In the absence of Mr. Paul Scarborough, Mr. Fred Bolster sang the solo part. This number, too, was enthusiastically received and encored.

Taken altogether, the concert was of unusual excellence and reflected great credit both on the conductor and on those taking part. The audience was a large one, proving that Newton is a music-loving city.

The Newton Choral Society is to give part of "Hiawatha" in the Spring, and it is hoped that there are those who play orchestral instruments who will be glad to join in making this a noteworthy event.

### REAL ESTATE NEWS

John T. Burns & Sons, Inc., report the sale for Julia H. D. Hall to Joseph A. Hurd of the 10-room, colonial house, together with a 2-car garage and 11,000 square feet of land, situated at 1574 Centre street, corner of Woodcliff road, Newton Highlands. The total valuation is \$14,000.

The same concern reports that it has sold for the H. E. Hibbard Estate the two-family house and 5,000 square feet of land located at 31 Jefferson street, corner Williams Street, Newton. The valuation of the same is \$7,500. James Casey was the purchaser.

Burns & Sons also reports that they have sold through the office of John C. Kiley for E. L. Cassell, a lot of land on the corner of Chestnut hill road and Hayward road, in the Chestnut Hill section of Newton. This lot contains 64,625 square feet with a frontage of 530 feet. The purchaser, Leland Powers, intends to improve the same shortly by the erection of a high-class single dwelling.

**SCHOOL NOTES**

Edited by Dorothy Drake

**Mason School**

There was a very interesting program given in the Mason Hall on Friday, Dec. 9, when the shields won by the Mason teams in baseball and football were presented to the school. The presentations were made by Richard Vaughan of the baseball team, and by Charles MacDonald of the football team. Mr. Paul accepted them on behalf of the school.

Then followed class songs by the eighth grade, who invited as their guests the sixth and seventh grades. The Mason school rooms look very Christmas-like with their Christmas wreaths, bell, and other decorations in red and green.

In the tennis tournaments held this fall on the playground, the first prizes were won by Annabelle Kneeland and Lawrence Cameron.

The seventh grades held a Current Events meeting on Friday last. The program consisted of recitations and readings, and was enjoyed by all.

**Lasell**

The Christmas vespers on Sunday were unusually impressive. Dr. J. Wood Park led the services at Lasell and there was very beautiful music by the Glee Club. At Woodland Park, Dr. Butters was the speaker. An interesting feature of the celebration was the processional in which the little children carried lighted candles.

Old French carols were sung at the tea given by the French department on Monday afternoon. There were many guests and a delightful time enjoyed.

Miss Barbara Smith of Auburndale won the highest number of credits at the swimming meet last week. Miss Fannie Browne of New Orleans was second and Miss Helen Couger of Grand Rapids, Mich., third. The Blues won over the Whites in a very close score.

Garlands of greenery and other decorations befitting the occasion decorated the dining rooms at Lasell and Woodland on Wednesday evening for the annual Christmas dinner. Between courses much merriment was created by the reading of "Slams" and the various stunts the girls were called upon to perform. Later in the evening the school had the privilege of hearing Joseph Mitchell Chappell deliver his lecture on "Face to Face With Celebrities." Lasell closed on Thursday morning for a three weeks' vacation.

The closing exercises of Woodland Park were held on Friday afternoon and consisted of original verses and stories by the children and a little play, "The Crowning of the Prince," a Christmas message adapted from Eugene Field. A gorgeous Christmas tree delighted the children, the presents were distributed by Mrs. G. M. Winslow.

**Stearns' School**

The Mothers' Club and the Girls' Club will hold their annual Christmas parties next week. The Mothers' Club will have its party on Monday evening at 7:45 o'clock and that of the Girls' Club will be on Tuesday evening at the same time.

The primary entertainment will be Wednesday afternoon; the Grammar entertainment, Thursday morning.

Thursday morning, Miss Stoddard's room will give "The Ruggles' Christmas Party." "The Finding of the Mayflower" will be given by the following classes: Miss Eddington's, Miss McLaughlin's, Miss Ione Welch's, Miss Keys' and Miss Swann's.

Mr. Pearson, secretary of Dr. Tagore's India, who received the Nobel literature prize in 1913, visited the Stearns School on Tuesday, Dec. 15th, and gave the children a great treat. He spoke to Grades VI, VII, and VIII, in the hall, telling them of Dr. Tagore's school in India. Later he told a story to Grades VII and VIII in the Eighth Grade room.

On both occasions the children were delighted and they took advantage of the question period to get much valuable information about India from one who lives there and loves children.

Mr. Pearson said that the children in the 17 countries he has visited are much alike and the grown-up people should be.

He told us that the unrest of the world-to-day will cease when all nations understand each other, and he was interested in our school as an illustration of good fellowship which comes from having one aim, the making of the best American citizens.

**Horace Mann**

Miss Ruth Stubbard, of the Newton's team was picked up for the outstanding meeting of the Directors of the National League of Girls' Clubs which met in the "Chimney Corner" at the Girls' City Club, 8 Newbury street, Boston, Mass.

The class of 1921 held its primaries on Monday, Dec. 6. The candidates nominated were: President—Thomas Gilligan, Hope Hanley; Vice President—Leonice Bellamy, Helen Spencer; Secretary—Catherine Kiley, Mae Horrigan. The election was held the following Wednesday and the officers now stand: President, Thomas Gilligan; vice president, Helen Spencer; secretary, Mae Horrigan. The second class meeting was held on Friday, Dec. 10. Mr. Carr presided. Committees were appointed to select the class pin, motto, and colors. They are as follows: Pin committee—Hope Hanley, chairman, Leonice Bellamy, William Blakeney; committee on class motto—Ruth Poppard, chairman, Ethel Ramsden, John Black; committee on class colors—Florence McKee, chairman, Louise Tomlinson, Guy Holbrook.

**Classical High School**

On Wednesday and Thursday, Dec. 21 and 22, respectively, a play entitled "Plutocrats and Pilgrims" written by members of the senior class and produced under the auspices of the English Club will be presented in the assembly. The play contrasts the Pilgrims' Christmas with that of the modern Christmas. It consists of a prologue and two acts. Miss Helen Booth, president of the English Club, will present the prologue. The first act will be presented by Marjory Tower, Miriam White, Faith Addison, Narcissa Varney, and Hughes Wagner; the second act by Josephine Hopkins, Ruth Ayres, and Alfred Stafford. The stage managers are Walter Tower, Ezra Stevens, Shattuck Osborne, and Donald Reynolds. Members of the various women's clubs in Newton and all others desiring to attend are cordially invited to be present at the performance on Wednesday afternoon at 3 P. M. On Thursday morning the play will be given before the entire school. Mrs. A. P. Varney, and Miss Louise Richardson, both teachers of English in the school, have had charge in coaching and preparing the members at the rehearsals during the past two weeks.

The Sophomore class has decided to hold its annual dance on Friday, Dec. 17, in the gym. They had planned to have the dance in January, but this month had previously been reserved for the entertainment and dance to be given by the Boys' Debating Club.

Starting Monday last, school now dismisses at 2:20 instead of at 2:26. The extra six minutes have been taken from the twenty minutes interval between the two lunch periods.

Track practice will not commence this year until after the Christmas vacation. The loss of Capt. Willis Bell, who entered Mercersburg Academy last fall, is a severe blow to the team. Bell ranked with the best runners in the suburban schools last season.

School closes on Thursday, Dec. 23, at the regular time and reopens on Tuesday, Jan. 4. Next Wednesday afternoon at three o'clock there will be a performance at the Newton Classical High School in honor of the club women of Newton. The play collected and presented by the Pilgrims' cast includes Miss Josephine Hopkins, Miss Ruth Ayres, Miss Richardson, and Mr. Alfred Stafford. The Plutocrat cast includes Mr. Hugh Wagner, Miss Marjorie Tower, Miss Miriam White, Miss Faith Addison, and Miss Narcissa Varney. The stage managers are Mr. Walter Tower, Mr. Ezra Stevens, Mr. Don Reynolds, and Mr. Shattuck Osborne.

In response to a cash prize recently offered to the pupils of the school by the Women's Federation of Clubs of

**Vocational School**

Newton, every pupil in the school has written on the Pilgrims or Puritans.

The exercises at the Monday morning assembly consisted of the following program:

An announcement from Mr. Williams in regard to the needs of the children in foreign lands and the efforts that had been made in this school to raise a Christmas fund for that purpose. Miss Bragg gave a recitation.

An announcement from Mr. Hoover was read by Herbert Lehman, William Keefe, John Hannagan, William McDonald.

A recitation, "Unto Me," was given by Frederick Reichert.

Two quartettes were rendered by Mr. Hardy, Mr. Sullivan, Mr. Swan, Mr. Coggeshall and a solo by Mr. Hardy.

The classes then reported upon the sums collected in the different rooms and red stars stating the amounts were placed upon the Christmas tree. It was found that \$141.80 had been raised.

The school was then addressed by Mr. Pearson, the head of a school in India. The speaker made very clear the different viewpoint in education in the East and in the West, and gave many constructive ideas as to the help that each could derive from the other.

**BOY SCOUT SWIMMING MEET**

The Boy Scouts of Newton met in the Y. M. C. A. Wednesday evening to match their skill against each other in the art of swimming. Four troops were organized for the contest which included everything from swimming six length of the tank or three hundred and sixty feet to diving for plates and submerging. It was the stiffest contest of the season but the Boys show up well under the trial.

This was the second contest in swimming held this season through the courtesy of the Y. M. C. A. authorities. There will be one more probably during the month of March, at which time the Newton Scouts and everyone in Newton for that matter will learn which is the best swimming troop in the district.

Great enthusiasm marked the contest of last Wednesday. Each troop had its rosters and every participant felt that it was up to him to secure first place and thus add extra points to the favor of his troop. For a while it was hard to tell who was winning, then Troop 1 of Newtonville drove ahead. Then Troop 7 of West Newton made a grand effort and added considerably to its number of points but the lead Troop 1 had made proved impossible to overcome, and the final score gave Troop 1 first place, Troop 7 second place, Troop 4, Newton Highlands, third place, and Troop 10, Waban, fourth place.

The standing of the troops at present is as follows:

Troop 4, Newton Highlands, one first and one third place; Troop 7, West Newton, two second places; Troop 1, Newtonville, one first; Troop 11, Newton Corner, one third place; Troop 10, Waban, one third place.

**CHRISTMAS PAGEANT IN NEWTON CENTRE**

"A Dramatic Pageant of the Birth of Christ," which comes on Wednesday evening, Dec. 22, at the First Baptist Church, Newton Centre, is given by the Church School, and is causing a good deal of interest.

It brings into vision and a new appreciation the most dramatic day in the Christian World,—the very first Christmas. It introduces some good carol singing and some remarkable impersonations, and through all it breathes the lovely and wonderful spirit of Christmas.

The participants are rehearsing carefully, and there are to be shown the quaint costumes of the Orient, the shepherds, the angels, and "the star in the east." Admission is free.

**ANNUAL MEETING**

The annual meeting of the stockholders of the First National Bank of West Newton, Mass., will be held at their banking rooms on Tuesday, January 11th, 1921, at 3:30 P. M. for the election of Directors and any other business that may legally come before them.

## EDITORIAL

The people have ratified the action taken last spring by the city government on the matter of supervised Sunday sports, and if the future holds nothing worse than what has happened during the past summer, there will be nothing to fear even by the most conservative element of the city.

We are glad to note that the people disapprove of licensing the sale of "non-intoxicating beverages" and are against licensing boxing exhibition in this city. We have existed many years without either and there was no occasion to make a change.

The citizens of Newton are to be congratulated that the city is once more in the No license column and it is a great pity, indeed, that the splendid No license record of the city for many years was spoiled by the inconsiderate action of the voters last year.

We have been compelled on account of paper conditions to print the Graphic for a few weeks on a different and cheaper quality of paper than usual. Our 1920 supply of paper has been exhausted and our 1921 supply will not be received until January.

We call attention once more to the increase in the subscription price of the Graphic beginning January 1st next. Until that date we will accept renewals of subscriptions at the present rate of \$2.50 per year.

The election of Mr. Harry B. Ross as ward alderman shows the value of the preferential ballot, altho we had hoped for a more emphatic vote.

The matter of better lighting in our school buildings is one in which every parent is interested, and the present plan of making appropriations for individual schools, instead of tackling the condition as a whole, places a premium on those school districts where the parents can bring the most pressure to bear on the city authorities.

## CITY WATER

There has been a rather general complaint throughout the city the past week on account of the dirty condition of the city water. This has been caused, in the opinion of Water Commissioner Whitney to the work just done by the department on two parts of the water system.

The city has just authorized an auxiliary pumping station near Ward street, and in connecting the new station with the water main, it was necessary to cut out the large main which supplied Newton Corner with water. That part of Newton was then supplied from another direction, and when the water was again turned on in the usual direction, the reversed current stirred up all the sediment which always lays in the mains and dirty water was the inevitable result. The above work was done on Sunday. On Wednesday the contractor for cleaning out the pipe between the pumping station and the main at Upper Falls began work, and the pumping engine was shut down. Under these conditions the city was supplied from water from the reservoir instead of direct pumping into the main. Unfortunately the contractor's machinery broke down and it was necessary to start the pumping machinery in order to maintain the supply. Here again a reversed current was created, which stirred up the sediment in a large part of the city. Conditions are now becoming normal and there should be less and less disturbance each day.

## CITY HALL

Supt. Charles Benyon of the Forestry Division has recovered sufficiently from his recent operation at the Brooks Hospital as to allow his removal this week to his home on Carleton street, Newton.

A petition for recount of votes cast in Ward 4 for ward aldermen has been filed and will probably be held this evening.

The usual caucus of the members elect of the 1921 board of aldermen will probably be held on Monday, Dec. 27th.

## DEATH OF MR. ROBINSON

Mr. Arthur Le Burton Robinson died at his home, 194 Waban avenue, Waban, on Wednesday. Mr. Robinson was 65 years old and had retired from business 15 years ago. He had lived in Newton for 19 years.

Mr. Robinson is survived by his wife, one daughter, Miss Dorothy Robinson, and a brother, Ambrose Robinson of Melrose.

The King Solomon Lodge of Somerville, the St. Paul Lodge of Boston and the Rev. Chas. H. Cutler of Union church officiated at the ceremony which was held on Friday afternoon at his late residence, and the burial was in Newton Cemetery.

## GIRL SCOUTS

Troop 1. The Girl Scouts of Newtonville are to give an entertainment on Saturday afternoon, Dec. 18, in the parlors of the Universalist Church, Washington Park, at 3 o'clock. There will be two plays, "Oysters" and "A Precious Pickle." Tickets may be obtained from any member of Troop 1 or at the door.

Troop 3. The Newton Centre Girl Scouts held a fair on Saturday afternoon, December 11, in the parlors of the Methodist Church, Newton Centre. The parlors were most attractively decorated with greens and red streamers. There were fancy tables, a Christmas-card table, of course a candy table. There was a silhouette booth which was most popular and the Fortune Teller's booth had a long line of patient waiters in front of it most of the time. There was a "Puppet Show" which was given twice during the afternoon which was very good and very amusing. Ice cream and tea were served and the afternoon was a great success.

Leaders' Class. The next meeting of the Leaders' Class will be held on Thursday, December 23. This will be the last meeting of a course of six lessons. This class has been very well attended, and the meetings have been very interesting and very instructive. On Thursday, Dec. 9th, Miss Dorothy Dean, Field Captain of the Metropolitan Division Girl Scouts, gave a most interesting talk on Hiking and Camping. Last Thursday Miss Harriet Cole talked on "Health and Posture," and Miss Sharp of the Newton Hospital gave a lesson in Emergency First Aid. "Games, the reasons for them and how to play them" will be the subject of the talk next Thursday.

Bugle Corps. Bugle lessons have started. Miss Koch of the Brookline Bugle Corps is the instructor. Lessons are held at the Newton High School every Thursday afternoon. Twenty girls have enrolled in this Corps.

## NEWTON POST A. L.

Major C. Ray Cabot was unanimously elected Commander of Newton Post 48 at the annual election of officers held in the Legion room of West Newton last week Thursday night. Major Henry D. Comerai was chosen Vice Commander. Other officers of the Post for the coming year will be Robert L. Cunningham, Adjutant; Thomas W. Quinn, Finance Officer; Rev. William J. Farrell, Chaplain; Leo Taffe, Historian. The Executive Committee was elected as follows: Newton M. Kimball, ward 1 of Newton; Edward L. Murtigh, ward 2 of Newtonville; Sinclair Weeks, ward 3 of West Newton; Thomas Franey, ward 4 of Auburndale; Frank P. Hurley, ward 5 of Newton Highlands; Levi Libby, ward 6 of Newton Centre; Henry M. Bliss, ward 7 of Chestnut Hill and the delegates-at-large are Thomas F. Hickey, Heywood S. French, Edward Edmunds, Jr., and William H. Carey.

It was voted at the meeting to increase the dues from \$2.00 to \$3.00 annually to allow the post sufficient funds with which to hold entertainments during the winter or to defray other expenses which accrue during the year. Announcement was made of the appointment of John H. Fahey of West Newton as Sergeant-at-arms. Prior to the election of officers, there was a very interesting talk given by Arthur D. Hill, corporation counsel for the city of Boston, formerly a Lieutenant Colonel in the Judge Advocates' Department in France.

Following the meeting light refreshments were served by the Entertainment Committee, and a smoke talk was enjoyed around the fire-place until a late hour.

## DR. MAY AT MANILA

The November number of "The Chronicle," the official publication of the Missionary district (Episcopal) of the Philippine Islands, recently received by Rev. Edward T. Sullivan of Trinity Church, contains the following item that will be of interest to many people of Newton, patients and friends of Dr. May:

"Dr. George E. May of Newton Centre, Mass., came to the Islands, saw and was conquered. We have been so extremely fortunate as to have him join the Hospital Staff, and to enter into the residence with Dr. Burdette in the Doctor's House. His medical and surgical skill, his literary interests, his genial companionship, have added a great deal to the life of the entire Mission, and all feel that in him we have a friend, a helper and a tower of strength."

"There is no desire to incur the enmity of his family, friends and patients at home, who long for his return—but where a need is so great it may, perhaps, be pardoned if the hope is expressed that the chains that bind him to the Philippines may not be loosened for a long time to come."

## TURKEY HELPED BY GERMANS

Jute Bags, Designed to Block Suez Canal, Are Now Being Put to Peaceful Use.

It is always a pleasure to acknowledge a debt of gratitude to one's foes. The German occupation has left many a nightmare in this poor land; but some benefits as well. One of these has recently come to light. Hundreds of poor are peddling on the streets of Constantinople jute bags, with handles, which are very convenient for carrying home rice or onions or bread or patiljan (egg-plant) or any other purchase. For six or seven cents, one can have a good strong bag.

The story of these is interesting. During the early days of the war, when the campaign against Egypt was undertaken, the plan was conceived of driving the British back to the Suez canal, filling up the canal with the sands of the desert, and walking over into the new Promised Land, and thus "delivering" Egypt from the yoke of tyranny. To facilitate this project, the Germans sent into this country millions of jute bags, which were to be filled with sand and piled into the canal in a hurry when the conquering invaders reached its banks.

When the American committee for relief in the near East sent out its shipments of supplies for the starving of this country, and no warehouses could be had for love or money at Constantinople, the fine large German warehouses at Derindje, on the gulf of Nicomedia, were requisitioned for this humanitarian purpose, and granted to the relief committee. In these were found about one million of these German bags. For a long time they were left alone; but recently some enterprising firm has got hold of them, cut each one in two so as to make it of convenient size, stitched up the ends, put handles on—and the population of Constantinople thanks the Germans for their unintentional gift! And the Suez canal is still open for traffic—From the Orient, Constantinople.

## WAGE WAR ON ALFALFA PESTS

Parasites Will Be Imported to Fight Destructive Work of Weevil in Many States.

Within the last dozen years a destructive insect called the alfalfa weevil has appeared numerous in northern Utah and parts of Idaho, Wyoming and Colorado. It is a small beetle, and does a lot of damage to one of the most important forage crops.

The United States bureau of entomology has been called upon to fight this beetle, and in addition to devising means for destroying it has gone so far as to import from Europe (whence the insect came) fly parasites that prey upon it over there. The parasites are hatched and bred in little wire cages covered with cheesecloth, which are scattered thickly over the alfalfa fields.

What is most desired is to prevent the spread of the beetle into other regions. By adopting the control measures already worked out the farmer can prevent injury to his alfalfa at a cost of only \$1 an acre per annum—a cheap rate.

## New Sign Posts.

One of the things most admired in France by the doughboy entrusted with the delivery of important messages, or truck loads of ammunition, was the sign posts telling him precisely how far he was from his destination. But they were antiquated in some instances, and so small that they could not be read at a distance. Just before the outbreak of the war France was planning to have them replaced by larger ones arranged on a more scientific basis. Then came the war. It now costs 135 francs to set up one sign post, and France needs 35,000 of them.

The French government, being unwilling to finance the scheme at the present high cost of iron, concrete and paint, Andre Michelin, president of the Aero club of France, has undertaken to supply the republic with the necessary guides.

## Villa Now Good Citizen.

Revolutionary to ranchmen operating in a big way is the transition through which Francisco Villa is now passing, says the Nation's Business. The ranch given him by the Mexican government measures up in area to the requirements of a patriarchal estate, as it runs into the thousands of acres. Work is to be on a corresponding scale. The initial equipment in tractors, motortrucks, plows, harness, picks, shovels and all other old and new mechanical aids to agriculture is to cost about \$150,000.

## Economic Novelties.

Economic novelties continue to be the order of the day in international trade, says the Nation's Business. American ship plates are now being used in British yards for steamers that will fly the union jack. Not to be behind the times, South Africa has come forward as a textile manufacturer, and has actually shipped woolen goods to London, thus committing an economic feat that exceeds shipping coal to Newcastle.

## As the Neighbors See It.

Walter Pulitzer met a lady at a concert who proudly informed him that no less than six of her children were vocal students. "Our home," she wound up, "is a veritable nest of singing birds."

"No doubt," said Mr. Pulitzer, "the neighbors wish some cruel person had stolen the eggs."—New York Post.

## HUNNEWELL CLUB

A Ladies' Afternoon Bridge was held at the Hunnewell Club on Thursday afternoon, Mrs. Arthur E. Blake more in charge. There were eight tables. Souvenirs were won by Mrs. Edward O. Loring, Mrs. Nicholas Young, and Mrs. Walter R. Andrews. Tea and a social hour followed the playing. Those who poured were Mrs. Philip Nichols and Mrs. Frank P. Scofield.

Saturday night there will be a special bowling prize of a Vermont Turkey for the high three string total. A concert by the following well-known artists, Olive Russell (soprano), Irma Seydel (violin), Frances Aldrich, (interpretative dancer) and Mrs. Carolyn Kahari, will be held on Tuesday evening, Dec. 21st.

On Wednesday the club will bowl Maugus.

Christmas Day the club will keep Open House, and there will be special prizes for bowling.

## Burr School

Miss Mabel Bragg, the Assistant Supervisor, is to tell Christmas stories at the Burr School next Thursday. The upper grade chorus will sing carols, and there will be other numbers on the program contributed by the different grades.

## WOMEN'S CLUBS

GRACE M. BURT, Editor.

The committee on the sale of Christmas Red Cross seals is finding rather more uphill work this year than last and earnestly urges that the men and women of Newton be as generous as possible in their purchase of these seals. The great bulk of the receipts is spent right here within our own city for the up-building of the health of our own children. Unless the sales exceed the present outlook the classes in nutrition, the results of which have fully repaid the money outlay, will have to be abandoned. One solicitor stated many houses turned her down. The building up of the physical condition is the best preventive of tuberculosis and of many another disease. This is being accomplished through the proceeds from the seals. Remember the old adage about the "ounce of prevention."

The English department of the Classical high school extends a most cordial invitation to all club women of the city, as well as to parents of the school, to attend the Tercentenary Exercises in the school's Assembly Hall on Wednesday afternoon, December 22nd, at 3 o'clock.

The program will consist chiefly of a play of two scenes entitled "Plato and Pilgrims." The motif, the setting and the entire dialogue are the result of the co-operative effort of five or six students. The acting has been given over to a different group of students for each scene, who are putting forward their best efforts in order to give the most sincere and artistic interpretation of the performance. It is a measure the outgrowth of the prizes offered by the Newton Federation through its Education committee for the best essays on "The Pilgrims." Already in the classical school over 900 have been written, of which 75 are now in the hands of the judges for their consideration. Pressure has prevented the other high schools taking up the essays until after vacation. The outcome of this work is awaited with eager anticipation. Mr. Underwood of the English department in the Classical school says, "We think the excellence of these compositions will fully justify the purpose and liberality of the Federation in offering the prizes."

### Local Announcements

Tomorrow afternoon Miss Alberta J. Crombie of Columbus street will be hostess for the meeting of the Newton Highlands Shakespeare Club, when Mrs. Stratton will be in charge of the quiz on the third act of Cymbeline.

A Merry Christmas Party is being planned by the Woman's Club of Newton Upper Falls for Monday evening, Dec. 20, for the members only. There will be a Christmas tree, gifts and games, each member being asked to bring a ten-cent gift. The affair will be held in the kindergarten room of the Emerson school. Refreshments will be served under the direction of the hospitality committee, Mrs. Herbert S. Rogers, chairman. There will be an impersonation of the Anne Hutchinson Statue and a silver play for the fund, being raised by the clubs of the State Federation towards the purchase of the statue, will be taken.

Much preparation has been put by the dramatic committee of the Newtonville Woman's Club into the presentation of the Tercentenary Play, "The Magic Heart," which is to be given at the Technical high school Tuesday afternoon and evening, December 21st. As has been already announced, Mrs. Francis Flagg, chairman of the committee, has written the play which has for its theme, the vision of a great freedom, as exemplified in the birth of a great leader, the birth of a great nation and the birth of a great brotherhood. The three episodes are: The Birth of the Magic Heart; The Great Adventure of the Magic Heart; and the Shrine of the Magic Heart. There will be symbolic dances and music by the Technical High School orchestra, as well as incidental music by well known artists. A great treat is assured for all who attend.

A young people's dance is being arranged by the Education committee of the Auburndale Woman's Club for Monday evening, December 27, in Norumbega hall, for the benefit of the Scholarship Fund. The Colonial orchestra will play for dancing from eight to twelve. Tickets are in the hands of the committee, Mrs. George W. St. Amant, chairman.

### Local Happenings

S. K. Ratcliffe of England, speaking before the Newton Community Club last Thursday afternoon, gave a remarkably fine discussion of "What is happening to Thought in America and England." We are all of us, he said, conscious that some tremendous movement of the human mind is going on in the world at the present day. The old placid, complacent world of the nineteenth century is suffering a change. The world has been deepened and widened. There has been a decline of the belief in the sufficiency of the reason, and we have gained a sense that the non-reasonable part of life plays a more important part than we had supposed, until many have been led to make a cult of the non-reasonable. The war gave us a triumphant revelation of the inner character of our young people. We found that courage, love and fun make up their religion. Since the war we have been suffering a vast sense of disillusionment. Something has been happening to the accepted synthesis. The world is in ruins today, no parallel to which has been seen since the break up of the Roman Empire, and that was a very small thing in comparison. The whole system of representative government is being entirely changed. It is evident today that we are not getting the government that the people want. By way of illustration, the speaker cited the fact that practically all the press of England were openly opposed to allowing the Lord Mayor of Cork to starve himself to death, yet the government elected by the people permitted it.

In discussing the conditions of labor and capital, he feels that the vast majority of the people are cured of any wish for revolution.

The address was listened to with close attention by the large audience and all felt the compelling power of the speaker's oratory.

At the business meeting the Clives and Social Service committee, through its chairman, explained the various referenda to come before the city election and summed up the arguments which have been made on the different sides. The club chorus sang and led in the singing of "America" at the close. Announcement was made of the classes which are to begin in January and February. Miss Margaret Aubin will conduct a business class of five talks on Thursday morning; Mrs. Cyrus Dallin an Art class on Wednesday afternoons. Mrs. Elsie M. Sherman will lead a class in Parliamentary Law on Monday afternoons beginning in February. Further details will be announced in a subsequent issue. Full information may be obtained by applying to Mrs. Philip S. Jamieson, 21 Marlboro street.

A delightful afternoon was enjoyed by the Woman's Club on Monday, Miss Ethel Priscilla Potter read Barrie's "What Every Woman Knows." It was a remarkably clever piece of acting, it being very hard for the audience to realize that one voice was carrying so many parts. Her Scotch accent was perfect. Mrs. Herbert R. Stearns sang a group of four songs delightfully. The hostesses for the afternoon were, Mrs. F. W. Webster, Jr., Mrs. A. C. Ludlum, Mrs. A. Ward, Tea was served.

Mrs. Grace M. Poole in her lecture before the Newtonville Woman's Club on Tuesday afternoon of this week discussed the Irish question in a clear and forceful manner, giving in the place of a brief review of the historical background. She characterized the whole matter as a combination of English pigheadedness and Irish irresponsibility.

At the regular meeting of the Auburndale Review Club on Tuesday morning at the home of Mrs. Richard O. Walter, Mrs. Charles D. Pickard was in charge of the program, the subject being "Children's Literature." Miss Ellen C. Williams opened the Public Library work for Children. Mrs. Pickard treated Children's Literature up to 1880 and Miss Shattuck of the Newton Library substituted for Mrs. Robert Gilman, who was ill, speaking of Present Day Books for Children. Mrs. Arthur Francis Farley rendered delightfully four children's songs.

"Modern School Experiments" proved a very fruitful and interesting subject as presented by Mrs. J. William Blaisdell and Mrs. Robert G. Howard at the meeting of the Newton Social Science Club on Wednesday morning.

Mrs. Blaisdell described the work in the Oliver school, known as the Lawrence plan, with its socialized recitation. Also the "Opportunity School" in Denver, where it is opened for \$30 in the morning to \$30 in the evening and all ages come and go, receiving the particular training each most needs. The enrolment in this school has reached 2300. The speaker also outlined the rise and growth of what are known as Open Air schools, originating in Charlottenburg, Germany, adopted later in England, in 1908 by Providence, R. I., the next year by Boston and the most recent and effective ones in Portland, Oregon. Several grades in the Peirce School at West Newton have been adopted by this city. The underlying thought of these schools is that health is a means to scholarship.

Mrs. Howard discussed the Gary system of education and some of its adaptations to the schools of New York city and a few other cities. The dominant features are, the two-platoon system, a program divided into work, study, play, the theory of "learning by doing," and departmental work, that is, the children reciting to different teachers in different subjects instead of being under the guidance of one teacher for all subjects in the same grade. Then there is the promotion by subject, which enables a division of the scholars into the rapid, normal and slow groups. The school day is eight and one-fourth hours but there is no home work. The whole tendency of this form of education is to break down the barrier between the intellectual and the cultural.

Educational authorities are studying this plan very carefully and finding much to commend in it. Teachers trained in the old methods make objection to the longer hours, others consider that the departmental work begins too young. Some teachers feel that one does not get to know her pupils as well, others, on the contrary, feel that with a connection through several years, they are able to know them better. Notwithstanding the school riots in New York, over the introduction of this system, many features have since been reinstated and are now in operation.

### FEDERATED GLEE CLUB

Nearly two hundred men attended a meeting in the Mason School Hall, Newton Centre, last Friday evening, to consider plans for the federation of the men's glee clubs of Greater Boston. Members were present from the Shubert Glee Club of Malden, Beverly Glee Club, Wollaston Glee Club, and the Highland Glee Club of Newton. President H. J. Gurney of the Wollaston Club, who is the originator of the idea, outlined his plans for the amalgamation of the societies, and told of the desirability of their appearing in a joint concert at some suitable place in Boston during the season of 1921. It was voted to proceed with organization. After a brief musical program by soloists, the combined clubs sang familiar selections under the club directors.

## DEATH OF MISS AIKEN

The Burr School has met with a great loss this week in the death of Miss Susan C. Aiken.

Miss Aiken has served the city of Newton as one of its head Kindergarten teachers for more than twenty-five years, and has been at the head of the Kindergarten work in the Burr School ever since its erection.

No teacher could be more loved and respected than Miss Aiken. She was enthusiastic in her chosen profession, and loved all childhood. She deeply realized that patient, loving direction in the lives and thoughts of little children, would bear fruit in later years, and this thought ran through all her years of service.

Miss Aiken did much in moulding public opinion, in the early days of the Kindergarten in this city, when its value was being weighed, and the younger teachers owe much to her, and her contemporaries for the firm foundation, which she laid.

Nothing could be greater proof of the real love Miss Aiken inspired, than the fact that not a day has gone by since her illness prevented her from being at her post, that several of the older boys and girls of the district have not called at the kindergarten room to ask for the latest word, or to give some message of real affection from some mother.

Miss Aiken truly followed Froebel's call to "come and live with and for the children," and her memory and influence will be fragrant in the lives of hundreds of children and young people for years to come.

In honor of her memory, the flag at the Burr School was at half-mast on Friday, and in every room of the Burr and Williams Schools on that day something was said of her life and influence.

Services were held on Monday at Mrs. Libby's sanitarium, Centre street, Newton, on Monday, the Rev. Laurens MacLure officiating, and the burial was at Amherst, N. H.

### ALUMNI DINNER

More than a hundred Baptist clergymen, graduates of Newton Theological Institution, met at the City Club Monday noon for the annual alumni dinner and reunion. Rev. C. H. Spalding of the Class of 1868 was the oldest graduate present. As president of the alumni association, he acted as chairman at the meeting. Others of his class who were present were Rev. George B. Halsey, Professor George H. Whittemore of Cambridge, and Rev. D. Donovan, whose son, Professor W. N. Donovan is also a graduate of the institution and secretary of the alumni association.

The meeting was opened with prayer by Rev. H. C. Archibald. Addresses were made by President George E. Hays, D. D., of Newton Theological Institution; Rev. James E. Norcross, D. D., of New York, secretary under the Board of Promotion, and S. Harold Greene of Newton for the Board of Trustees. Rev. George F. Finney of Lewiston, Me., spoke for the younger alumni. During the meeting a quartet of students at the institution sang "Still, Still With Thee" and "In Heavenly Love Abiding." Members of the quartet were George E. Blackwell, '21; John W. Brush, '23; Charles L. Senholes, '23, and Paul E. Alden, '21. Professor Woodsam Bradbury, D. D., acted as leader.

Guests of the afternoon were Rev. G. H. Watson, D. D., former president of the Board of Trustees, and Emory B. Gibbs of Boston. Rev. W. H. Spencer, D. D., of the class of 1869 was among the older graduates present.

### COMPANY H

On Monday night at the Newtonville Bowling Alleys, a bowling contest between A. Co. Associates of the 11th Regiment M. N. G. and Co. H, 101st Infantry, M. N. G. was won by Co. A. The winning team consisted of Capt. Perry, Lieut. Young, Lieut. Dame, Corp. Leonard, and Corp. Dill, and Co. H was represented by Corp. Sutherland, and Privates Doherty, McCrary, Bailey, and Saunders.

Co. H has at present the names of 71 enlisted men on its roster and is making rapid progress in the school of the soldier, school of the squad, and school of the company. On Monday night rifles were allotted and full equipment is expected within a few days.

The Waneta Association gave a reception and dance last night to Company H. There was a large attendance and the affair was most successful. Next Wednesday the basketball team plays Co. F of the 1st Engineers at the State Armory. With this game the K. of C. teams play a game in its schedule. Dancing will follow.

Mayor Childs is interested in the matter of financing the trip Co. H expects to take to the inauguration at Washington next March.

### BASKETBALL

The Newton Y. M. C. A. Intermediate basketball team held Cambridge to a tie at the close of the second period last Saturday night, although the latter team won by a single basket in the five minutes given to play it off. Newton team was picked up for the occasion, some of the players being perfect strangers to each other. The awkward arrangement of the baskets and the weight of their opponents handicapped them too. In spite of these difficulties our men played a game which was admitted by Cambridge to be far superior to her own. Cambridge's team-work kept the ball near her own basket, but whenever Newton had a chance to shoot, there was usually another mark placed on the score book. Arthur Haynes playing forward in the second half made some long shots that set the Cambridge bleachers cheering.

Lichauco as usual played the ball and never the man. Cunningham and Christie worked hard and piled up points with the help of Van Buskirk who played hard and clean. Ferris and Woodward alternated at guard in the first half and it was due to their speed and cleverness that the period ended with an even score—11 to 11. The second period closed 27 to 27 and was played off, 31 to 29. The return game will be played at Newton on Wednesday, January 12th.

## AN INSANE CHRISTMAS SUGGESTION

The insane suggestion of a lighted window candle for Christmas Eve, with its inevitable tragic consequences, has again made its appearance, it was stated today by the National Board of Fire Underwriters. John H. Stedman, of Rochester, New York, has originated what he calls a "Christ-Candle" movement and has sent out a pamphlet urging that it be adopted in all the homes of the country. This highly dangerous bit of sentimentality is based upon the "old tradition" that "a lighted candle set in the window on Christmas Eve will guide the Babe of Bethlehem to your home that he may bring you happiness."

Fire prevention forces are spending much time and energy in the effort to educate the public in common sense carelessness. It is therefore disconcerting when a magazine of great influence gives currency to a suggestion which violates the most fundamental dictates of common sense. The reality of the danger involved appears in the fact that figures just compiled by the National Board of Fire Underwriters show that there was approximately \$17,500,000 worth of damage done by fires caused by open lights in the years 1915 to 1919, inclusive, not to mention the loss of life incurred.

## CHINESE NIGHT AT ELIOT CHURCH

Last Friday night occurred the annual reception of the Eliot Men's Club to the Chinese students of Greater Boston. Mr. Louis D. Gibbs, President of the Club, and Mr. H. W. Fitts in charge.

About 60 guests representing Boston University, Tech, Tufts, New England Conservatory, Wellesley, Emerson School of Oratory, Harvard, and Mt. Ida, sat down to the tables provided for them in the centre of the room, members of Eliot Church acting as hosts and hostesses.

The program included an address of welcome on the part of the pastor, Rev. H. Grant Person, in which he called attention to the fact that although China was older than the U. S. in many ways, she was younger in regard to democracy, and expressed the hope that she would soon come into her own.

Following him, Mr. H. Y. Tsui gave a number of Chinese jokes. He, in turn, was followed by a trio, Mr. Ching, Mr. Chang, and Mr. Hua, who played on Chinese instruments. To Western ears, the music had a sweet, plaintive melody.

One of the Chinese young ladies, Miss W. S. Lui, from the Emerson School next gave "The Overthrow of the Kitchen Gods," a touching story of Chinese life, which appeared as a prize story in one of our magazines recently.

An address in Mandarin Chinese of Mr. W. Ewing held the attention of all who could follow it. A Chinese guest explained that the address was on the nature of advice to young men.

Mrs. Edward B. Botsford pleased her audience by giving one of her famous whistling solos accompanied by Miss Gwendolyn Currier at the piano.

Mr. T. L. She, President of the Harvard Chinese Club then gave a response on the part of his fellow countrymen to the attention they had received. Speaking of China he said that there was no danger of "The Yellow Peril," but he felt that there was danger of Western civilization being introduced too rapidly into China. He pleaded for the preservation of Chinese music and art, and rather naively remarked that "At first American music sounded to me like a lot of noise; now I like it." "Our mission in China," he added, "will be not to destroy but to fulfill."

Refreshments, both American and Chinese, and a social good time concluded the program for the evening.

## NEW RECTOR

The Parish of the Episcopal Church at Waban, passed a milestone in its career on Wednesday evening, December 8th. The occasion was a supper given by the Woman's Guild followed by an informal meeting of the Parish, at which the budget was presented and the matter of finances talked over.

The real event of the evening, however, was an informal reception, to the new rector, the Reverend William Lawrence Wood and Mrs. Wood. Mr. Wood's last Parish was at Lenox, Massachusetts, and following that was across seas as a chaplain.

Later in the evening Mr. Wood was formally introduced by the Senior Warden, Mr. Edmund Winchester and he spoke briefly as to his hopes and ambitions for the future of the Parish. Then the rest of the evening was given over to moving pictures.

The combination of attractions created such a demand for tickets that it was necessary to limit the sale to the capacity of the hall in the Waban Neighborhood Club House, although an announcement of supper from the Guild is always sufficient to bring out a large attendance. As to the quality of the supper and the service, it is only necessary to say that it was in charge of Mrs. George V. Phipps, the energetic President of the Guild.

Mr. Wood preaches his first sermon on Sunday morning, December 19th, and the Parish has the best of reasons for congratulating itself on the acquisition of a rector who gives promise of so much for the welfare and progress of the Parish of the Good Shepherd.

## CHURCH ADVERTISING

The fact that it pays to advertise has long been recognized by successful merchants, and it is interesting to pick up papers from many sections of the country and see that the ministers of the land are fast learning this truth and applying it to their own field.

When the minister stops to think for one moment he cannot help but realize he has the greatest thing in all the world to offer to humanity—eternal life. There are two ways of advertising, by word of mouth and through the newspapers. So the preacher is an advertiser by word of mouth, but through this method he can reach but a few score of people each Sunday, while the newspaper can carry his messages into hundreds of homes every week.

It would seem that with every form of amusement parading itself in the public prints the church could no longer afford to ignore the power of the printed word. It cannot afford to further fail to recognize and use the newspaper columns to advance the interest of the organization. Can the church afford not to advertise when a greater number of souls approaching destruction can better be appealed to through newspapers than through any other source?

We see churches and Sunday schools advertising in many of the weekly papers of this country, while the big city papers carry church advertising right along. Attractive advertising will arouse interest in any church movement, and we believe a little of it as an experiment new to Malcom, and community would not be a bad idea.—Leader, Malcom, Iowa.

SAY IT NOW  
From Forbes' Magazine

If with pleasure you are viewing any work a man is doing, If you like him or you love him, tell him now. Don't withhold your approbation till the person makes oration. And he lies with snowy lilies o'er his brow; For no matter how you shout it, he won't really care about it; He won't know how many teardrops you have shed. If you think some praise is due him, now's the time to slip it to him. For he cannot read his tombstone when he's dead.

More than fame and more than money is the comment, kind and sunny. And the hearty, warm approval of a friend. For it gives to life a savor and it makes you stronger, braver. And it gives you heart and spirit to the end. If he earns your praise, bestow it, if you like him, let him know it; Let the words of true encouragement be said. Do not wait till life is over and he's underneath the clover, For he cannot read his tombstone when he's dead.

## D. A. R.

The Lucy Jackson Chapter, D. A. R., held its regular meeting at the Chapter House, Newton Lower Falls, on Dec. 13th. The Regent, Mrs. Fessenden, presided and the hostesses were the Misses Webber, Mrs. L. A. Webster, and Miss Olive Webster.

The exercises were in commemoration of Mayflower Day and two addresses were given. One by Mrs. Frank M. Sherman was an outline of the proposed work at Plymouth of the Tercentenary Committee in 1921.

The second one was an admirable account of the life and adventures of Elder William Brewster, given by Miss Lucy Ellis Allen, one of his direct descendants.

At the business session, appropriations were voted for the Berry School in Georgia and the International College in Springfield.

The third entertainment given by the chapter this season will be a Christmas party at the chapter house on the evening of Dec. 28th when the guests will be given an opportunity to see the old house by candle light and enjoy an old-time entertainment.

## DAUGHTERS OF THE REVOLUTION

At the annual Fair held by the Daughters of the Revolution last Friday at the New England Women's Club rooms, the Sarah Hull Chapter was represented by the following members who served on the flower table, Mrs. Franklin E. Smith, Mrs. George Agry, Mrs. Edgar M. Horne, and Mrs. Geo. Lincoln Parker. The following served on the supper table: Mrs. Willard L. Sampson, Mrs. Lillian Leonard, Mrs. Genevieve Crawford, Mrs. E. Partridge, Mrs. Catherine Pearson, Mrs. Grace G. Gibbs, and Miss Clara J. Coburn had charge of the Program.

The Society held its annual state luncheon at the Buckminster on Thursday.

## DEATH OF MISS AIKEN

Miss Susan C. Aiken whose death was announced last Friday, was the head teacher of the Kindergarten in the C. C. Burr School.

She had resided in Auburndale since about 1885 when she came here and established a private kindergarten in the former building on the corner of Hancock street and Woodland road. She had previously taken a course at Wheaton Seminary and prepared for her special work at Miss Wheelock's School. Fortunate were the little children who came into her care.

She made many warm friends, and when Supt. Aldrich decided to have a public kindergarten in the Williams School the position of principal was offered to her and she accepted, taking her little class along with her.

Modest and retiring in her nature she went earnestly about her work, and only the teachers who followed her in later work for the children knew the full value of her training.

Children came in crowds to her school so that it was necessary to establish another kindergarten on the North side and the old Ash street building was fitted up according to her design. She was the daughter of missionaries, and when she had her choice as to which school she would teach she preferred the Ash street school, thinking perhaps she might do more good there.

She took a personal interest in each child and enjoyed meeting them, visiting them in their homes, and following them later in life.

She was always studying and taking courses in connection with her work and had trained many workers in her field. Miss Edith Ratsey, Miss Lou Johnson, Miss May Chapin, and the present capable assistant, Miss Ruth Woodberry were among her associates.

She was a member of the Wheaton Club, of the Auburndale Woman's Club, and of a number of kindergarten associations. She was a devout church woman, attending the Church of the Messiah at Auburndale and the church of the Advent when in Boston. Almost all of her vacations were given to her aged mother who lived at Amherst, N. H., and who depended upon her largely for her care and keep. Although this prevented her taking the recreation which is so necessary in teaching work she made no complaint, but carried her cares cheerfully. She is a great loss to the schools and to her many friends, and her example is one which may well be followed. A useful life—well lived, well spent—now comes her reward, the "Rest that remaineth."

## DEATH OF MR. FREEMAN

Mr. Edward Alden Freeman of 541 Ward street, Newton Centre, died suddenly Monday at the Newton Hospital following an operation performed on Sunday night.

He was the son of Mr. and Mrs. Leverett N. Freeman of Newton Centre and was born in Concord, N. H., Aug. 10, 1896. He entered Harvard with the class of 1918 and subsequently went to Tech, where he became an instructor under Prof. Spofford after finishing his course there.

Defective eyesight prevented him from going to the Plattsburg Officers' Training Camp when he completed his work with the Harvard Regiment, but he entered active war service with the War Department in South Boston. Returning to Tech after the war, he later entered the employ of Fay, Spofford & Thorndike, consulting engineers at 15 Beacon street, Boston.

He was a member of the Harvard Club, the Alpha Sigma Phi fraternity and the Boston Society of Civil Engineers.

Funeral services were held at his late home Wednesday morning. Rev. Ashley Day Leavitt of the Harvard Church, Brookline, and Rev. Edward McArthur Noyes of the First Church of Newton Centre officiated.

Burial was at Concord, N. H.

## POLICE NOTES

Not only did Schuyler Cutler have to pay a fine of \$25 for assault and battery in the Newton Court Saturday, but his offense resulted in his being indefinitely suspended from his position as day engineer in the city pumping station at Newton Upper Falls. The complainant was Henry A. Miner, Jr., night engineer of the plant, who claims that Cutler struck him during an argument over the engines.

## OLD NEWTON ESTATE SOLD

The May estate at the corner of Centre and Jefferson streets, Newton, comprising a frame house with 12 rooms, baths and laundry, together with about 24,000 feet of land is to be developed in the near future. The house and about 10,000 feet of land has recently been purchased by Mrs. John F. Cahill, who, after extensive alterations will occupy as a permanent home. The balance of the land about 14,500 feet at the corner of the two streets is being seriously considered by a Boston syndicate with the object of erecting a business block which will practically cover the entire lot. It is proposed to construct in the basement, a first class billiard and pool room together with modern bowling alleys, public baths and a modern barber shop. The street floor will be used for an absolutely modern theatre and stores. On the second floor there will be professional and business offices, and the third floor will be used for modern apartments varying in size from two rooms and bath to 3 rooms and 2 baths. The building will also contain at least two and possibly three modern halls of varying sizes. The building will be strictly fire proof and is estimated to cost about \$1,000,000. It is expected that ground will be broken in the early spring and that the building will be ready for occupancy in about a year.

This improvement will add greatly to that part of Newton and will relieve the crowded business conditions at Newton Corner.

The matter has been arranged through the real estate office of Michael O'Connor.

The same office also reports the sale for Albert D. Rice of his property, 15 Peabody street, Newton, comprising a two-apartment house of 8 rooms and bath each, together with about 10,000 feet of land. The price was in excess of the assessed valuation. Mr. Nicholas J. Kelly was the purchaser and after extensive alterations, he will occupy the same.

The same office also reports that it has many other extensive transactions under way.

PROBATE COURT.

To the heirs-at-law, next of kin and all other persons interested in the estate of George Edward Martin late of Newton in said County, deceased.

WHEREAS, a certain instrument purporting to be the last will and testament of said deceased has been presented to said Court, for Probate, by Emily Herrick Martin who prays that letters testamentary may be issued to her, the executrix therein named, without giving a surety on her official bond.

You are hereby cited to appear at a Probate Court to be held at Cambridge in said County of Middlesex, on the twentieth day of December A. D. 1920, at nine o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And said petitioner is hereby directed to give public notice thereof, by publishing this citation once in each week, for three successive weeks, in the Newton Graphic a newspaper published in Newton the last publication to be one day, at least, before said Court, and by mailing post-paid, or delivering a copy of this citation to all known persons interested in the estate, seven days at least before said Court.

Witness, George F. Lawton, Esquire, First Judge of said Court, this twenty-ninth day of November in the year one thousand nine hundred and twenty.

F. M. ESTY, Register.  
Dec. 3-10-17.

Notice is hereby given, that the subscriber, public administrator, has been duly appointed administrator of the estate of Kate McGuire late of Newton in the County of Middlesex, deceased, intestate, and has taken upon himself that trust by giving bond, as the law directs. All persons having demands upon the estate of said deceased are hereby required to exhibit the same; and all persons indebted to said estate are called upon to make payment to

## Y. M. C. A. NOTES

Rev. Charles W. Brashares will be the speaker at the Fellowship Club on Monday evening, December 20th.

A representative group of men met at the Y. M. C. A. on Thursday evening to discuss plans for the presentation to young men of the claims of Christian Citizenship. Mr. J. P. Chadbourne, who rendered service overseas for nearly three years among the American and British fighting men was the speaker.

On Wednesday evening, December 15th, the Boy Scouts of Newton held a swimming contest in the Y. M. C. A. pool.

Quite a little interest has been aroused on the bowling alleys as to the winner of the Christmas turkey. The prize is to go to the one making the highest three-string total on the Y. M. C. A. alleys by Thursday evening, December 23rd. The bowling committee is arranging a series of match games with other Y. M. C. A.'s and clubs.

**Boys' Dept.**

# WHAT ARE "INSTEAD-ERS"

Here is a Specimen "Instead-er"

(This illustrates what is meant by an "Instead-er," but is not a part of the contest.)

"I asked for mince-pie tonight,"  
Jim Jinks to his young wife said;  
"I asked you to try to 'make me a pie'"  
But - - - - - Instead.

(What Did She Do?)

What DID She Do Instead?

All you have to do is tell what she did instead of making him a pie. She may have made him something else—or she may have made him nothing. There are hundreds of things she might have done instead. There is no rhyming needed. Here are two things she might have done instead.

But made him a "nightie" instead.

But told him to make it himself instead.

Of course any number of other ideas will suggest themselves to you.

### N. H. S. HOCKEY

Newton High, with a record squad of 65 candidates for hockey has fond hopes of gaining permanent possession of the league trophy, which must be won three times. Newton has three letter players available—Capt. Clark Hodder, who probably will be shifted from defence to a centre-ice position in the forward line; Clement Coady, veteran centre, who may be moved to the defence; and Guerdon Harris, a wing. George Macomber, Warren Hill and Nicholas Tedesco, wings, and Arthur Smith, defence player, gained valuable experience last year.

The size of the Newton squad has forced Dr. Oscar Martin, the faculty coach, to work the boys in relays, the program for the past week having been for Squad A to hold shooting practice from 2.30 to 3.20 P. M. in the gymnasium, following with a cross-country run for conditioning purposes. Squad B, in the meantime, has played soccer on the athletic field and has ended with indoor shooting practice. Next week the work of the squads will be reversed.

Drowne, Stafford, Crosby, Gullian, Mohor, Moler, McQuisten and Wizzorek are candidates for the goal-tending berth, which was shared a year ago by "Ted" Learned and John Seavey, now freshmen at Dartmouth. No cut in the squad is planned until the boys have had a chance to show their ability on skates at Bullough's Pond, Newtonville.

## TAXPAYERS' ASSOCIATION

The Newton Taxpayers' Association has been formed for the purpose of protecting owners of real estate in this City from further unnecessary tax burdens. With a three per cent tax on property paying six per cent the real estate owner is in the same class as the owner of personal property some years ago when a man owning a four per cent bond was bound by law to pay half its income in taxation. The owner of personal property under that system evaded his legal taxes to such an extent that it was found necessary to change the system of assessment and inaugurate an income tax. The real estate owner however cannot evade his taxes and as much real estate brings in no income an income tax on real estate would be impracticable.

With a personal property tax at a fixed rate imposed and collected by the State the result is that real estate owners now have to bear alone the brunt of high prices for labor and materials in municipal expenditures and the many plans now under way for further outlays aggregating millions of dollars make it imperative that the taxpayers organize for mutual protection. Such an organization has been formed and invites the co-operation of all citizens.

We are not in any sense opposed to proper municipal expenditures, we believe that the municipal plant must be maintained and proper service be given by the city as in the past, but we are opposed to all unnecessary new expenditures at this time of high costs and to plans for the benefit of a few residents at the expense of the general taxpayers. We believe that an excessive tax rate is a discouragement to enterprise and a handicap to the development of the City.

Will all who sympathize with us in our views kindly communicate with the secretary of the organization.

GEORGE W. BISHOP, President.

ARTHUR W. BLAKEMORE, Secretary.

## FATAL ACCIDENT

Miss Doris E. Suss, residing on Commonwealth avenue, Boston, was almost instantly killed and three men who were in the automobile with her were seriously injured, when the machine in which they were riding collided with a pole on Commonwealth avenue, near Auburn street, about 1.20 o'clock Sunday morning.

It is said that the party originally numbering six, three men and three women, motored to the Mansion House at Wayland on Saturday evening. When they were ready to return early Sunday morning two of the women refused to go.

It is thought that the machine was being driven at a high rate of speed, as the car was badly damaged and the occupants thrown some distance away. Miss Suss had a fractured skull and died before reaching the Hospital. The three men, Harry Gazulis of Boston, William Winer and Arthur S. Bornstein, all of Roxbury, were treated at the Hospital for their injuries and later taken to police headquarters where Gazulis, the operator of the car, was held on charges of manslaughter, operating an automobile so as to endanger the lives and safety of the public, and operating an automobile under the influence of liquor. The other two men were held for drunkenness.

In court, Monday morning, Gazulis was granted a continuance of two weeks under \$1,000 bail.

## DEATH OF MRS. MARY A. CUNNINGHAM

Mrs. Mary A. Cunningham, who died at the family home, 3 Glenmore terrace, Newton Highlands, on Tuesday, was born April 27, 1869, at Vine-land, N. J., and was married thirty-two years ago to Samuel Cunningham, advertising manager and purchasing agent for the William Carter Company of Needham Heights. She had been in ill-health for two years. Besides her husband, Mrs. Cunningham is survived by five children, Mrs. Clarence B. Glatt of Ballston Spa, N. Y., Samuel W. Cunningham of Boston, and the Misses Marie, Grace and Margery Cunningham.

Funeral services were held at her late residence Friday noon, and the interment was at Marblehead.

## DEATH OF MRS. FLANDERS

Mrs. Ellen E. Flanders, widow of the late Alvan R. Flanders, died at her home on Warren terrace, Newton Centre, on Wednesday after an illness of several months.

Mrs. Flanders was a member of the Methodist Church, and, before her illness, active in every good cause. She leaves a son, Allen Flanders, and a daughter, Miss Charlotte Flanders. A sister-in-law, Miss Mary Flanders, who formerly taught in the Newton Schools, is also well known here.

Services were held at her late residence on Friday, the Rev. James E. Wagner officiating, and the burial was in Newton Cemetery.

## THE "WINTER SUNBEAM"

At the "Winter Sunbeam" just opened by Edwin M. Gerould at 77 Broad street, Lynn, as an extension of the popular Sunbeam tea-room on the State road, Swampscott, one finds undisputed proof of the power of the artistic to dispel dull care and the drabness of wintry days. The old homestead, long years a family residence, is veritably transformed, both as to interior and exterior. Without window boxes of small cedars done in stripes of orange and black first startled the attention, which is further riveted by quaint window hangings and a swaying sign, "Sunbeam Farm."

## DR. GRENFELL TO SPEAK

Dr. Wilfred T. Grenfell, the noted speaker on Labrador will be at Trinity Church, Newton Centre, next Sunday evening, and will be sure of a large audience. Dr. Grenfell is one of the greatest pioneer adventurers in the work of bettering the conditions of the neglected and has done a wonderful work in Labrador. Dr. Grenfell will also speak on Sunday afternoon at The Blue Triangle, 97 Huntington avenue, Boston, and free tickets of admission can be obtained from Mrs. Arthur C. Badger.

## Gibe Ingersolls for Christmas

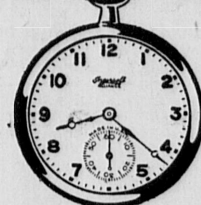

WHAT can make Christmas merrier than the gift of a cheerful, faithful Ingersoll watch?

It is a gift that will please and live, ticking its message of service and good-will the whole year 'round.

Ingersoll watches are made in various styles to suit all kinds of folks. Some models are just plain serviceable watches for every-day use. Others are jeweled and stylish. Then there's the wrist watch, and the watch in an ivory-like case for desk or bureau, and finally the famous Radiolite that tells time in the dark.

Prices range from \$2.50 to \$11.50 and include tax.

## \$2500 FOR LIGHTING SCHOOLS

Mayor Childs also Recommends Winter Work on Woodward Street for the Unemployed

What promised to be a brief and uneventful meeting of the alderman, on Monday night, proved unusually long and contained some rather interesting facts.

The hearings on Edison pole locations on Woodward road and on telephone conduits at Auburn street bridge were unopposed and were granted. Ex-alderman F. T. Miller opposed by letter the location of telephone poles on Central street. No one appeared on petition of George Beck to keep and sell gasoline on the Jackson street. Mr. Van Pattensteiger appeared in favor of a sewer in Virginia road, Auburndale, and it was subsequently granted.

Mayor Childs sent in numerous recommendations for small additional appropriations which were later granted. He also recommended \$2500 for emergency lighting of various school buildings, subsequently granted after Alderman Allen had explained that the Finance committee opposed the individual orders referred to his committee at a previous meeting. He also recommended \$100 for land damages on account widening of Jefferson street and \$1380 for work at corner of Fuller and Chestnut streets, both of which were approved.

by the board. His recommendation for \$1300 for work at corner of Beacon and Centre streets was held up until proper releases had been signed by the parties interested.

Street Commissioner Stuart reported the completion of Brue Burn road at cost of \$718.10 of Carlton road at cost of \$18,611.08 and of sidewalks on Algonquin road at cost of \$549.60. The City Treasurer reported the income of the Kenrick Fund as \$219.40 and it was subsequently ordered distributed under will of the donor. The Board of Health recommended, and a petition was filed for a sewer in Woodward avenue, ward 2.

The Registrars of Voters reported the results of recount of votes cast for ward alderman in ward 4, giving Harry B. Ross a total of 480, or 12 more than the original, Herbert B. Morse, 451, or 6 less than the original, Francis McGill, 300 or 5 less than original and William Noone, 295 or 8 less than the original.

ceived for Soldiers' relief from Joseph L. Condrin and William J. Holmes, from election officers for more pay, and from the Edison Co. for attachments on Central street.

Herbert W. Hall petitioned for a pension for injuries received while a call fireman and the mayor was requested to petition for legislative authority to grant the same.

The special committee on taking land for "Commonwealth Park" reported reference to next city government and the Rules committee made a similar reference on the proposition to require information about sewers to be made on building permits and applications.

A letter was read from Mr. Allston Burr withdrawing his request that the playground on Park street, Newton, be called the "Newton" playground and no further action was voted.

The Finance committee reported in expedient on request of city employees for a Saturday half holiday throughout the year and after a motion to recommit made by Alderman Hollis had been voted down, the original report was accepted.

The appointment of Chas. Raymond Cabot as a member of the board of Appeals was confirmed with a vote of 19 to 1.

Alderman Whidden withdrew his

## FOR LITTLE CHILDREN

Continuation of Excellent Work in Newton Depends on Sale of Christmas Seals

Shall we let our work for little children fail?  
Auburndale answers: "Certainly not!"

Pearl street, Jewett street, Walnut park, all that section answers: No! Mrs. Cady's splendid enthusiasm is putting her district of Newton well to the fore. Are Mt. Ida, Hunnewell and Farlow Hills to be outdone? Where is West Newton Hill in the race?

One Nourishment Class is well established in our city, after six months of successful operation. A second, in another centre of Newton, is just under way. Miss Herrick is assuming a double burden with this second class. We need a second trained nurse, for she has just added the visiting in forty new homes.

To continue this upbuilding, preventive, health work for Newton children, for twelve months of 1921 will, as you know, take twice the money, which for

the past six months has brought such splendid success. Never was the opportunity greater for positive, practical work for these little children.

Auburndale has gone well over the top! Owing to the earnest work of Mrs. George St. Amant, Mrs. Charles Valentine, Mrs. Robert Fisher and their committees, and the splendid co-operation of Mr. Leighton and the teachers of the Burr and Williams Schools the work was completed on December fifteenth.

The other villages are progressing slowly but steadily.

Mrs. Howard Winslow, Newton Centre chairman of the Sale of Seals, reports that she will make her part of Newton Centre's quota readily; but not yet has Newton Centre a chairman of larger subscriptions. A similar situation exists in Newtonville.

Why do we need the larger checks?

## Season's Greetings!

The Management, Officers and Employees of the Hotel Westminster extend their sincere wishes for a very Merry Christmas and a Happy and Prosperous New Year.

As the days of 1920 rolled into weeks and the weeks into months, we have noted with undisguised pleasure the increasing number of happy faces coming to this Hotel—first on the Summer Roof Garden, and as the frost turned on the pumpkin, the delights of the Winter Garden.

Needless to say, we have extended ourselves in every way possible that could add to your pleasure. Service of the highest grade, unexcelled cuisine and the "best dance music in town" have made the Westminster a gathering place in all seasons.

We are proud of our reputation and proud of our patrons, and during the year to come, rest assured that nothing will be left undone for their entertainment and happiness when they come as guests to the Westminster.

Once again we extend the compliments of the season

The host was assisted by a committee consisting of Wilson Crosby, John Cole, Warren Lane, Charles Benson. The boys deserve much credit for conducting so successful an affair, and a substantial sum was realized as a result.

**N. H. S. FOOTBALL**

Newton High School won its first Suburban League football championship this Fall, under the direction of Alfred W. Dickinson, an old Somerville High and Brown University athlete. The school has been identified with the league the past three years, and has had one of the strongest elevens in the circuit, although it did not win the honors until this season.

It won the baseball championship in 1919 and played a postseason game with Boston College High, which defeated it for the State title.

Until last Fall the eleven has been brought along slowly because of the hard schedule it plays. Coach Dickinson realized that several of the strong Suburban League teams were to be met earlier than in previous years and so had his team at top form sooner than he has in many years. After the regular season ended it played Haverhill High, and the latter won 14 to 6 by scoring two touchdowns near the end of the game.

Newton High had a well-balanced team in all positions. In fact five of its players were named for the Globe's All-Interscholastic team. Robert Garrity, the captain, was by far the best halfback of the season. He is a brother of Henry Garrity, the Princeton star halfback, who learned the game at Newton High under Mr. Dickinson. Newton High had two other good backs in Herbert Garrity and Leonard.

Gullian and Coady, the tackles, were two of the best forwards that have been developed in many years. In the Haverhill game they were the outstanding players of the Newton line. Leahy and Bowen, the guards, excelled in offensive and defensive work. Smith at center was a reliable player. Osborne and Jenkins, the ends, were fine players and the former was recognized as the best of the season.

Major Clifford, the quarterback, who has been elected captain of the eleven for next Fall, was without question the best in the Greater Boston High Schools.

**GOV. JOHN A. ANDREW HOME**

A delegation of the Past Presidents of the organization of the Daughters of Veterans visited the Home Sunday afternoon, bringing gifts of money and goodies for the old veterans and their wives and widows. They also provided a pleasing entertainment which was greatly enjoyed by the old people whose ages range from 75 to 90.

Among the donors to the Home are the Sarah Hull Chapter, D. R. K. the Newtonville Woman's Guild, and the Brookline Chapter of the Daughters of the Union.

The Grand Army of the Republic, The Woman's Relief Corps, Daughters of Veterans and the Ladies of the G. A. R. have been the mainstay of the Home. The contribution of the Daughters of Veterans alone last year amounting to \$1700. Visitors are always welcome at the Home, and donations and bequests are most earnestly solicited.

**NEWTON BOARD OF TRADE**

The December meeting will be held next Tuesday evening at the Newton Club with a supper at 7 o'clock followed by a business meeting and an address by Mr. Herbert Parsons, of Chestnut Hill, the Deputy Commissioner of Probation of the State.

**POLITICAL NOTES**

Our account of the city election last week inadvertently omitted the fact that Ward alderman Harold F. Young of ward 4, had been elected as alderman at large from ward 4 for the unexpired term of Alderman Hollis, removed from the ward. Mr. Young was unopposed and polled 2759 votes.

## SCHOOL NOTES

Edited by Dorothy Drake

## Classical High School

On Wednesday morning the three upper classes went to the assembly hall. Following the salute to the flag, Mr. Adams introduced the Rev. Mr. Park of West Newton, who gave a most interesting talk on the Pilgrims. Contrary to the expectations of the students, Mr. Park's speech was far from being a mere revival of historical events of the Pilgrims. It was exceedingly original and gave view of both sides of the life of the Pilgrims. The December issues of the "Review" have arrived and will be distributed on Thursday, Dec. 23. The January issue goes to press on next Monday.

At the meeting of the Boys Debating Club last Monday, several of the members spoke on "New Year Resolutions." Those taking part were: Robert Darrrell, Donald Harding, David Hull, and Anthony Gleason. The regular prize of two dollars was awarded to David Hull. The judges were Lawlor, Booth and Estey. At the close of the meeting the prizes for admission to the concert and dance which the club is to hold in January, were decided upon. During the past week, several thousand Red Cross stamps have been sold to the pupils in the school. In one room 1,300 were sold.

## Burr School

The 5th, 6th, 7th and 8th grades of the Burr and Williams School held their Christmas exercises in the Burr School Hall on Thursday morning at 9 o'clock. The program included the singing of Christmas songs by the 7th and 8th grades, stories by Miss Bragg, the Assistant Superintendent, Christmas Carols, and a Christmas exercise by Miss Higgin's room on the Significance of the Christmas Decorations. Those who took part were Alfred Fay, (The Christmas Tree), Sylvia Sweet, (The Star), Frances Brett (Candle), Atherton Lawrence (Cross), Olive Curdick (Dove), Robert Clapp (Bell), John Foran, (Drum), Mildred Fahy (Fruits and Flowers), Eunice Immann (Tinsel), Richard Miller (Cornucopia), Marjorie Berry (Dolls), and Kenneth Spier, a summary of all of the decorations.

Several Carols were then sung, "The Three Kings" being represented by William Hall, William Forwill, and Joel Nichols. The program concluded with the singing by the whole school of "Come, All Ye Faithful."

On Tuesday morning the children of Miss March's class gave an original dramatization of "Miles Standish."

The Kindergarten Party of the Burr School took place on Wednesday morning, and of the Williams School on Thursday morning.

The Burr School is printing an "In Memoriam" for Miss Susan Aiken.

## Horace Mann

A Christmas entertainment, entitled "Merry Christmas, Santa," was given Thursday morning in the Hall, under the direction of Miss O'Neill of grade one for the primary grades. The moral of the play was, "I am more blessed to give than receive."

The leading characters were Richard Johnson, who took the part of Santa Claus, Florence McKee who represented the Christmas Spirit, Margaret Morse, Kendal Siles, Roland Combs, and Irma Francis.

The Upper Grades of the school rendered a cantata entitled "Jingle Bells" for the Christmas Program. The most important parts were taken by Richard Johnson and Leonie Bellamy, the former acting as Santa Claus and the latter as Dame Santa Claus. Special music was rendered for the cantata by the Seventh and Eighth Grade Chorus.

On Christmas Eve the seventh and eighth grade boys and girls with Miss Stopp will sing carols. These songs have been practised in the school hall under the direction of Mr. Carr.

The Christmas vacation begins Thursday, Dec. 23 and ends Monday, Jan. 3.

## Peirce School

The Tercentenary Program included "A Song for Homeland," Barbara Costello, Grade VI; "Little Pilgrims," Pupils of Grade VI; Song, "America the Beautiful," School; "The Pilgrims," Paul Leahy, Grade II; Song, "The Landing of the Pilgrims," Pupils of Grade VIII; "The Story of Thanksgiving," Pupils of Grades IV, V, and VI; "Then and Now," Augustus Gadsden, Grade VI; "A Pilgrim Boy," Pupils of Grades V and VI; Song, "Thanksgiving Prayer," Pupils of Grade VII; Play, "Finding the Mayflowers," Pupils of Grades VII and VIII.

## Hyde School

The Hyde School observed the Pilgrim Tercentenary by appropriate exercises in the lower grades, and by the giving of a Pageant called, "Children of the Pilgrims."

## Bigelow School

On Tuesday morning the Bigelow School celebrated the Tercentenary of the landing of the Pilgrims by a series of Episodes taken from the life of the Pilgrims and arranged by the teachers of the school as follows:

Episode 1—The Compact in the Mayflower.

Episode 2—The Landing of the Pilgrims.

Episode 3—The Coming of Samoset and Squanto (In three scenes).

Episode 4—Winslow visits Massasoit and brings gifts. The Indians entertain him with an Indian Dance.

Episode 5—The Signing of the Treaty of Peace with Massasoit.

Episode 6—The Message of the Arrows in the Snake Skin and Its Answer.

Episode 7—The Offer of the Captain to take back the Pilgrims to England.

Episode 8—The Departure of the Mayflower.

The youthful Pilgrims were dressed in the historic costumes, Miles Standish being especially effective in his suit of mail. The Indians, too, were

most realistic especially in their dance.

Particularly effective was the music which was sung in connection with the tableaux and between the different episodes. During the tableaux of the Landing of the Pilgrims, for example, the student body sang, "The Lord is my Shepherd," while the Pilgrims knelt in devotion to their God. At the close of the last scene the school sang a very beautiful version of "The Breaking Waves broke high."

The performance was very well done, and could not fail to leave a deep impression upon the minds of all who took part in the performance, or had the privilege of watching it.

The principal characters were taken by the following: Gov. Carver, John Alden Clark; William Bradford, Julian Hutchison; Miles Standish, Maynard Moody; John Alden, Alan Shaw; Elder Brewster, Frederick Bray, and Robert Hodgson; Edward Winslow, Alva Stein; Isaac Allerton, Chandler Butler; Capt. Jonas, George White, Massasoit, Nelson Gallagher; Samoset, John Alexander; Squanto, Robert Lucas; Mary Chilton, Charlotte Aubin; Priscilla Mullins, Eleanor Hains; Mistress Brewster, Marguerita Barba; Mistress Caryl, Parnell Williams.

Other Pilgrims were Meredith Price, Mary Shanley, Helen Spurrier, Kathleen Doherty, Elizabeth Schofield, Miriam Hayes, Carleton Williamson, William Duley. There were also Indians, messengers, etc.

The Pageant was written and staged by a committee consisting of Miss Dyer, Miss Nixon, Miss Stearns, Miss Thurston, and Miss Coyle. Miss Hamilton played the piano, and the school orchestra also played.

## Mason School

The following entertainment was given at the Mason School Wednesday, Dec. 22, at 11 o'clock.  
Song—"America" School

Tableau—"Pilgrims and Americans All."  
Song—"America the Beautiful"

## OLD NEWTON ESTATE SOLD

Adelaide L. Gilman, Annie Gilman Angier, et als, have sold the old Gilman estate located at the corner of Elmwood and Baldwin streets. The above estate was for many generations the home of the Gilmans, one of the oldest families of Newton. The estate comprises an old Colonial house in a splendid state of preservation, together with 32,500 ft. of land. The estate has an assessed valuation of \$12,000, being about equally divided on building and land. While the purchase price was far in excess of the valuation, Mr. D. H. Robblee, the Newton contractor, was the purchaser. After extensive alterations and improvements Mr. Robblee will occupy the entire estate for a home. One of the most important significances of this sale is that it demonstrates the fact that many home seekers are purchasing desirable old residences and improving rather than building or purchasing houses that are built for speculation. ## EDITORIAL

The advent of Christmas is a most fitting time to remind our readers that early next month, they will be asked to contribute their mite to alleviate the suffering and pain of others and in this way help to bring peace and good will on earth. Let us not forget, in the joys of the present time, that others may not be as able as we are to say "Merry Christmas" and resolve that we will do our part at the proper time.

## A CHRISTMAS FOR SANTA CLAUS

"A Christmas for Santa Claus" was given by the Hyde School Centre of the West Newton Music School in Bray Hall, Newton Centre, on Thursday afternoon under the auspices of the Music Committee of the Newton Centre Woman's Club.

This charming operetta containing almost sixty children represented Santa Claus as dissatisfied because no one had given him a Christmas, whereupon the children whom he has formerly visited decide to give him a Christmas party.

The leading characters, Katherine Donahue, and Mary Sheehan, sang very sweetly, the latter looking very lovely in her fur-trimmed cap and gown, and Santa Claus (Anna Blake-more) looked the part. Jack Frost (Dorothy Sampson) and his sprites made a hit with their songs and dances, while the White Cat (Ellen Cox) brought forth peals of laughter from the younger members of the audience.

The scene in which the world's children march in a procession before Santa Claus was very effective in its costuming. Betty Chapman as Columbia, played on the violin for Santa Claus, and Sadie Sheer as Russia, sang, while Dorothy Sampson, did her bit by dancing. Santa soon discovered, however, that the happiness of Christmas time lies not in receiving, but in giving, and promises all his children a royal good time another year.

The crowning moment was the entrance of little Carolyn Coffin as Christmas Joy. The child made a picture long to be remembered as she nestled in Santa Claus's arms.

The operetta concluded with a strikingly beautiful scene in which the world children on one side, and the snow flakes and frost sprites on the other with Christmas Joy and Santa Claus in the centre sing, "O, Christmas Light," and point upward to the Christmas Star shining high above them in the background.

The music throughout was tuneful, and the little singers did themselves credit. Before and between the acts, the pupils of the Peirce School Centres played a classical program of great excellence, adding much to the enjoyment of the occasion.

Those in charge of the operetta were Mrs. Walton S. Redfield (stage director), Miss Elizabeth Fyfe (director of the orchestra), Miss Edith Blake (director of singing), Mrs. H. Frederick Lesh (accompanist), Miss Priscilla Ordway (designer of costumes and property manager), and the Girl Scouts who acted as ushers and sold candy between the acts.

## TO SING CHRISTMAS CAROLS

The Highland Glee Club will follow its usual custom of singing Christmas Carols early Christmas morning starting from Newton Highlands at 5 A. M. and singing in Newton Highlands, Newton Upper Falls, Newton Centre, Chestnut Hill, Newton, Newtonville, West Newton and Waban, making the last stop at the Newton Hospital at about 8 A. M.

The Club will give its first concert in Bray Hall, Newton Centre, January 12, 1921, and it has been very fortunate in securing Mr. Royal Damm, baritone, as soloist of the evening.

The recently organized Federation of Glee Clubs of Greater Boston, including Glee Clubs from Malden, Beverly, Wollaston and Newton, has made plans to give a concert by the combined Clubs in Bray Hall at the end of the present season.

## FOR LITTLE CHILDREN

(Continued from Page 1)

Such a big constructive work as this health work for the children cannot be financed except you back it with large gifts.

How has this work developed? Last January, a specially organized Health Committee of the Welfare Bureau took charge of spending the Christmas Seal Fund, with the approval of the Board and under the supervision of the Mass. Tuberculosis League.

Most fortunate has this committee been to have had the trained services of Mrs. Hull, the executive secretary of the Welfare Bureau, for Mrs. Hull was for six years very closely in touch with the tuberculosis work of the State Health Department of Pennsylvania, with its three clinics a week and three examining physicians and two nurses in the field in Redding, Penn. With her skill, thus gained, in seeking out the needy cases of tuberculosis and meeting the need, with her untiring interest and trained ability the Health Committee have felt and known how successfully she has carried out for them, and with their interest and approval, this vital end of the work.

With this most necessary and primary work of the Seal Fund so well taken care of, the Health Committee could then focus its attention on the larger, more far-reaching and constructive work: that of Prevention.

Again we were most fortunate. When after months of careful thought and investigation on the part of members of the Health Committee, just as the plans were crystallizing into shape, one of our members, Miss Bragg, assistant superintendent of schools, shouldered the executive burden of seeking out the personnel of the workers, making arrangements with the school department, in short of carefully organizing a plan of summer work.

The Newton schools closed on June 25. Just so many little children perhaps most needed that weighing and measuring that Health supervision and inspiration, which Miss Bragg had last year well established in the schools.

The schools closed indeed, but not Miss Bragg's work for little children. Having in mind the closing down everywhere of the health work, Miss Bragg brought to our committee its opportunity.

Her efforts secured just the right personality for Health Teacher in the Newton Summer School. We who know that teacher, who know Miss Bragg's work, in the grades, in the winter, with our own children, realize just how she inspired the summer school children to play the Health game, how she rallied them all to the cause of health, as they worked finally on their exhibition play, the "Milk Fairies."

Miss Bragg secured the motherly little woman, a trained nurse, who taught those older girls, in the factory centres of Newton, the Mother Craft Class, which they so eagerly desired; she found for us a trained dietitian, workers for the weighing and measuring on the playgrounds this summer. Her crowning service lay in the discovery of exactly the trained nurse best fitted for our Nourishment class. As a result of Miss Herrick's wonderful personality, her touch with the children, her friendliness with the mothers, inspiring their interest and co-operation, the Nourishment Class has flourished, for the success of the class depended upon the follow-up work carried on in the homes by Miss Herrick and the other Seal Fund and volunteer workers.

The new Christmas Seal Fund is growing. Speed on the good work. Buy Christmas Seals, yes, but without the larger subscriptions this work will fail.

Do not fail these little children. Send your checks payable to Henry I. Harriman, treasurer, to the local chairman of your Christmas Seal Drive or direct to Mr. Harriman, 50 Congress street, Boston.

## NEWTON CLUB

Last Saturday night Mr. Owen Hoban spoke on "Americanization" at the club. The bowling prize of a Vermont turkey was won by Mr. E. P. Campbell.

On Wednesday the club held a formal dance. The matrons were Mrs. F. Stanley Arend, Mrs. Archibald Wellman, and Mrs. Parker Schofield.

## GIRL SCOUTS

Troop 1. On Saturday afternoon, December 18, the Scouts of Troop 1 gave an entertainment in the Parish House of the Universalist Church, Newtonville. There were two plays given. The first was "Oysters," and those who took part in it were: Helen Grebenstein, Sally Wright, Elsie Dillworth, Freda Barrett, Gladys Brown and Emily Dunleavy. The second play was "A Precious Pickle" and the cast for that was, Lizabeth Leighton, Rita Davis, Eleanor Tupper, Florence Hells, Patty Wright, Adda Saunders, Ruth Lapham. Both plays were exceptionally well done and the captain and lieutenants deserve much credit for the work and care which they put into the plays. There was a large and very enthusiastic audience. Candy was sold by the Scouts not taking part in the plays and the entertainment was a great success.

This same Troop has sent a large bundle of clothing to a little village in the White Mountains, where the people are very poor. The members of Troop 1 sent a Christmas box to these same people, who live in a community very much shut off from other villages. The people are not reached or helped by any charitable organizations and there is much suffering among them, especially during the winter months. Troop 1 has again sent them a "Merry Christmas," and all the members of this little community up there among the great White Mountains are thinking of the Girl Scouts as their friends, and especially the members of Troop 1.

Troop 2. On Wednesday afternoon at the Channing Church, Newton, Troop 2 had a Christmas party for the Pomroy Home. Sixteen little guests were at the party and were well taken care of and entertained by the Scouts who are taking the "Hostess" Course. After a number of games were played by all the girls, Scouts and guests, a play, a pantomime of "The Night Before Christmas," was given on the stage by a number of the Scouts. This play was arranged by Captain Redfield and was especially good, and the girls did it finely. After the play, ice cream and cake was served by the members of the Troop Committee. This Troop is also providing a very real Christmas to a family where Santa Claus could not stop without their help, and the Girls of Troop 2 will have a happier Christmas themselves for having made others happy at this time. The committee who assisted the Captain, Mrs. Walton S. Redfield, were Mrs. Wells Holmes, Mrs. Loring Marshall, Mrs. Bingham, Mrs. Isaac L. Dillingham, Mrs. Ezra D. Person, Mrs. Charles S. Ensign, Mrs. Frank Day, of Newton, was a guest of honor.

Troop 5. On Tuesday, Troop 5 had a party at the Unitarian Church, West Newton. This was a "Give Party" as each Scout brought a gift with her. These presents were decided upon beforehand and are going to a little family in the city which would otherwise have no Christmas. Besides clothing and toys, the latter put in huge tartan stockings, there is a Christmas tree with all the trimmings and a big basket with the Christmas dinner in it. These things are to be delivered the "Night before Christmas." After the gifts were sorted the Scouts played games and then were entertained by three of the patrols which had each prepared a short entertainment. Refreshments were served by the Troop Committee and Santa Claus arrived just in time to present each Scout with a candy cane and a "Merry Christmas."

Troop 6. On Monday Night, Troop 6 had a party in place of its regular meeting. Each Scout brought a "joke" present and these were all put in a big bag. Games were played, refreshments served by members of the Troop Committee and then Santa Claus arrived and distributed the presents from his pocket. It was a fine party and all the girls had a great time.

Troop 7. Troop 7 had a party on Tuesday night which was a great success. After the regular opening meeting, games were played and then Patrol A gave a play called "The Precious Pickle" which they did very well and which was very amusing. After this "joke" presents were distributed by "joke" of the play and refreshments were served by the lieutenants.

## UNDER THE GILDED DOME

The extra session of the Legislature called to codify the laws of the state was prorogued last Wednesday evening after a session of about two weeks. In addition to the codification of the laws, the Legislature authorized an increase of pay for the Boston school teachers, by increasing the amount of the tax levy available for school purposes, suspended the so-called sprinkler law in Boston until March 1st, and attempted to change the rate of apportionment assigned to Holyoke and Westfield for the new bridge now being constructed over the Connecticut at Springfield, by the firm of which Mr. Howard P. Converse of Abundant is a member. The last bill was courageously vetoed by the Governor and failed to pass over the veto. The word courageously is used advisedly in this case for it is not every public official who can see the real public interest when one of his most valued friends is on the other side. The Springfield bridge bill has been under discussion for some time and Holyoke which is assessed under the decree of the Bridge commission will be called upon to pay something like \$180,000 as its share of the expense. The largest taxpayer in that city, Mr. William Whiting is a close personal friend of the Governor, and was a delegate to the recent Chicago convention and was the only delegate to vote for Coolidge for President, up to and including the last ballot. In addition he has always been a large contributor to the campaign expenses of the Governor. It takes real courage to take a stand in direct opposition to a friend of this kind and Governor Coolidge stands far higher in the opinion of many influential men today than he has ever done before.

It may be of interest to many to learn that the expense of codifying the laws amounted to \$436,078.

## NEWTONVILLE DRAMATICS

For a good many years the Newtonville Woman's Club has sustained an enviable reputation for its achievements in dramatics. This year, however, is the first attempt to stage an original performance and in consequence more than usual interest has been awakened in it. With rare skill Mrs. Francis J. Flagg, chairman of the Dramatics committee, succeeded in interweaving the thought surrounding the Pilgrim Tercentenary with that of Christmas and made of it a unified charming whole.

Following the Prologue, the curtain rises disclosing a modern living room with a brilliantly decorated, lighted Christmas tree and other evidences of the season. A girl is playing with her new doll and a boy lies prone upon the floor reading. The boy in true boyish fashion sulks because he has discovered there is no Santa Claus. While they are deep in their discussion, the Spirit of Christmas enters followed quickly by Peace and Goodwill, who each in turn awaken the children's curiosity and astonishment.

Then comes the Spirit of History, who at length introduces the different episodes. First, "The Birth of the Magic Heart," with its two scenes.—The Watching Shepherd and the Gifts of the Magi, accompanied by effective incidental music of appropriate Christmas carols. "The Dance of the Year's" fill the interlude, after which comes the second episode, "The Great Adventure of the Magic Heart," or the birth of the new nation. To the strains of Luther's powerful hymn, "A Mighty Fortress," the inner curtains open upon a scene in Pastor Robinson's kitchen in Leyden. The pilgrims at first bowed in prayer, later discuss the proposal to embark for America. After the Dance of the Stormy Sea, the compact is signed in the cabin of the Mayflower, and then two scenes present the Courtship of Miles Standish. Symbolic dances of Family and Prosperity and the Corn dance by Girl Scouts, Newton Troop 1, occupy the next interlude, which precedes the third episode, "The Shrine of the Magic Heart,"—America; to which flock pilgrims of a later day in search of freedom. Their pledge of allegiance while the musicians play softly, "America, the Beautiful," made a fitting and impressive close to the program.

The whole thing was admirably done. Mrs. Clinton Kyle, as the Spirit of History, sustained a difficult role with marked ability. Both Miss Westcott, as the Boy, and Miss Lockett, as the Girl, were delightfully natural and realistic. In a performance of this sort where there are no star parts, the success of the whole depends upon the team work, which was marked in this instance. The Dramatics committee and the club as a whole are to be congratulated upon putting over so successfully so finished and artistic a production.

Assisting Mrs. Flagg upon the Dramatics committee was Mrs. Fred Danforth, Mrs. Derby Brown coached. Mrs. C. G. McDavitt was in charge of properties. Mrs. Pitt F. Drew of the costumes. Mrs. L. B. Hunter and Mrs. Fred Schipper, ushers; Miss Louise Sherman, printing; Mrs. Warner Marshall and Mrs. W. McK. Burr, stage managers; Mrs. C. W. Willey and Mrs. C. W. Tylee, tickets and Mr. Horton S. Allen, electrician. Incidental music was provided by Mrs. E. T. Loring and Mrs. Kenneth B. Hastings, violins. Mrs. Frederick Tennant, piano, while the Technical High School orchestra directed by Mr. Charles B. Harrington added much to the program by its selections preceding and following the performance.

The actors were as follows: Prologue, Mrs. Sholley; Boy, Miss Westcott; Girl, Miss Lockett; the Spirit of Christmas, Miss Cady; Peace, Mrs. E. P. Kendrick; Goodwill, Miss Coombs; Spirit of History, Mrs. Clinton Kyle; Pastor Robinson, Mrs. Stafford, William Bradford, Miss Coombs, Mistress Mullins, Miss Hartshorne; Priscilla Mullins, Miss Eaves, Miles Standish, Mrs. E. P. Cawley; John Alden, Miss Marie Bartlett; Jack Frost, Miss Pierce. Those who figured as Shepherds, Magi, Pilgrims of a later day and the dancers were: Mrs. Cawley, Mrs. Church, Mrs. Stacord, the Misses Eaves, Coombs, Hartshorn, Cady, McKee, Hunter, Pierce, and Mrs. Sholley.

## BURGULARS ABOUT

The police have been searching for two days for a clew to the burglar who broke into the home of L. Edwin Chase, 202 Commonwealth avenue, Abundant, Tuesday evening, and stole clothing and various small articles to the value of \$2000.

Mr. and Mrs. Chase were in Boston at the time. On their return home, soon after 11 o'clock, they found that the house had been entered by the front piazza window, after the glass had been broken, and all the rooms ransacked.

Six suits of Mr. Chase were taken, as well as jewelry valued at \$500, a number of pieces of bric-a-brac, two traveling bags, some small rugs, a loaded revolver and a box of cartridges.

The police say that the method by which entrance was gained to the house, as well as the theft of clothing, suggest the work of a "Wolf," whom the police in this section have been seeking of late.

Suspicion is also directed against a man who has been of late calling at wealthy homes, pretending to be a solicitor for a Boston photographic establishment and showing great insistence in his efforts to get admittance to the houses.

## NEWTON WELFARE BUREAU

There will be a special meeting and the Annual Meeting of the Newton Welfare Bureau, Inc., in the office of the Bureau, 306 Walnut street, Newtonville, on the afternoon of Wednesday, January 5, 1921, at 4:30 for the purpose of the election of officers and directors for the coming year, to hear reports of the officers, and the transaction of any other business which may properly come before the meeting at this time. Brief reports of the work done during 1919 and 1920 will be given.

## DEATH OF CAPT. C. H. PHINNEY

Capt. C. H. Phinney died at his home in Chestnut Hill on Sunday. Captain Phinney was born at North Falmouth, March 7, 1842, and was the son of Captain William L. Phinney and Harriet (Nye) Phinney. He began his life by sailing from Boston in the ship Audubon. At the end of a long voyage to India and South America, terminating in Europe, he found himself first officer of the ship having risen rapidly through the subordinate grades. Here the Captain, who was his father, died, and he took charge of the ship and brought her home, where she was sold.

He came to follow the sea in 1880, and entered the manufacturing business, first being connected with a factory at Ashland, and later was a superintendent at Holbrook, a position he filled until 1892.

Three years later Captain Phinney, who had attracted attention by his satisfactory adjustment of a fire loss, entered the inspection department of the Associated Factory Mutual Fire Insurance Companies, and was made secretary of the inspection department, later becoming secretary of the conference of the officers of the companies. This position he held to the time of his death.

Captain Phinney leaves no immediate family. His wife, who was Delphine Norton of Alton, Ill., died three years ago.

The burial took place from the Church of the Redeemer on Tuesday Rev. Lucian W. Rogers, the rector, officiated, and the music included the singing of the hymns "For all the Saints," "Jerusalem, the Golden," and "Hark, Hark, My Soul."

The pallbearers were G. B. Baker, Harold Murdock, William H. Aspinwall, Dr. H. T. Baldwin and Henry M. Bliss. Those serving as ushers were George Aspinwall, Warren Arnold, David Arnold, Harry Bliss, James Lowell and Kenneth Murdock. The body was taken to North Falmouth for interment.

## TAYLOR-POPE

Miss Alice Warren Pope, a Radcliffe student was married last Saturday afternoon to Mr. James Wilson Taylor of New York City. The wedding took place at the home of the bride's brother-in-law, Mr. George A. Salmon, at Walnut street, Newton Highlands, the ceremony being performed by the Rev. Samuel V. Cole, D.D., President of Wheaton College. The service was a very simple one, only the near relatives being present. The decorations were of Christmas greens in imitation of the Maine woods and the bride was a daughter of Maine. Miss Pope, who is a daughter of the Revolution, and formerly a member of the Sarah Hull Chapter, has recently been engaged in social work in New York, Washington and Boston. Mr. Taylor is a member of the Union League Club and of the New York Athletic Club. Mr. and Mrs. Taylor are to spend the winter in travel, and after June 1st will be at their country place at Watch Hill, R. I.

## WHAT KIND OF ROOFING WILL YOU BUY?

Price per square is not all of roofing cost. "Bargain" roofings generally turn out to be expensive, small leaks may do many dollars worth of damage.

Poor roofings soon need patching or painting, which means extra labor and expense that must be added to the original cost of the roof and even then the roofing must be replaced before a good roofing would have required attention.

Figure your roofing cost on the basis of years and not yards and you will find that **SAL-MO ROOFINGS**, made by **THE SALL MOUNTAIN COMPANY** costs less per year than cheaper roofing that cost less per square yard. Therefore **SAL-MO ROOFINGS** are cheaper and much more satisfactory in the end.

This is the correct way to buy a roof.

—Mr. and Mrs. Alfred K. Burke, with their young son, Edmund Winchester Burke, are spending the Christmas holidays with Mrs. Burke's parents, Mr. and Mrs. Edmund Winchester of Pine Ridge road.

—The annual dancing party of Miss Corlew's class was held at the Neighborhood Club on Tuesday afternoon. The hall was artistically decorated with Christmas greens and the little ones enjoyed a jolly good time. Among the mother's who assisted were Mrs. H. T. North.

—Little Virginia Johnson, daughter of Mr. and Mrs. H. J. Johnson of Pine Ridge road, celebrated her eighth birthday last Friday. There were 16 little guests, and the decorations were in Christmas colors, while appropriate refreshments added to the enjoyment of the guests.

—Messrs. Sidney Andrews of Amherst College, Burnett of Cornell, George Lockwood, Eric Lamb and Winthrop Rhodes of Mass. Aggie, George Reynolds, Oscar Rice and Paul Lockwood of Dartmouth, Henry Ambrose of Norwich are all spending the holidays at their homes in Waban.

—Excellent music was furnished at the Christmas service of the Union Church last Sunday by the following double quartette: Mrs. Stearns, Miss Bates, Mrs. LeClerc, Mrs. Kimball, Mr. Stanaeur, Mr. Clark, Mr. Root and Mr. Clifford Walker. Mrs. Clark violinist and Miss Meadows at the organ.

—On Wednesday afternoon, a committee from the Waban Woman's Club presented Miss Mary A. Lincoln of the Roger Wolcott School, with a gold wrist watch and a purse of forty dollars. This committee, represented the parents of the children who have been Miss Lincoln's pupils during the twenty years that she has been a teacher in Waban, and who by this gift express their appreciation of her splendid work in the school.

—Miss Lincoln is a woman of high ideals, and strong personality and has always been much loved by her pupils. The parents feel that her influence for good upon the children, who come to her at the most impressionable period of their lives, cannot be measured. The earnest hope was expressed that she would remain in the school for many years to come.

**VIVE LA WESTMINSTER!**

Among the hotels of Boston there stands one which probably has had more than its share of the vicissitudes and ups and downs of hotel experience, and among them all there is not one which has weathered the storms of legal handicaps, changes of owners and managers, and taken its place among the leading hostilities of the city of Boston than the Hotel Westminster.

Since the hotel was taken over by the present proprietor, E. F. Coulton, the tide of its affairs has changed and, while in the beginning there was a lot of reconstruction, both in the building and organization, it was done intelligently. All the credit for the present popularity of the Westminster is not due to the proprietor, but he will admit, but to his organization, for he has surrounded himself with heads of departments and employees who are as jealous of the reputation and business success of the hotel as Mr. Coulton is. It is a fine thing to see team work of this kind. Each one of the manager down to the humblest employee in the hotel, acts as though he or she shared in the profits, as indeed they do, and not one of them but are entitled to and receive the kindest consideration of their employer. If any of them are sick or incapacitated in any way, it is Mr. or Mrs. Coulton who are the first to know about it, and they give all such cases their personal attention. Knowing these things, the readers of The Graphic will appreciate the sentiment of the season's greetings in the Westminster announcement in this issue.

**PILGRIM TRICENTENARY ANNIVERSARY**

"Plutocrats and Pilgrims" as worked out and given by the English Club of the Classical high school on Wednesday afternoon in the Assembly hall showed much thought and successful work on the part of the pupils and teachers of the English department of the school. The underlying idea was to contrast the present day extravagance, ease and luxury with the nobility and simplicity of the Pilgrim life. The details were carefully noted. The music consisting of selections by the school orchestra and piano solos by a senior in a Chicago high school, which preceded the play, was all of recent popular nature while between the two scenes, in the lack of any Pilgrim music, Christmas carols were played. The first scene, "The Plutocrats" revealed a typical modern family, pleasure loving and thoughtless, in sharp contrast to that of the second, which depicted a bit of the homelife of the Pilgrims. The parts were all well taken, and the stage setting was carefully done, particularly attractive was the Pilgrim kitchen with its open fire, its spinning wheel, and the old churn. The scholars are to be congratulated upon the successful performance, as well as for the clever work in preparing the lines.

Those who took part were: Prologue, Helen Booth. The Plutocrats, Hughes Wagner, Marjorie Tower, Miriam White, Faith Addison, Narcissa Varney, Phyllis Harrington. The Pilgrims, Josephine Hopkins, Ruth Ayres, Alfred Stafford.

The appeal for the starving children of Europe which is being made by Mr. Hoover, ought to strike a responsive chord in all our hearts. Mr. James Jackson is treasurer of the Massachusetts fund.

**SANTA CLAUS**

Santa Claus is a Merry Old King, Who lives far away from here. On Christmas Eve when you hear the bells ring,

You know that Santa is somewhere near.

Then on the roof, the reindeer hoofs, Go pitter, patter, clatter, clatter. Then bang down the chimney Santa goes.

Covered with smut from top to toes. Then he jumps up, and what does he see?

But a little boy by his side as red as can be.

"O please, dear Santa," Jack was heard to say.

"Do not fill that stocking for me, but for Jay."

A poor little boy who lives over the way."

"I see," says Santa, scratching his head.

"But do not worry and trot off to bed." And as he spoke he took a box from under the tree.

Santa heard him kindly and gladly say "I am thankful I can make Jay happy Christmas day."

Santa said nothing and pulled out of his sack

Another stocking for little Jack. And filled them both brim full to the top.

Then up the chimney he went hippity hop.

Then with the crack of his whip is off in his sleigh, calling

"Merry Christmas to all, and to all a Good Day."

By June E. Gowell.

**POLICE NOTES**

Murdock L. Brison, a well-known citizen of West Newton, has been placed under arrest on the charge of receiving stolen property. The arrest was a development in connection with wholesale thefts from the H. A. Johnson company of Boston.

It is alleged that canceled checks, indorsed by drivers of the Johnson Company, have been found and that Mr. Brison paid the drivers for nearly \$2000 worth of the stolen goods and that he has admitted it.

**FIRE AT NORUMBEGA PARK**

Norumbega Park was threatened Sunday afternoon by fire that started in the boiler room. The flames were discovered by employees about 3 o'clock and apparatus from the fire houses of West Newton, Auburndale and Newtonville was summoned. The boiler room is under the three-story building that houses the restaurant and dancing pavilion and only the speedy arrival of the firemen saved the wooden structure.

By making an appropriation sufficiently large to enable every school building to be equipped with lights in dark corridors, toilets and dressing rooms, the aldermen have taken wise action. Let the good work go on.

**THE SECOND CHURCH**

—The Christmas Pageant given by the Sunday School of the First Unitarian Church last Sunday was unusually beautiful. All of the costumes used were from Palestine and were supplied by Mrs. Eleanor Wood Whitman.

—The Annual Christmas Party given by the Sunday School of the First Unitarian Church was held on Thursday at the Parish House. There were 20 invited guests. The entertainment consisted of a marionette play called "The Pixies." A supper and Christmas tree followed.

**SCHOOL NOTES**

Bigelow School

Thursday morning in the School Hall Miss O'Connor's class gave the charming little play entitled, "What King Christmas Brought." The character parts were taken by Alexander Fletcher, Mildred Dankert, Frank Perry, Nancy Howard, Marjory Montgomery, Margaret Sutcliffe, Katharine Nichols, Henry Bernier, Mildred McLean, and Mary Hinckley.

Miss Searle's and Miss Winslow's classes gave very effectively the play, "The Boy Who Found Christmas." Eleanor Rackliffe, Wilfred Wetherbee, Edward Strum, William Vawter, Eleanor Church, and William Ross were the players.

In the interval between the two plays Miss Tewksbury's class sang carols. A little group of carolers from this class also sang outside the several class-room doors during the morning.

**Vocational School Notes**

The Christmas vacation will extend from Dec. 24th to Monday, Jan. 3d. Many of the boys are entering upon special work for that period.

Christmas exercises under the direction of Mrs. Bemis will be held in the Assembly Hall, Thursday, Dec. 23d.

# HAVE SOME MONEY

Last week we paid out to 626 people over \$31,000 in Christmas Club Checks. This was the first year of our Christmas Club, but in 1921, our second year, we want to distribute at least twice as much. It's great to have a check come along at Christmas time, just when you want it.

There are a lot of people too, who are taking one to provide for their tax bill and for next Fall's coal bill.

GRACE M. BURT, Editor.

The Pilgrim Tercentenary, bringing as it does the breath of a fresh, and virile air, comes as a challenge to us of the twentieth century to think upon the things of the Spirit. Immersed as we are today in sordid and sickening affairs, waves of crime, failure to accept responsibilities thrust fairly upon us, and a slump of things in general, it is good to draw a deep breath from a purer atmosphere. It suggests that today, more than anything else, we need in the words of the lovely Christmas carol.

"To rest beside the weary road,  
And hear the Angels sing."  
It is well to remember that the sum of human society does not rise higher than the average of each individual life, and that if we want to bring in the "Age of Gold," each one must rise to the highest that is in him or her. It may be hard to be merry when the world seems out of joint, but let us each and all set to work to revive the simple, noble qualities of life, such as our Pilgrim ancestors suggest to us, remembering that a "merry heart doth good like a medicine," and in this way start a counter current of peace and good will, which shall drown out the evil and re-establish the good.

The Season's greetings to all readers!

A rare treat was given the members of the West Newton Women's Educational Club in the "Afternoon with Chopin" by Miss Snell.

So interesting was the story of his life, and with such skill did she interpret her selections from his works, that she held her audience spell-bound and delighted. She may well feel that good music is appreciated when we have a chance to hear it. A social hour with tea followed.

The Travel Class held its regular meeting at the home of Mrs. J. A. McDonald. A most interesting talk with maps and old and new, were given by Mrs. J. R. McLean on the whole continent of Asia. The subject was so large and so interesting that only a short time could be given to Mrs. J. B. Shaw's paper on "Public Buildings of Newton." The next meeting will be at Mrs. H. K. Burrison's on Dec. 27th.

### New England Anti-Vivisection Society

Newton people interested in the subject of anti-vivisection are cordially invited to attend the public meeting of the New England Anti-Vivisection Society to be held at 3 o'clock Tuesday, December 28, in Myers Hall, Tremont Temple, Boston. A report will be given of the transactions of the Interstate Conference for the Investigation of Vivisection, which represents about twenty societies devoted to humane efforts recently held in Washington. The delegate will also give an account of a visit to a Government laboratory while in that city. The late Edward H. Clement, President of the New England society, was President of the Conference at the time of his death last February.

In addition to the reports there will be an interesting program including music, after which tea will be served.

### Local Announcements

December 27, the Christian Era Study Club will meet with Mrs. George F. Howland of Vista avenue, when there will be a Pilgrim program. Mrs. Howland will give a paper on "The Pilgrim Colonist," Miss Susie Johnson, "The Massachusetts Colony," and Miss Hall, "The Providence Plantation."

On Monday evening there will be a young people's discussion under the auspices of the Education committee of the Abundant Woman's Club for the benefit of the Scholarship Fund.

Mrs. R. L. Bridgman of 90 Hancock street will be hostess for the meeting of the Abundant Woman's Club on Dec. 28.

The regular monthly current events lecture by Mrs. Grace M. Poole before the Newtonville Woman's Club occurs December 28.

Daughters of members thirteen years old and over will be guests of the Newton Centre Woman's Club at the monthly meeting on Thursday, December 30, at 2:15 P. M. Dr. Leon H. Vincent will speak on "William Dean Howells." The program is in charge of the Art and Literature committee.

"Wrong Numbers" and "In a Florist's Shop" are the titles of the two plays to be given by the Abundant Woman's Club in Norumbega hall, on New Year's Day. There will be two performances, one in the afternoon and the other in the evening, the former being in every way as complete as that of the evening with the exception of the dancing, which will follow the latter. The Colonial orchestra will furnish the music.

### West Newton Women's Educational Club

A "Costume Party" will be held on Dec. 31st. This is the regular meeting postponed one week. "The Courtship of Myles Standish" will be presented by members in reading and tableaux.

### Local Happenings

Between seventy and eighty members of the New Upper Falls Woman's Club attended the Christmas party on Monday evening. After a short business meeting games were enjoyed and then Santa Claus, impersonated by Mrs. Mary Crowley, distributed the gifts from a gay tree illuminated with colored lights. Refreshments closed a delightful evening.

### CLASS IN CONSERVATION OF NATURAL RESOURCES

Newton Community and Soil Science Clubs and Federated Clubs

Friday, 7 January, at 10, Hunnewell Club

### FOOD

When man has been furnished with domestic supply his water requirements are only begun. Both plant and animal life must have food and food depends absolutely upon water.

1.—The elements of plant and animal nutrition are nearly the same, but plants can support life directly from the soil. Animals, including man, cannot do this. Why not?

2.—Plants, however, cannot obtain food from even the richest soil without water. Why not?

3.—Man's food may be either vegetable or animal. Which requires more water for its production? To illustrate—How much water is needed to produce one pound of bread? How much for one pound of beef? Why this difference and why does a vegetable diet thus seem cheaper than a diet of meat? What factors tend to offset this inequality?

Summary of water requirements for domestic supply and food per person annually:

Drink ..... 1 ton  
Other domestic supply (average) ..... 100 tons  
Bread (grain crops) ..... 400 tons  
Meat products ..... 4000 tons

4501 tons

### CLOTHING

Shelter varies from any ready made protection, like caves or hollow trees, to elaborate buildings of wood, stone, brick, cement, plaster, or mud. But in any case food, clothing and shelter are fundamentally dependent upon water. Every kind has required water for its original creation or production and, with rare exceptions, much water is

needed for manufacture or fashioning into its desired form.

Explain how each of these varieties of food, clothing and shelter require water for production or manufacture or both.

### FUEL

Fuel may be vegetable, animal, or mineral. Name fuels of each sort and show how related to or dependent upon water.

Water supply, food, clothing, shelter and fuel provide man with physical sustenance as a human being. How are his mental and spiritual requirements such as art, literature, music, education, and the like also dependent upon water?

### FUTURE LESSONS

Hitherto we have considered only the need of man for water. Future lessons will take up the following subjects:

- 1.—What is the sole source and the available amount of the world's water supply?
- 2.—What becomes of this water when it reaches the earth?
- 3.—How does the available amount of water compare with that needed to make the earth productive to the full capacity?
- 4.—How far will our insufficient water supply limit population locally and the world over?
- 5.—How can we better save and utilize the water we now receive?
- 6.—Interrelation of all the uses of water?
- 7.—What is the underground reservoir, what purpose does it serve, and how is it endangered?
- 8.—How does the use of water for power and navigation differ in results from its other uses?

Outlines of these subjects will appear in the Newton Graphic Club Column.

### References

In the Newton Library: "The Conservation of Natural Resources in the United States," by Van Hise, chapter on "Water," will answer or be suggestive on many questions. Also "Resources and Industries of the United States," by Elizabeth F. Fisher. Other references will be furnished by the Class Leader.

## NEW BOOKS

### ANITA

A Story of the Rocky Mountains by Bertha B. and Ernest Cobb. Authors of "Arlo," "Clematis," etc. Illustrated by L. J. Bridgman.

Anita, born in the great West, and brought up in the mining region about Boulder, Colorado, had a father who could explain the cause of the great mountains, the rocks, the crystals, the metals, the poisoned water, the rivers and canyons, with a hundred other natural objects which roused her curiosity.

The book, "Anita," written in close collaboration with the heroine, is full of valuable information, gathered into a story so fascinating and absorbing that readers will grasp the instruction as part of the narrative and will retain it easily.

Newton readers will take more than usual interest in this book as the authors, Mr. and Mrs. Cobb, are residents of Newton Upper Falls.

Lothrop, Lee & Shepard, Publishers.

DOROTHY DAINTY AT GEM ISLAND

The New "Dorothy Dainty" Book by Amy Brooks, illustrated by the author. Large 12mo., Cloth. Price, \$1.35.

A new "Dorothy Dainty" book is looked forward to with more eagerness by the younger readers than any other book of that nature, and no one is ever disappointed. The author is constantly able to present new pleasures and new mysteries in her unequalled way. In "Dorothy Dainty at Gem Island," a complete story in itself, although, of course, presenting familiar characters, along with some new ones, the little heroine and her closest friends spend a summer in a very delightful place.

Lothrop, Lee & Shepard, Publishers.

THE BOY WITH THE U. S. INVENTORS

Twelfth Volume of the "U. S. Service Series" by Dr. Francis Rolt-Wheeler. Profusely illustrated from photographs loaned by U. S. Government. Large 12mo., Decorated Cover. Price, \$1.75.

The U. S. Patent Office is the avenue through which world-transforming inventions pass. Through the Patent Office, ideas which at one period of the world's history would have caused the inventor to be burned as a sorcerer now enable him to be recognized as a benefactor. Some of the most extraordinary benefits which the modern world enjoys came from small patents and humble beginnings.

Dr. Rolt-Wheeler has seized upon this phase of the work of the U. S. Government, and "The Boy with the U. S. Inventors," one great deed follows upon another with breathless rapidity. He shows how, through inventions, this country has blossomed into greatness. Yet, withal, the most intricate and complicated of these mechanisms is described so simply that the reader can not only follow every process, but seems, himself, to be taking part in them. For the patriot, the adventure-lover, or with the boy with a mechanical bent, this is a book of unusual merit and acidity.

Lothrop, Lee & Shepard, Publishers.

ADELE DORING ON A RANCH

Second Volume of "Adele Doring Books" by Grace May North. Illustrated in Colors by F. Lilley Young. 12mo., Cloth, Jacket in Colors. Price, \$1.75.

The seven girls of the "Sunnyside Club," led by Adele Doring, thirteen years old, bright and unspoiled, were instant favorites from California—where the story was written—to Maine. One of many deeds of kindness led to a wonderful visit paid by Adele and her brother Jack to Eva Dearman, once an ill-treated dependent, now idolized in the home of her uncle, a wealthy ranch-owner in Arizona.

At the close of vacation, the entire "Sunnyside Club" have a brief but merry reunion in this strange land, where there are many exciting scenes but where friendship, courage, and unselfishness bring happiness, as they always do. For girls and boys, too—from thirteen to sixteen.

Lothrop, Lee & Shepard, Publishers.

THE THREAT OF SITTING BULL

By D. Lange. Illustrated by Harold James Cue. 12mo. Price, \$1.50.

A story of the great Indian uprising in defence of their last buffalo hunting grounds. The Northern Pacific Railway was being pushed westward, and the Indians knew that the ruin of the buffalo range would be ruined, and determined to make a desperate resistance. The whole Northern Plains country was in a ferment in the early seventies. Under those conditions several lads from Boston attempt to cross the Indian frontier on their way to the settlements in Western Montana. What hardships and dangers they encountered in the unknown wilderness where General Custer and his famous Seventh Cavalry fought the last great battle against the Sioux is told in the story.

DRAMATIC PAGEANT

A very beautiful Pageant, "The Birth of Christ," was given on Wednesday evening at the First Baptist Church, Newton Centre.

The pageant was in two parts and portrayed the traditional events surrounding the birth of Jesus. The principal characters were taken by Louise Paine (Mary), Robert Clark (Joseph), Norma J. Puffer, Dexter Whittinghill, John Brewer (Wise Men), Phyllis Addison, Eleanor Whittinghill, Alice Potter, Mrs. Marion L. Blodgett, Geraldine Longwell, Louis Kendall, Frances Clark (Angels), Wayne Clark, Barbara Kendall, Elizabeth Walworth, Florence Greene, Alan S. White, Frederick Strait, Lucy Russell, Narcissa Varney, Priscilla Smith, William H. Rafferty, Richard E. Vaughan, Edward A. Estover, Chas. L. Seasholes, F. Kimball White.

During the pageant, Christmas carols were introduced. The following rendered valuable assistance in arranging the pageant: Mrs. William J. Hodges who had charge of the coaching and costumes, Mrs. Robert M. Clark and Miss Nellie M. Taylor who assisted with the costumes, the quartet, consisting of Priscilla Fowle (Soprano), Virginia White (alto), George Blackwell (tenor), Alvan Lee (bass), and Hazel A. Coss, accompanist.

The Committee on Properties was Sidney B. Paine, Chairman; Murdock McAskill, George Young, Albert Kendall, Alexander C. Baxter, Arthur L. Huntington, Lemuel A. Rathburn and W. J. Curran.

BRAD BURN CLUB

Mrs. Charles P. Hall of Prince street gave a dinner dance last Saturday night in honor of her daughter, Miss Eleanor Hall. About forty young people were present.

Mr. and Mrs. Anselm L. Bacon of Montvale road entertained on Monday in honor of Miss Katherine Bacon and Mr. William Bacon, who are at home for the holidays. About 125 guests enjoyed the dance.

On Christmas Day the club will serve a Christmas dinner. Among those who are to be present are Mr. and Mrs. O. M. Fisher of Newton, Mr. and Mrs. W. H. Rice of Newton Centre, Mr. and Mrs. Charles E. Kelsey of Newton Centre, Mr. and Mrs. George C. Gilbert of Newton Centre, Mr. and Mrs. Arthur C. Dunmore of West Newton, Mr. and Mrs. H. C. Jellius, Mr. and Mrs. J. W. Coach Dickinson of the track team has decided on a new training policy this winter. His reason for a change is that the boys, as a whole, are much younger and that too much preliminary work would be injurious to them. They will not report therefore, until Jan. 5. Newton High would have accomplished more in the State-wide meet last March he believes, had the preliminary training been cut.

## PROBATION IN MASSACHUSETTS

### Mr. Herbert Parsons Makes Interesting Address at Meeting of Newton Board of Trade

Several hundred members of the Newton Board of Trade missed a most interesting and instructive evening last Tuesday at the Newton Club when Mr. Herbert C. Parsons, the executive officer of the State Commission on Probation gave a talk on the work of his department which lasted nearly two hours, and held the attention of everyone present for each moment.

Alderman Arthur W. Hollis, the president, was in the chair and after a satisfactory supper, briefly introduced the speaker of the evening as a resident of Newton.

Mr. Parsons briefly reviewed the entire change of opinion in regard to the treatment of criminals and offenders against the law during the last century, from the vindictive attitude by which the community sought to inflict pain and suffering on the offender to the present day when the question now asked is "What's the matter?" Twenty odd years ago, the state had 9,000 inmates of jails and prisons and was seriously considering building more penal institutions. Today there are about 2,300 such inmates and over 4,000 empty cells. Bristol County jail has not had an inmate for 18 years and was recently sold. Four or five other county jails are tenanted. Our State Farm now has 400 as compared with 1,600 years ago. Concord Reformatory has been reduced from 1,100 to 500. This change is due to the change of policy in putting offenders on probation instead of locking them

up. To doing something FOR the offender rather than TO him. Mr. Parsons pointed out the absurdity of locking a man up for non-support of his family. Not only making it impossible for him to support the family, but actually having the community support him, as well as his family. Under the present law over \$830,000 was paid by non-supporters through the Probation officers in 1919 as compared with \$25,000 paid in 1909.

Mr. Parsons said that the probation system took the offender away from vicious environment, if that was the reason for the offense, provided him with employment, if his act was due to lack of work and always sought to restore the man, woman, or child to a decent place in the community. It had developed the mental examination of offenders to determine whether or not they were responsible for their acts, and if found defective had them placed in suitable institutions. Formerly these persons were given a term in jail and then released only to renew their criminal actions resulting in another term in jail. He noted one woman in New York state who had a record of 100 convictions before any one thought to determine her mental responsibility.

Mr. Parsons said that 78 per cent of the persons on probation fulfilled the terms of their probation without trouble and 65 per cent of them never again appeared in the courts.

## BOY SCOUTS

### Norumbega Council Holds Its Annual Meeting and Elects Officers for 1921

The Annual Meeting of the Norumbega Council, Boy Scouts of America, was held in the Newton Club, Newtonville, on Tuesday evening, December 21st, 1920. The following representative gentlemen of the city were elected as the Council's officers for the ensuing year:

President—Mr. James A. Stafford, Newtonville.

Vice President—Mr. Clarence G. McDavitt, Newtonville.

Vice President—Rev. Carl M. Gates, Wellesley.

Secretary—Mr. Edmund I. Leeds, Newton.

Treasurer—Mr. John H. Eddy, Newtonville.

Scout Commissioner—Mr. John Benbow, Newton.

Members of the Executive Committee at large: Mr. David A. Ambrose, Waban; Mr. William A. Matthews, West Newton; Mr. George Angier, Newton; Rev. James F. Haney, Newton Centre; Mr. Morgan H. Stafford, Newtonville; Mr. Charles E. Valentine, Auburndale; Mr. Herbert S. Austin, Wellesley; Mr. Josiah H. Goddard, Wellesley.

The following gentlemen have been re-appointed as Deputy Commissioners for the ensuing year:

Mr. Everett W. Varney, Newton Centre.

Mr. L. R. W. Leland, Newtonville.

Mr. William S. Radway, Chestnut Hill.

Mr. Clarence A. Bunker, Wellesley.

Mr. Lewis E. Moore, Newton.

Following the election, annual reports from the Commissioner, Deputy Commissioners, Treasurer, and Exec-

## THREE FIRE ALARMS

### For a small fire in garage at Newton Highlands

A fire in the Evans garage on Rogers street, Newton Highlands, about midnight Tuesday, created so much excitement that three alarms were pulled in for it. The first alarm from box 641 was quickly followed by boxes 67 and 6, each being rung in by different persons.

The fire started on the floor where the repair shop was located and burned thru to the roof. The building was a former school house, and was for many years occupied by the late M. O. Crane as a factory. The lower floor used for storage was not touched by the fire but was somewhat damaged by water. The damage was around \$1500.

## LODGES

At the annual election of officers of Newton Lodge 92, I. O. O. F., held last night, Silas A. Seeley was elected Noble Grand, Roy C. Buck, vice grand, and Harvey C. Wood, recording secretary, Wilbur F. Paine, financial secretary, and Frank E. Hunter, treasurer, were re-elected. The installation will take place January 6th.

Five were made, all of which were accepted by the Council with commendation.

The Council is now ready for the new year's work. Already signs of growth are evident. A new troop was recently organized in Nonantum, others are in view. With the hearty cooperation of the public in this work for better manhood through boyhood training in citizenship and character the Scout Movement in Newton and Wellesley should maintain its power of influence in this city.

## NEW TELEPHONE BOOK

### Names of Two Newton Exchanges Changed to Centre Newton and West Newton

Distribution of the new telephone directory is now under way. Subscribers will find the book somewhat different from the one they are now using.

The principal changes are printing the first three letters of every Greater Boston exchange name in Gothic capitals, which are separated by a space from the rest of the name, establishing four new central office names and changing the names of four others.

This has been done in order that telephone users may become accustomed to the new style of directory listings which are necessary for the introduction of the machine switching system in one Boston exchange early in 1922.

In the operation of the new apparatus it will only be necessary for subscribers to revolve the dial on the instrument for each of the first three letters in an exchange name and for each digit in the number desired.

Because some of these three letter codes will conflict if all of the present exchange names are continued it has been necessary to change Bellevue to Parkway, Newton South to Centre Newton, Newton West to West Newton and Winthrop to Ocean. The new exchange names Copley, Bowdoin, Blackstone and Dewey have been assigned to partly line subscribers in Back Bay, Haymarket, Richmond and Beach respectively. Other changes in exchange names will be made in future issues of the directory.

The classified section of the book is set four columns to a page instead of three, making a material saving in paper, and the names of individuals and firms have been changed from Roman type to a full face type.

The issue of the new directory is over 320,000 copies, each book containing 648 pages.

## NEWTON HOSPITAL ASSOCIATION

### Planning a Drive to Put Hospital Finances on Business Basis Beginning January 9

At a dinner at the Brae Burn Club held on November 12th attended by 100 business and professional men of Newton, the needs of the Newton Hospital were presented by Mr. Bray, president of the Trustees. He gave an address outlining the work of the Hospital for 40 years, and explained its present needs.

Mr. J. B. Jamieson, chairman of the finance committee, gave in detail the financial condition of the Hospital. For many years the trustees have depended upon contributions on Hospital Sunday to make up the usual deficit. This method has proven inadequate, and it seemed advisable to organize a permanent association, whose function it should be to interest as many citizens in the Hospital as possible.

An outline of the proposed organization was presented by Leon B. Rogers. After many suggestions it was decided that an executive committee be chosen by men from each village who should organize for the purpose presented.

On Thursday, November 18th, Mr. Jamieson called a meeting of those selected. The following were chosen from the various villages to serve on the Executive Committee: W. J. Spaulding, Auburndale; Herbert E. Locke, Upper Falls; A. H. Elder, Highlands; John H. Sellman, Newton; George Walker, Newton Centre; Rupert C. Thompson, Newtonville; A. J. Strat, Lower Falls; John A. Paine, West Newton; Gifford LeClear, Waban; William L. Allen, Chestnut Hill.

At this meeting the executive committee elected the following officers: President, Leon B. Rogers; treasurer, Frank L. Richardson; secretary, Edward W. Pridie.

The "Newton Hospital Association"

was the name adopted, and its object was to form a "Citizens Organization for Financing the Newton Hospital."

The new association will endeavor to obtain as many members as possible, as it feels the Hospital should be supported by a large number instead of depending upon a few for its support. With this in view a membership campaign will be conducted from January 9th to January 16th when every man, woman and child will have an opportunity to become a member of the association.

In order to clear the Hospital of its present indebtedness the sum of \$50,000 is needed. Another \$50,000 is required for the 1921 budget. The Association expects to obtain \$100,000 for this worthy purpose and expects the people of Newton to respond to its efforts.

"DO IT NOW"

One day as I stood on the bank of a pool, Thinking what path I'd choose, A shiny green frog with snooty eyes Slid out of the slippery ooze.

And as I gazed in wonder at him He pointed his finger at me; "You're a fool, you're a fool, you're an awful fool."

And I hope you know it," said he. Then he wriggled his tail and flapped his ears And blew his nose and cried: "You'll never do what you think you will!" But I thought the old frog lied.

So I went on planning how great I'd be And the marvelous things I would do. The books I'd write, and the songs I'd sing— Without half trying to.

And the old frog gurgled in guttural glee, And croaked, as he tied up his shoe, "You'll spend your days in planning ways, And that's all you'll ever do!"

"And when it's winter, you'll shiver and say You wish the summer was near; And in the summer you'll sigh, as you fan, 'If only winter were here!'"

"And when you're away, you'll long to be back Where your youthful days were spent, And when you get home you'll long to roam, And you'll never find content."

Then he slowly sank back in the soggy slime; And from this take warning, my dears,

As he turned, I saw that "Do it now!" Was written between his ears. Esther Hopkins Mead, 40 Winchester Road, Newton.

Mianese Gullian of Newton, a graduate of the Newton High School has just been awarded his "Varsity" "B" in football at Brown University. Gullian is a sophomore. He was the heaviest man on the Brown team, weighing 190 lbs. and in the opinion of coaches, a strong contender for the tackle position on the mythical All-American team. Gullian played an aggressive, steady, and often brilliant game. He was outplayed by no opponent on Brown's heavy schedule this year. Features of his playing were his work as a receiver of forward passes and his success in breaking through, on the defensive, for tackles behind the line of scrimmage.

MIND IS KEENEST AT NIGHT

Fact That is Recognized by Most Writers and Other Workers With Their Brains.

Many writers sleep with pencil and notebook under their pillows and a lamp at hand, so that they may dash off the thoughts that come to them in the watches of the night. It is said that Mary E. Wilkins Freeman has a typewriter handy on an extension spring, which she draws out from the wall on its shelf and places in position before her if she cannot sleep.

There is about these thoughts a clarity that does not come with daytime thinking—a sureness of vision that approaches the clairvoyant.

A problem with which we have wrestled in the daylight, weighing it with all our intelligence, is settled in a certain way, calmly and judiciously, and after mature reflection. Our decision seems the right one. And then, suddenly, in the dead of the night, that selfsame issue bobs up before our mental vision, wakes us from a sound sleep and settles itself in quite another way, in one great flash! A strong white light has been turned upon the brain and has revealed there a conclusion of which we had no inkling before. The processes of arriving at it are a closed chapter. The clairvoyant brain has registered a result only. And again and again it will be found to be the right, the expedient solution.

Memory, too, is peculiarly keen in the silences between midnight and 4 o'clock in the morning. All cobwebs have been swept from the brain by the first hours of sleep; the body and nerve centers are singularly rested; there are no noises to disturb and some subconscious power is at work within us.

HAD ANSWER IN READINESS

Ellen Terry's Display of Tact Won Enthusiastic Admiration of Miss Ethel Barrymore.

Ethel Barrymore, apropos of a witty remark made by a young actress at a garden-party, said:

"This young lady reminds me of Ellen Terry, who was the wisest and most tactful woman I ever knew."

"I once heard a story which is characteristic of Miss Terry's ready wit. 'She was sued by her dressmaker for an unpaid bill and the case went against her. Asking to be allowed to appeal, she gave as one of her reasons that the judge who rendered the decision was too old to understand the case.'

"The judge of appeals reminded her that once before, in another suit, she had complained that her case had been tried by 'a bit of a boy'."

"What age, may I ask, madam, do you want a judge to be? the judge of appeals inquired."

"Your age," Miss Terry smilingly replied."

Poppa a Memorial Flower.

The poppy seems fated to go down into history as the "memorial flower of the American Legion." It is the common scarlet variety of that flower growing so freely in waste places that won the regard of the men overseas, for it bloomed on about them, and often the flower was the only beautiful thing the soldiers saw for days upon days.

The poppy is one of the oldest flowers in the world's literature, and has been sung in verse and mentioned in holy books by all races. The oriental poppies are of orange-crimson with black centers and large seed bags, which burst and scatter the seeds in all directions. Other varieties include the slender Iceland poppy, the yellow California variety and the big double flowers. None of them has any perfume, but they depend upon beauty of form and color to attract and hold the senses.

Mystery Machine.

There was much mystery about a perpetual motion machine, set up as a sign and advertisement over a street in Los Angeles not long ago. It had the form of a huge wheel that revolved slowly all day and all night, being driven by a number of metal balls which ran along spokes from the center to the circumference and back.

Gravity was supposed to furnish the power, and thus the machine could go on forever without depending upon any other sources of energy. Unfortunately, however, there came a day when the city's electric plant was shut down for repairs, and the wheel stopped turning.—Philadelphia Ledger.

Encouraging Prickly Pear Growth. The Department of Agriculture is promoting the distribution of the best varieties of prickly pears, and is aiding farmers in starting a plantation of them throughout regions of the Southwest, adapted to the growth of the plant. The crop is seeded by plowing under slabs of the cactus, cultivating the crop, which is harvested and usually hauled to the feeding lots. As eight times as much tonnage can be obtained under cultivation as where grown on pastures uncultivated, the intensive method is preferred.

Ships That Carry 16-Inch Gun.

We have ten battleships under construction which will carry the 16-inch gun. Of these, four, the Colorado, the Maryland, the Washington and the West Virginia, will mount eight 16-inch guns, and the Indiana, the Iowa, the Massachusetts, the Montana, the North Carolina and the South Dakota will each mount twelve 16-inch guns.—Scientific American.

## EDITORIAL

Six members of the present board of aldermen and one member of the school committee retire tomorrow from public life.

Alderman Reuben Forknall, who has just closed eight years of continuous service holds the record for public service in this city with a total record of twelve and one half years at City Hall. Previous to his present service he was a member of the former Common Council for four years and also served for about six months for the unexpired term of alderman of the late John S. Potter in 1898. Former Mayor J. Wesley Kimball has the next longest record to Mr. Forknall, serving for 12 years continuously, as Common Councilman, alderman and mayor.

Alderman William L. Allen has given six years to the service of the city and the past year has held the important office of chairman of the Finance committee. Mr. Allen has been most faithful and conscientious in his work, giving the most minute study to every question before his committee.

Alderman Sumner Clement, Chairman of the Public Works committee, has served one term of two years, although he had one year of service some time ago, when a resident of Newton Centre. Mr. Clement was drafted this year as chairman of the Public Works committee and President Harriman made a ten-strike in this appointment. Mr. Clement has been one of the most valuable members of the board.

Alderman Arthur W. Hollis retires after six years of service, because of removal from the ward he has so well represented, although we understand that he would have retired in any event. Mr. Hollis has been active in his aldermanic duties and was the "gentleman from Missouri" on most matters coming before the board for action. He has been chairman of the License committee for several years.

Alderman Bancroft L. Goodwin retires after four years of road service, taking an active part in the work of the Public Works committee, of which he has been an influential member.

Alderman W. J. Spaulding has also given the city four years of his time and has been one of the dependable members of the important Finance committee.

Mr. Charles E. Valentine has served for six years as a member of the school committee from Abundant. There is very little publicity given to school committee affairs in this city, but we understand that Mr. Valentine has done his full share of the work of that important department.

We have made these brief comments on the retiring members of our city government with the hope that our readers will better appreciate the fully realized high character and splendid public spirit of the men who serve them at City Hall.

Now for a Happy and Prosperous New Year.

## RECOGNIZED AN OLD FRIEND

Countryman Visiting in City Had No Fear of Being Harmed by "Thrashing Machine."

An elderly countryman stood on a Broadway curb with more fear in his heart than he had ever experienced in his home county and more than his son had experienced in Argonne forest. To him the crossing of that crowded street was truly the "great adventure."

In the middle of it were two lines of trucks, up and down which hurried great "tanks" of street cars—juggernauts, seemingly intended for the sole purpose of crushing his aged limbs should he venture into their path.

On either side of them were endless lines of chugging trucks, with an occasional horse-drawn vehicle, and dodging in and about were touring cars and autos of all kinds.

Now and then the sharp whistle of a traffic policeman would spell safety to the acrobatic and initiated, who dashed across the street, skillfully dodging traffic, which turned the corner in a way no one but an old New Yorker can understand, and even he cannot explain.

Finally there rumbled down the street a steam roller used in asphalt pavement work, belching clouds of smoke but attracting no attention. The old countryman was electrified. Resolutely he deserted his shore of safety and plunged across the street in its very path.

"Huh," he grunted as he reached the other side. "That's one thing I ain't afraid of. They used to scare horses when I was a kid; used to make a man out of the thrashing crew walk ahead of them. I know they won't hurt you, but I don't know what these other things will do. Never expected to see a thrashing engine here, but you never can tell. New York's a great city, all right."—New York Evening Sun.

## DEALT LENIENTLY WITH HIM

Consumer's Action, of Course, Was Treasonable, But Caliph Proved a Kindly Man.

"What is the charge against this man?" asked the caliph, with a sympathetic gleam in his benevolent eye.

"Your honor," said the attendant, "it appears that he attempted to start a private drive of his own for his family."

"A private drive! Why, this is treasonable. Who is he?"

"He is just a consumer, your honor; just a private citizen, a man who apparently belongs to the middle class, at the head of a large family. Upon being questioned, he told the inspector, with a loud and unseemly laugh, that for many moons he had been asked to contribute to everything—all kinds of reliefs, governments, etc., and with all this burden he was forced to pay 25 cents a pound for sugar, \$60 a month for a cook, \$100 for a suit, and other things in proportion. And so, your honor, with a mad laugh, he started a private drive of his own, announcing that if anybody in America needed relief, it was he."

The caliph shook his head sadly, for he was not an unkind man.

"Poor wretch," he said. "Do not confine him too rigorously. Feed him on nourishing things, keep his feet warm, and try to nurse his reason back. It is evident that the situation in which he has found his beloved country has unhinged his mind."—Rehoboth Sunday Herald.

## Aged Aviation Devotee.

France's younger generation has been encouraged to use air locomotion by an old lady of eighty-three, says a Paris correspondent of the London Times. She is Mme. Hemery, a charwoman, who lives in the country, where airplanes pass every day. It was in 1878 when she first left the ground, when she tasted the delights of ballooning, and, seeing, as she did, the new airbird daily above her, she could not resist trying the new sensation. Thus one day she had saved sufficient money from her meager earnings and took a trip in the air. She did this without the knowledge of her many grandchildren, who were completely shocked when the news reached them. She is in no way perturbed and is determined as soon as funds allow to try looping the loop.

## And Dew Drops.

Struck by the notice "Iron sinks" in a hardware shop window, a wag went inside and said that he was perfectly aware of the fact that "iron sank."

Alive to the occasion, the smart shopkeeper retorted: "Yes, and time flies, but wine vaults, sulphur springs, jam rolls, grass slopes, music stands, Niagara falls, moonlight walks and holiday trips, scandal spreads, standard weights, India rubber tires, the organ stops, trade returns, and—"

But the visitor had bolted. After collecting his thoughts he returned, and showing his head at the doorway, shouted: "Yes, I know, and marble busts!"—Science and Invention Magazine.

## Trust Controls Chinese Dye.

That the manufacture of the red dye used by the Chinese to color firecrackers for export to America is controlled by a native "trust" with headquarters in Hongkong is the intelligence brought to this country by a Filipino now studying at the New York State College of Forestry, says Popular Mechanics Magazine. The dye is used also in making the florid seals with which the Chinese certify their more important documents.

## HAPPINESS FOUND IN WORK

Testimony of Chauncey Depew Is Indorsed by Another Prominent American Veteran.

What is the secret of usefulness above sixty? Let me quote my friend Chauncey Depew, who says: "I look back over sixty years of continuous effort and when I try to differentiate the causes of my health and happiness I always come back to work. I never yet knew an idle man who was a happy man." It is his reply to those who think the millennium will come when nobody will have to work more than two hours in twenty-four. On his seventy-ninth birthday he said: "With each recurrence of these anniversaries I am more impressed with the permanence of friendship." That is the impression of all who have moved into the later years. We may not see our friends daily but the knowledge that they are in the flesh and in the spirit is a wonderful help and satisfaction. In the currency of friendship giving is getting. Here is a young man of eighty-six who voted for John C. Fremont, who dined with Gladstone, who took part in every Republican presidential convention and campaign since the party began, who believes every year that comes is the best, who has worked all his life, and who has found his happiness in work. The man's creed is this: "The Christian faith of my mother is good enough for me." What could be better?—Gen. Felix Agnus.

## REPORTS GAME IN PROFUSION

According to Englishman, East Africa Is a Paradise for the Hunters of Wild Animals.

That part of East Africa which is traversed by the Uganda railway has long been noted as a big-game country, but few stay-at-home Britons realize how plentiful the wild animals are there. A government official, whose work has taken him into one of the game preserves, writes as follows in the London Post from a camp pitched only four miles from the railway and within twenty miles of Nairobi:

"As I sit writing in my tent I can see through the door at least four thousand head of game feeding on the plains. There is one group not four hundred yards away. They consist of wildebeest, hartebeest, Grant's gazelle, Thomson's gazelle, impals, ostriches, waterbuck, eland and hundreds of zebra. I have never seen anything like it in any other part of Africa, and, as you know, I know something of the game districts of southern Rhodesia, the Belgian Congo, the Tanganyika territory and the Portuguese territory near the Ruyuma."

## Effective Trespass Sign.

There is one thing the week-end outers from a city are afraid of. That is poison ivy and poison oak. They may figure out a way to circumvent the bulldog which the sign tells one to "beware of," and they do not always heed threats of legal action mentioned on signs. But they have wholesome respect for poison vegetation. It means pain and loss of time from work or pleasures. When a rancher of California came to the point of despair in regard to keeping trespassers from his thickets, and tired of removing litter and repairing fences and trees he resorted to a plan that proved to be effective in almost a hundred per cent of cases. He placed at the several points of entrance to his property signs that read: "Danger! Poison Oak! Keep Out!" This did the work better than threats or watch dogs; for the vacationers could not know just when they might stumble on to the source of irritating trouble.

## Y. W. C. A. Abroad.

Fifteen more young women sailed for Europe during September and October under the direction of the Y. W. C. A. to carry on in several countries work that has grown out of the war activities of the association. Social work for girls and women is enlarging constantly in many countries, and new leaders are being recruited to meet the demands. They fill positions as executives, cafeteria directors, physical training teachers, industrial girls' workers, club leaders and recreation leaders. The fifteen who have sailed most recently are going to the near East, Roumania, Italy, Belgium, France and Russia. Others have left for China, Japan and India.

## Monument Guards Dangerous Road.

As Los Angeles boulevard comes to an end at the edge of a high embankment over a park lake, incautious motorists have gone over several times, but with fortunate results. To guard against a repetition of such accidents a monument to the memory of Gen. Harrison G. Otis, distinguished as a soldier and journalist, which will completely block the end of the road, has been erected, says Popular Mechanics Magazine. The group is composed of a life-sized figure of Gen. Otis; at his left is the figure of a soldier, while at the right of the central figure is a newsboy crying his wares.

## An After-War Bride.

A returned soldier and his sweet heart called on a judge to marry them, and, apparently satisfied with his work, he said to Vic: "Salute the bride." For an instant the groom was flustered. Then he took two steps to the rear, came to a distinct halt, clicked his heels together, and gave Mrs. Vic one of the "doughboys' finest." "Oh, well, I guess that will have to do," sighed the judge as he signed the license.—Argonaut.

## SAL-MO ROOFINGS

When roofing with SAL-MO SHINGLES or ROLL ROOFINGS there is a decided satisfaction in knowing that they receive the unreserved indorsement of architects, contractors, and builders, who discriminate. No structure is too pretentious nor too simple when these goods are concerned.

Roof Valge is more than good looks, more than complete weather protection, more even than long life. It is the combination of all these roofing virtues in a single product at a reasonable price.

When you buy your roofing, don't buy a price, either low or high. Buy value. SAL-MO ROOFINGS deliver real roof value.

—The Episcopal Boys' Club and the Girls' Club of the Church of the Messiah are to give a contest social on New Year's Eve at the Parish House, 109 Paradise road, next Sunday.

—The dancing party to be held in Odd Fellows' hall, West Newton, on the night of January 7, under the auspices of the Auburndale Wanderers. Arrangements have been made for some novelties to make life interesting for those who attend and nothing will be spared to make everyone happy. Allen Riggs is chairman of the committee in charge of the dance.

—The Christmas Party for the Sunday School of the Church of the Messiah was held on Christmas eve, and was a very delightful occasion. After evening prayer, offerings were made for the needy children in the East, and then all went into the Parish Hall. A charming little missionary play was given by Miss Edith Patchett's class, when the children were dressed in costumes to represent different countries where missionary work is being done, Africa, Hindu, Japanese, etc. Miss Patchett represented the Spirit of Missions. After the play Santa Claus appeared with his sleigh bells, and the tree was lighted. Santa shook hands with everyone and gave them presents, and then refreshments of ice cream and wafers were served by members of the choir. The play used was one which is issued by the Christian Nurture Series for Sunday School work, and was thoroughly enjoyed both by actors and audience.

—Miss Isabella Twombly died last Saturday at the Newton Hospital in her 75th year. She was born in Willsburg, Mass., and had lived in Newton about 30 years. Her father was a Methodist minister at one time pastor of the Methodist Church at Newton Lower Falls. Services were held at the home of her brother, Rev. William L. D. Twombly of Omar terrace on Monday. Three clergymen officiated, Rev. A. J. Straight of the Methodist Church, Lower Falls, of which church she was a member, Rev. Charles R. Ross of the Methodist Church, Newtonville, and the Rev. George W. Jones of the Methodist Church, Newton Highlands. The burial was at Mt. Auburn.

—The Episcopal Boys' Club and the Girls' Club of the Church of the Messiah are to give a contest social on New Year's Eve at the Parish House, 109 Paradise road, next Sunday.

—The dancing party to be held in Odd Fellows' hall, West Newton, on the night of January 7, under the auspices of the Auburndale Wanderers. Arrangements have been made for some novelties to make life interesting for those who attend and nothing will be spared to make everyone happy. Allen Riggs is chairman of the committee in charge of the dance.

—The Christmas Party for the Sunday School of the Church of the Messiah was held on Christmas eve, and was a very delightful occasion. After evening prayer, offerings were made for the needy children in the East, and then all went into the Parish Hall. A charming little missionary play was given by Miss Edith Patchett's class, when the children were dressed in costumes to represent different countries where missionary work is being done, Africa, Hindu, Japanese, etc. Miss Patchett represented the Spirit of Missions. After the play Santa Claus appeared with his sleigh bells, and the tree was lighted. Santa shook hands with everyone and gave them presents, and then refreshments of ice cream and wafers were served by members of the choir. The play used was one which is issued by the Christian Nurture Series for Sunday School work, and was thoroughly enjoyed both by actors and audience.

## COPIES METHODS OF AMERICA

New Zealand Will Use Gold Dredge Long in Successful Operation Throughout Alaska.

An example of the far-reaching activities of American industry is to be found in a gold dredge that has been designed and constructed in this country for the purpose of operating in New Zealand gold fields. This dredge, says the Electrical Review, is built by a New York company and is along the type of dredge constructed for operations in Alaskan fields. Power for dredging, pumping and shifting position is furnished by electric motors, while twelve men working four to a shift constitute the crew.

The general method of dredging is as follows: The digging ladder carrying the buckets is lowered and dirt is scooped up. This dirt is dropped on the conveyor belt and is carried to the stacker and deposited. The pay dirt that remains is further washed on gold tables or laundries, and then passed to a gold box, where the gold is recovered. Remaining deposits in this gold box are treated about once a week with mercury, so that all the gold is obtained either in nugget or in the form of an amalgam.

## PROPER TIME TO ADVERTISE

Fact Should Be Recognized That Period of Slackness Demands Increase of Publicity.

The best time to advertise and to use every other means of bringing in orders is when orders are most needed. Yet quite a few people, including some very large concerns, are canceling their advertising and cutting down other selling expenses at the very time they want orders more than they have needed them in several years. Any old concern could sell its product while the boom was roaring along like a prairie fire and people were spending money with thoughtless abandon. A change has come. It is beginning to take salesmanship to sell many lines of goods. Yet many concerns are dismissing their best salesmen, the super-salesmen, advertising. Not all are, however. Those longest and best acquainted with advertising and its power are not dropping it now that they have increased need for it. Recent converts to advertising should take a leaf out of their older and wiser competitors' notebooks.—Forbes Magazine (N. Y.).

**German Taxicabs a Torment.**  
Present-day German taxicabs were not primarily designed to stimulate the liver; but after hitting a few rough spots one is left with a distinct impression that they exist solely to shake up the internal organs, writes Kenneth L. Roberts in the Saturday Evening Post.

As for their meters, they can be read properly only with the assistance of a slide rule and a table of logarithms. Each meter possesses seven clocks—one for the passenger, one for extra passengers, one for luggage, one for waiting, one for the luxury tax, one for the tax on capital and one for good luck. All the clocks work busily all the time—even the one for waiting.

This is probably because the passenger, due to the hard times, is either waiting to bounce up or to fall back after a bump during the entire ride. After determining the amount registered by each clock at the end of a ride, these sums are added together and multiplied by four.

## Monastery Sells Famous Painting.

An investigation conducted by the civil governor of Toledo, Spain, regarding the reported sale of the painting of St. Veronica, the work of Theocopuli, by the clerical authorities of Santo Domingo monastery, confirms that the picture was disposed of with the consent of the government and the religious authorities in August. The monastery offered to sell the work to the Spanish government, but it did not possess sufficient funds to purchase it, and thereupon the painting passed into the hands of a Madrid dealer. There is considerable agitation in art circles over the sale of the painting, and reports are in circulation that there have been sales of other art treasures by the monastery of Santo Domingo.

## Ordered Hen's Eggs by a Pigeon.

An order for twenty cases of Petaluma eggs was delivered to San Francisco from Redding by a carrier pigeon owned by a merchant in the bay city, and soon after the note was delivered the San Francisco firm telephoned the order to its local manager. The pigeon flew from Redding to San Francisco in four hours, and at noon the eggs were on their way from Petaluma to Redding.—San Francisco Chronicle.

## Freezing Fruits Proves Successful.

The United States Department of Agriculture has recently conducted experiments for preserving fruits by freezing instead of canning. The experiments are said to have proved that not only is it cheaper to freeze fruit in larger quantities than it is to can it, but it is more palatable and far superior to canned fruit for sherbets, preserves and jellies.

## Helps Wireless Operator.

By means of a new apparatus which rings alarm bells by radio, a wireless operator is now free to eat or sleep in peace, for the new device eliminates the possibility of losing distress signals or important messages while the receiver is removed from his ear.

## WOMEN'S CLUBS

GRACE M. POOLE, Editor.

The New Year is always looked forward to with earnest hope for the realization of cherished ideals, as a time when one may erase failure and disappointment from the slate and start out afresh. Many there are who would gladly wipe out the memories of the past two years. Nineteen-eighteen at its close found the world rejoicing, as probably it never before rejoiced, that war was ended and universal peace well-nigh in sight. With high hopes was the New Year of 1919 ushered in. What has followed is too well known to need reviewing here. From the crest of the wave we have sunk and sunk until today we seem riding the trough, and the pessimist might well say, we can never weather the storm. Not so the optimist—"The man who goes home at night and makes lemonade from the lemons handed him during the day"—he looks out over the sea and above the waves, and catches the glimmer of a great light, faint, perhaps, on the horizon, but shining true and clear to guide him from out his choppy sea to the steady swell of the flood tide which shall bring calm after the storm. And what is the great light, do you ask? The light of conscience implanted by the Pilgrim ancestors, the light of courage, the light of faith and the spirit of service engendered within the hearts of people everywhere, lying dormant it may be at times, but bound to blossom forth, as surely as does the winter wheat lying buried under the winter storms. And so with courage and faith and ardent hope we would, with Browning, "greet the unseen with a cheer."

## State Federation

Tuesday, January 4. Art and Music conference for Second district at Dorchester, by invitation of the Dorchester Woman's Club, in the club house on Centre street. Morning session at 10.15. Three minute reports and questions from each club in the district. Twenty minutes of community singing and ten minutes for an illustrated talk on Art work in clubs. Box luncheon at 12.30. At two o'clock Mr. Elbridge Newton will speak on "How Music Talks to Us" with piano illustrations by Miss Helen Leavitt. At three, talk on "Interior Decoration" with illustrations in color and arrangement by Mrs. Elsie Chamberlain. Art Exhibit in the parlors of the club house.

## Local Announcements

Mrs. F. E. Jones of Chestnut street, West Newton, opens her home for the monthly meeting of the Newton Mothers' Club on Monday, January 3. Mrs. Butler Ellison will speak on "The Place of Colored Women in the Community." Mrs. J. Edgar Park, Mrs. Henry D. Lloyd, Mrs. Clifton F. Leath-ber, together with Mrs. Jones, are the hostesses for the afternoon.

The Newton Upper Falls Woman's Club will have a Japanese Flower lecture with interpretative dances for its program at the meeting next Monday evening in Emerson school hall. Mrs. Annie Pepper Varney is the speaker.

At the meeting of the Waban Woman's Club on Monday, January 3, Dallas Lore Sharp will speak on "The Magical Chance." Mrs. Lewis Alden Estes will play a piano solo. Tea will be served.

The next meeting of the Current Events class will be held at Mrs. White's on Beacon street, Tuesday, January 4th.

Tuesday, January 4, at 2.30 P. M. the Woman's Club of Newton Highlands will meet in the Congregational Church parlors. Under the auspices of the Education committee Dallas Lore Sharp will speak on "Education for Authority." Immediately following the club meeting the Home Economics committee will hold a food sale.

Rev. Abraham M. Ribbany of Boston will be the speaker at the meeting of the Newtonville Woman's Club on Tuesday, January 4, and his subject, "Wise Men from the East and Wise Men from the West." Mr. Ribbany's contributions to The Atlantic Monthly have attracted wide attention and have been read with delight. Born in Syria, he came to this country about thirty years ago, landing in New York, as he tells in "His Far Journey," with ten cents in his pocket. "Having experienced many vicissitudes in life, he is now the minister of the Church of the Disciples, one of Boston's leading churches. No one is better fitted to interpret the East to the West nor to be a critic of the West than he who knows intimately the civilization of both hemispheres.

The Newton Social Science Club will hold its regular monthly business meeting on Wednesday morning at the Hunnewell Club.

The Newton Ladies' Home Circle enjoyed their Annual Christmas Festivities at their last meeting on Dec. 16th, with a good number present; tea was served, music added charm, and a social hour followed. Some of the "shut ins" were remembered with beautiful cards. The next meeting will be held in the usual place on Thursday, Jan. 6th, at 2 P. M.

The work of the classes of the Newton Community Club opens next week. That art, led by Mrs. Cyrus Dallin, will meet on six successive Wednesday afternoons at 2.30 in the library of the Hunnewell Club. The subject of the first talk will be "Art and the Pilgrims." Membership is limited to thirty-five.

A Business Course will be conducted by Miss Margaret Harris Aubin on Thursday mornings at 10.30 in the same place. On January 6, the subject will be "A Banking Account." A membership of fifteen is necessary for this course.

On Thursday afternoon at three o'clock, Mrs. Grace M. Poole will give the monthly talk upon Current events. This is open to all club members. Full

information regarding the classes can be secured from Mrs. Philip S. Jamieson, 21 Marlboro street, Newton.

Tickets of admission for members for Guest Night, January 27, have already been mailed to each one. Tickets for guests will be on sale at the Current Events lecture and at the regular meeting on January 13, or they may be obtained from the Treasurer, Miss Emma E. Walker.

## Local Happenings

Owing to illness as well as the bad storm the Christian Era Study Club decided to omit entirely the meeting scheduled for Monday of this week.

At the meeting of the Auburndale Review Club on Tuesday morning the subject of Poetry was presented by Miss Margaret Haskell and Miss Jessie MacMillan. Miss Haskell took up the American poets from 1870 down to the present day, paying special attention to Imogene Guiney, who has recently died and was a personal friend of Miss Haskell. Miss MacMillan discussed those of the present day.

An unusually interesting feature of the morning were the songs in costume by two young lady students at Lasell, natives of Yucatan. In addition to their beautiful costumes, they showed specimens of native embroidery and other curios.

Mrs. Grace M. Poole in her talk before the Newtonville Woman's Club on Tuesday after touching upon various current topics discussed particularly the League of Nations and the results of the meetings at Geneva.

## COMMONWEALTH COUNTRY CLUB

Mrs. Payson T. Lowell and Mrs. William Reed of Newton Highlands will be the hostesses at the Progressive Auction Bridge party to be given at the Commonwealth Country Club, Wednesday afternoon, January 5th, in aid of the Fatherless Children of France.

On Monday evening, December 27, the Party Club, under the direction of Miss Bertha Whitney of Newtonville, gave a dance at the clubhouse. Despite the stormy night, over a hundred were present. The matrons were Mrs. Frank Mason, Mrs. Albert Lyon, and Mrs. A. B. Forbes.

On Monday afternoon, the lecture was on Events of the Day and Mrs. J. W. Ferguson Kennedy talked upon the reactionary elections of Italy, Greece, and Spain and their cause. The Balkan Question, the Near East were touched upon in this connection. Many reservations are being made for New Year's Eve, and a party is promised that looks as if it would tax the capacity even of the clubhouse.

Mrs. Thomas F. Dolan, formerly of Sargent street, Newton, is giving a dinner dance to a party of fifty young people on Wednesday evening, January 5th.

## DEATH OF EVANGELIST

Mr. John Gill, who for the past 25 years has been a frequent preacher on Boston Common on Sundays, died last Monday at the home of his daughter, Mrs. George M. Angier on Pine Ridge road, Waban.

Mr. Gill was born in Scotland, Feb. 4, 1835, and when 25 years of age came to America. Before that event, he was converted and took up religious work. Joining the Northeast Coast Mission. A little later he took up outdoor preaching. On his arrival in America he settled first in Newton and then in Boston, and for some years has made his home with his daughter. Besides Mrs. Angier he is survived by one other daughter, Mrs. David L. Munro also of Waban and one son Mr. George A. Gill of Somerville.

Funeral services were held Wednesday afternoon at the Newton Cemetery Chapel.

A memorial meeting of his friends was also held Wednesday evening at Willard Hall, Roxbury.

## DEATH OF MRS. KISTLER

Mrs. Ann E. Kistler, widow of Charles E. Kistler, died at her home on Beacon street, Newton Centre, Monday.

Mrs. Kistler had lived 27 years in Newton and was a member of the First Church. She leaves a son, Mr. Andrew M. Kistler of North Carolina, and two daughters, Mrs. John H. Lesh and Mrs. A. Leslie Harwood, Jr., both of Newton Centre.

Services were held at her late residence on Wednesday, the Rev. Edward M. Noyes officiating, and the burial was at Stroudsburg, Pennsylvania.

## WHERE AARON BURR COURTED

Hermitage, Famous Colonial Mansion, is Now Made Use of by Producers of Films.

The Hermitage, a famous mansion of colonial days, in which Aaron Burr courted and married Theodosia Prevost in 1782, has been drawn into the irresistible current of the picture stage. It stands on the Paramus road, south of Tuxedo, and is the home of the granddaughter of the physician who years ago purchased it from the Prevost estate. As it stood in 1782 it stands today, filled with rare relics of colonial times.

A passerby on the highway recently was halted suddenly because of the commotion going on in the doorway of the old stone house. Men and women actors were in abundance everywhere. A huge rug had been hung on a rope leading from the mansion to an ice house, to shut off the too-brilliant sun. Over the top of a wall there came a realistic shower from a hidden garden hose. A dainty maiden, sheltered by an umbrella, dashed through the pelting rain with urgent haste and found refuge in an open doorway of the Hermitage. The film people were busy enacting an old colonial picture.

## HERMIT HAS STRANGE HOBBY

Has Devoted Many Years to Carving Figures Out of the Rocks on Island Home.

The little island of Rothenuff, off the coast of France, has for its sole inhabitant an eccentric hermit who for many years has devoted much of his time to carving humanlike figures out of the rocks which slope down to the sea.

There are hundreds of them—mostly lying on their backs, as if starting up at the sky, but some in a seated posture and a few standing erect.

The effect is described by the Popular Science Monthly as weird and unearthly, the figures looking like petrified men. They are understood to represent biblical characters. Along the top of the wall in front of the hermit's dwelling are a number of heads, likewise carved out of stone.

The hermitage is on the summit of the rocks, overlooking the carven shore and the sea. People who live on the nearby mainland call the place the "island of ghosts."

The hermit keeps his sculptures swept clear of sand. They seem to have for him a religious significance. —Philadelphia Ledger.

## Independence.

True independence is one of the best assets of character. It raises life to higher standards. It makes a man conscious of his mission and increases his self-respect. There is no need of it making a man overbearing or snobbish. In fact, the opposite is more likely to be true. True independence helps a fellow to recognize and respect the worth-while in others. Instead of being a leaver it helps a man to become a prop for some fellow who can be made strong by the right influence.

True independence teaches a man to be one of the group whose greatest joy is to make others better. The petty man is afraid someone will get more praise than he does and so he quietly suggests something to injure the other fellow. Big fellows are above such smallness. They stand out in rich contrast because they live for what they can put into life rather than for what they can get out of it. They are independent of petty schemes and find their joy in contributing to the world's uplift.—Exchange.

## Touching, But Timely.

As this Column was walking down Calvert street the other morning, feeling this earth is all piffle when life's but a snuffle, and effort is only to sneeze, sneeze, sneeze, its eagle eye filled with the sole kind of moisture allowed by law, and its classic countenance wishing it could secure an absolute divorce without publicity from its Roman nose, it met a man well known in local business and in federal circles. He glanced sympathetically at this Column's dilapidated frontispiece and hoarsely whispered in passing, "Have you heard the latest title for a popular song? It is 'Will You Meet Me in Hay Fever Time, My Dainty Ada Noids?'"—Baltimore American.

## The Voice of Ignorance.

Senator Sheppard of Texas, author of the eighteenth amendment, said in Dallas the other day:

"Only the old world, which knows nothing about it, attacks prohibition. The old world is like the woman who wrote to the school teacher:

"I don't want that Mamie should ingage in grammar, as I prefer her ingage in yuceful studies, and can learn her how to speak and write proper myself. I have went through two good grammars, and I can't say as they done me no good. I prefer her ingage in French and hand painting and vocal music on the piano."

## To Revive Frozen House Plants.

If a house plant happens to get frozen during the winter, it should be removed immediately to a cool, dark room and drenched with cold water. The supposition that a plant should be revived with warm water and heated air is wrong, as the treatment must be gradual.

## Profit and Loss.

"Is there any real economy of time in so-called daylight saving?"

"I dunno," answered the man who was setting his watch. "Sometimes I think you lose a lot of time guessing what time it is."

## GLOBE THEATRE—William Moore

Patch offers a melodic pageant of youth, with more laughs, song hits and pretty girls than any musical show in years. "It's Up To You," which opens at the Globe Theatre, Boston, on Monday, January 3rd. It is not typical. Far from it. This fact probably accounts in a measure, at least, for its extreme popularity. It is a marvel of stage craft constructed upon original lines. But the play is not limited to the background; it appears with equal weight in the superb chorus of singers, the nimble dancers and clever principals who furnish the action. And the action is swift, the situations ludicrous, the dialogue luminous with wit, the interpretation admirable. Few musical comedies have been more royally produced. "Lavish" is the best word to describe the costumes, stage mountings and effects. The cast is headed by such stars as Joseph Stanley, Ivy Sawyer, and Douglass Leavitt.
